LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	BUREAU OF PATIENTS ACCOUNTS						
2	Analysis						
3	The \$56,285 increase in salaries and wages represents \$10,684 increased cost of authorized positions, \$2,345 increase in salary savings,						
4	and \$47,946 for 12 new positions in the central office as follows:						
5	One assistant manager, Bureau of Patients Accounts, to meet the need of planning and also to provide necessary direct super-						
6	vision to the internal staff.						
7	One additional agent I in the insurance and federal agency unit to prepare, present, and prosecute before the various federal						
8	agencies denied cases, which by proper application of rules, regulations, and procedures warrant approval.						
9	One agent I in the legal section to meet the increased work load.						
10	One additional agent I in the review section to augment the review program to handle the load of 25,000 cases per year.						
11	One additional agent I in the analysis and adjustment unit to meet a work load which increases proportionately with increased						
12	admissions and collections.						
13	One bookkeeping machine operator I in the accounts receivable section to meet the increased work load of cash payments 22						
14	percent and charges established 24 percent.						
15	One intermediate stenographer-clerk to furnish clerical assistance to assistant manager.						
16	Three intermediate typist-clerks, one in the insurance and federal agency unit and two in the analysis and adjustment unit						
17	as complements to the new agent I positions.						
18	One intermediate file clerk in the filing section and one intermediate office appliance operator in the mail and supply section to						
19	meet increased work load of the bureau.						
20	Operating expenses show an increase of \$12,188 due primarily to increases in office, printing, telephone, postage, and traveling related						
21	to increased work load and new positions and an increase in rent to allow for the move into new quarters during 1956-57.						
22	The \$14,413 for equipment is composed of \$815 for replacement and \$13,598 for additional equipment related primarily to new posi-						
23	tions.

57	GENERAL ANALYSIS				
58					
59	Number of positions -----	76.6	82.1	90.8	8.7
60					
61	As administrator of National Mental Health Act funds for California, the Department of Mental Hygiene is responsible for the allocation of such funds to other state and local agencies and seeing that required standards of service are met and maintained.				
62	The following schedules indicate the number of hours spent by professional employees in interviews with patients, (on either a individual or a group basis), and in preventive services to communities during the Fiscal Years 1954-55, 1955-56 (estimated and 1956-57 (projected)). The hours spent by patients in individual and group therapy are also shown. Of the professional time allocated to all services, 83 percent was directed toward treatment of clinic outpatients and 17 percent toward preventive work in the community in the year 1954-55. It is estimated that these percentages will amount to 83 percent and 17 percent respectively, in 1955-56 and 85 percent and 15 percent respectively in 1956-57.				
63	The chief factors responsible for the variation in cost per service hour from clinic to clinic are: (1) the duration of normal occurring vacancies (e.g. in areas remote from metropolitan centers, recruiting is more difficult); (2) the proportion between children and adults in the case load of patients (e.g. a child's case takes two to three times more staff time than does a adult case); (3) the ratio between group psychotherapy and individual psychotherapy offered in a given clinic (e.g. 10 hours of professional staff time may produce 100 patient-hours in group therapy but only 10 patient-hours in individual treatment interviews); (4) other extraneous factors.				
64	In conjunction with the rendering of these services, the Berkeley Clinic conducts an extensive training program for social workers, psychologists, and psychiatrists.

Analysis

The \$65,780 increase in salaries and wages represents \$52,674 for nine new positions comprising a full psychiatric team to meet the increased work load at the Los Angeles Clinic, \$20,537 increased cost of authorized positions, and \$7,431 increase in salary savings.

Operating expenses show a net decrease of \$1,069 due primarily to the reduction of federal contract money in the amount of \$12,292 and the increase of telephone and office in the Los Angeles Clinic to meet needs of new positions, plus an increase in rent related to moving to new quarters for the Berkeley Clinic.

The \$18,778 for equipment is composed of \$9,675 for replacement and \$9,103 for additional equipment. Equipment for new positions, therapy, and medical books are the significant additional items.

32	Outpatient (per interview)-----	13.56	15.11	15.87	0.76
33					(5%)
34					
35	Analysis				
36					
37	Total expenditures for support in 1956-57 amount to \$1,174,299, an increase of \$56,236, of which \$17,400 in maintenance has				
38	been shown under minor capital outlay in previous budgets. This is a net increase of 3.5 percent over 1955-56.				
39	The \$30,480 increase in salaries and wages represents \$3,138 for one new intermediate stenographer-clerk in administration to				
40	meet work load, \$29,288 increased cost of authorized positions, and \$1,946 increase in salary savings.				
41	Operating expenses show a net increase of \$20,220 due primarily to increase of medical supplies and the transfer of \$17,400 from				
42	minor capital outlay to maintenance of structures.				
43	The \$26,231 for equipment is composed of \$17,826 for replacement, 7.3 percent of equipment investment on June 30, 1955, and				
44	\$8,405 for additional equipment. X-ray equipment, a card catalog, and books for the medical library are the significant				
45	additional items.				
46					
47	^a Composed of savings in salaries and wages, \$14,330; operating expenses, \$19,309; equipment, \$2,306; and excess reimbursement				
48	\$273.				
49	^b Represents average count Monday through Friday and excludes week-end visits.				
50	^c Represents total number of interviews by the professional staff.				
51	^d Costs have been allocated between inpatient and outpatient departments on the basis of estimated time distribution of all employees				
52	and a proportioned allocation of other expenses.

GENERAL ANALYSIS

Number of positions----- 1.8 7.8 17.8 10

The Neuropsychiatric Institute at Los Angeles is to be built as a portion of the Medical School of the University of California at Los Angeles and is to operate in conjunction with the school similarly to the method of operating the Langley Porter Clinic. The 10 additional positions are to augment the current staff to carry on a limited teaching research and training program and in connection therewith to operate an outpatient clinic. This unit will be housed in temporary quarters assigned by the University of California, pending the construction of the permanent facility. The unit is required for the reason that the medical school is in full operation and training must be provided for the medical students in psychiatry.

There is no basic change in operating expenses, and the \$5,438 for equipment is related to the new positions.

Average population----- 4,474 4,341 4,266 —75
 Per capita cost----- \$1,200 \$1,420 \$1,532 \$112
 (7.9%)

Analysis

The increase is due primarily to:

- Proposed new positions, 14, totaling \$37,752 (summarized below).
- Decrease in salary savings, \$109,581, due primarily to fuller employment in authorized positions and resulting in 41 additional man-years of service.
- Increase in cost of authorized positions, \$87,811, for full-year employment and salary adjustments.
- Operating expense increase, \$102,081, due primarily to increase of new drugs allowance (\$15,523), transfer of heretofore minor capital outlay projects to maintenance of structures (\$101,900), and reduced feeding and clothing for population and price changes (—\$15,342).
- Equipment increase of \$6,927. The requested total of \$81,457 for equipment is composed of \$56,177 for replacement and \$25,280 for additional of which a truck, dictaphones, steel shelving, floor polishers, cabinets, and books for medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

- 1 Dental assistant—To provide full-time assistance for each dentist.
- 3 Psychiatric technician—Patient group leaders for a "preindustrial" therapy program at this hospital to enable patients to be integrated at an earlier date into a work program with therapeutic benefits.
- 10 Psychiatric technician trainee—The number of additional positions which together with 17 presently authorized positions will provide 27 ward staffing positions for a proposed 3 percent improvement in nursing service. The 17 presently authorized positions become available for an improvement in service as a result of population changes and certain ward reclassifications for patient care.

^a Composed of savings in salaries and wages, \$21,340; operating expenses, \$78,540; equipment, \$3,661; and loss in reimbursements, \$6,431.

^b Composed of savings in operating expenses, \$3,210; and loss in reimbursements, \$1,660.

GENERAL ANALYSIS

Number of positions	274.2	361.4	415.9	54.5
POPULATION AND UNIT COSTS				
Average population	693	1,181	1,200	19
Per capita cost	\$1,971	\$1,698	\$1,851	\$153 (9%)

Analysis

The increase is due primarily to:

Proposed new positions, 32.1, totaling \$124,131 (summarized below).

Decrease in salary savings, \$66,806, due primarily to fuller employment in authorized positions and resulting in 22.4 additional man years of service.

Increase in cost of authorized positions, \$48,782, for full-year employment and salary adjustments.

Operating expense decrease, —\$32,264, due primarily to net feeding costs being reduced (—\$39,500), local production becoming effective, less the increase of new drugs allowance (\$5,350).

Equipment decrease of —\$21,476. The requested total of \$15,410 for equipment is composed of \$1,200 for replacement and \$14,210 for additional of which a tractor, equipment for new positions, and feeder pigs are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

4 Physician and surgeon II—To provide for a moderate improvement in service.

20 Psychiatric technician trainee—The additional ward staffing positions proposed for improvement in the nursing service, 13 of which result from increased staffing because of certain ward reclassifications for patient care and seven for a proposed 3 percent improvement in nursing service throughout the hospital.

1 Clinical laboratory technician—To meet the increased work load.

1 Recreation therapist—To provide for a moderate improvement in service.

0.1 X-ray technician—To provide vacation and holiday relief in order that the X-ray service may be provided without interruption.

1 Refrigeration engineman—To maintain the large amount of refrigeration and ventilation type equipment at hospital.

1 Baker I—To provide sufficient help to operate on a 9- to 10-hour basis, six days a week.

1 Assistant institution dairyman

1 Hog ranch operator

1 Vegetable gardener

To meet the farming operations need.

1 Intermediate typist-clerk—To meet the work load of the new professional positions.

GENERAL ANALYSIS

Number of positions 1,590.3 1,594.6 1,745.9 151.3

POPULATION AND UNIT COSTS

Average population 6,938 6,945 7,042 97
Per capita cost \$1,091 \$1,234 \$1,323 \$89 (7.2%)

Analysis

The increase is due primarily to:

Proposed new positions, 105, totaling \$304,542 (summarized below).

Decrease in salary savings, \$101,071, due primarily to fuller employment in authorized positions and resulting in 46.3 additional man-years of service.

Increase in cost of authorized positions, \$175,385, for full-year employment and salary adjustments.

Operating expense increase, \$153,643, due primarily to increase in feeding, clothing, housekeeping, and medical supplies for population increase and price change (\$30,243), increase of new drugs allowance (\$25,391), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$98,000).

Equipment decrease of —\$29,578. The requested total of \$92,917 for equipment is composed of \$65,675 for replacement and \$27,242 for additional, of which a pick-up truck, sedan, X-ray film changer, equipment for new positions, central dictating, and books for the medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

1 Service and supply supervisor—Additional administrative assistance in the service and supply activities at this large institution.

1 Food service supervisor I—For supervision in the new third division dining rooms.

1 Assistant medical administrator—At this large institution (7,000 patients) to assist in administrating the extensive medical program.

1 Physician and surgeon II—To provide for a moderate improvement in service.

2 Dental assistant—To provide full-time assistance for each dentist.

1 Clinical laboratory technician—To provide for a moderate improvement in service.

1 Laboratory helper—To provide for the increased pharmaceutical work load due to the large population at this institution and to replace patient help in the pharmacy.

1 Recreation therapist—To provide for a moderate improvement in service.

2 Elementary teacher—For increased work load in the juvenile unit at this institution.

93 Psychiatric technician trainee—The additional ward staffing positions proposed for improvement in the nursing service, 50 of which result from increased staffing because of certain ward reclassifications for patient care and 43 for a proposed 3 percent improvement in nursing service throughout the hospital.

1 Building maintenance man—For proper maintenance because of increased physical plant facilities (juvenile unit).

(5) Institution fire fighter—Part-time firemen for minimum stand-by crews for existing and recently constructed new buildings.

^a Composed of savings in salaries and wages, \$16,247; operating expenses, \$85,492; equipment, \$1,405; and loss in reimbursements, \$5,907.^b Composed of savings in operating expenses, \$65,985; and loss in reimbursements, \$2,146.

27	Per capita cost-----	\$1,277	\$1,366	\$1,397	\$31
28					(2.3%)

Analysis

The increase is due primarily to:

Proposed new positions, 5.4, totaling \$24,781 (summarized below).

Increase in salary savings, —\$30,863.

Increase in cost of authorized positions, \$58,916, for full-year employment and salary adjustments.

Operating expense increase, \$83,848, due primarily to increase in new drugs allowance (\$7,497), and the transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$77,500).

Equipment increase of \$4,740. The requested total of \$77,460 for equipment is composed of \$54,321 for replacement and \$23,139 for additional of which an ambulance, refrigerators, electric griddles, lockers, and books for the medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

2 Psychiatric technician trainee—The number of additional positions which together with 14 presently authorized positions will provide 16 ward staffing positions for a proposed 3 percent improvement in nursing service. The 14 present authorized positions become available for an improvement in service as a result of certain ward reclassifications for patient care.

1 Physician and surgeon II—To provide for a moderate improvement in service.

0.3 Chiropracist—To provide for a moderate improvement in service from part time to full time.

0.1 X-ray technician—To provide vacation and holiday relief in order that the X-ray service may be provided without interruption.

1 Dental assistant—To provide full-time assistance for each dentist.

1 Industrial therapist—To provide for a moderate improvement in service.

^a Composed of savings in salaries and wages, \$11,102; operating expenses, \$84,774; equipment, \$6,781; and loss in reimbursements, \$1,764.^b Composed of savings in operating expenses, \$15,123; and loss in reimbursements, \$1,566.

GENERAL ANALYSIS

Number of positions----- 626.3 664.7 731.3 66

POPULATION AND UNIT COSTS

Average population----- 2,375 2,530 2,796 266
Per capita cost----- \$1,386 \$1,418 \$1,448 \$30
(2.1%)

Analysis

The increase is due primarily to:

- Proposed new positions, 14.5, totaling \$61,172 (summarized below).
- Decrease in salary savings, \$170,804, due primarily to fuller employment in authorized positions and resulting in 53.1 additional man-years of service.
- Increase in cost of authorized positions, \$55,211, for full-year employment and salary adjustments.
- Operating expense increase, \$128,495, due primarily to increases in feeding, clothing, housekeeping, nursing and medical supplies to meet increased population, increase in new drugs allowance (\$8,478), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$52,600), less (-\$19,000) from discontinuance of poultry farm.
- Equipment increase of \$20,134. The requested total of \$73,690 for equipment is composed of \$56,177 for replacement and \$17,513 for additional of which a sedan, three pick-up trucks, milk dispensers, and books for the medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

3 Food service assistant—To staff congregate dining rooms of receiving and treatment building.

1 Laundryman

2 Laundry helper

2 Laundress

1 Surgical nurse—To provide for increased work load at the receiving and treatment building.

2 Physician and surgeon II—To provide for a moderate improvement in service.

0.4 Chiropodist—To provide for a moderate improvement in service from part time to full time.

0.1 X-ray technician—To provide vacation and holiday relief in order that the X-ray service may be provided without interruption.

1 Refrigeration engineman—To maintain the large amount of refrigeration and ventilation-type equipment at hospital.

1 Automotive equipment operator—For increased work load and to eliminate the use of other personnel for automotive operation.

1 Intermediate typist-clerk—To meet the work load of the new professional positions.

(-) Psychiatric technician trainee—Seventeen presently authorized positions become available for an improvement in service as a result of certain ward reclassifications for patient care. These 17 presently authorized positions will provide 17 work staffing positions for a proposed 3 percent improvement in nursing service.

(-) Clinical laboratory technician—One presently authorized position becomes available for a moderate improvement in service as a result of applying the existing yardstick to the proposed work load.

^a Composed of savings in salaries and wages, \$59,712; operating expenses, \$25,244; equipment, \$5,119; and loss in reimbursement, \$3,880.

^b Composed of savings in salaries and wages, \$27,819; and operating expenses, \$40,970.

4	SUPPORT				
5	Budget Act appropriation-----	\$3,273,837	\$3,261,083	\$4,182,147	
6	Allocations from Salary Increase Fund-----	-	128,568	-	
7	Transfers from other mental hospitals-----	19,480	22,123	-	
8	Total Available-----	\$3,293,317	\$3,411,774	\$4,182,147	
9	Unexpended balance, estimated savings-----	-62,744 ^a	-	-	
10	TOTALS, SUPPORT-----	\$3,230,573	\$3,411,774	\$4,182,147	\$770,373
11	Contributions to State Employees' Retirement Fund-----	193,594	218,607	275,156	56,549
12	TOTAL EXPENDITURES FOR SUPPORT-----	\$3,424,167	\$3,630,381	\$4,457,303	\$826,922
13	OTHER CURRENT EXPENSES				(22.8%)
14	Replacement of Fire Loss:				
15	Allocations from Emergency Fund-----	\$10,507	-	-	
16	Unexpended balance, estimated savings-----	-262	-	-	
17	TOTAL EXPENDITURES, OTHER CURRENT EXPENSES-----	\$10,245	-	-	
18	TOTAL EXPENDITURES-----	\$3,434,412	\$3,630,381	\$4,457,303	\$826,922
19					(22.8%)
20	GENERAL ANALYSIS				
21	Number of positions-----	664.2	644.4	836.6	192.2
22	POPULATION AND UNIT COSTS				
23	Average population-----	2,205	2,181	2,393	212
24	Per capita cost-----	\$1,553	\$1,665	\$1,863	\$198
25					(11.9%)
26	Analysis				
27	The increase is due primarily to:				
28	Proposed new positions, 201.5, totaling \$656,895 (summarized below).				
29	Increase in salary savings, —\$53,181.				
30	Increase in cost of authorized positions, \$51,777, for full-year employment and salary adjustments.				
31	Operating expense increase, \$139,073, due primarily to increases in telephone, feeding, clothing, housekeeping, electricity, gas				
32	and medical supplies to meet increased population, increase in new drugs allowance (\$10,409), and transfer of certain here				
33	tofore minor capital outlay projects to maintenance of structures (\$58,160).				
34	Equipment decrease of —\$20,411. The requested total of \$57,307 for equipment is composed of \$30,130 for replacement and				
35	\$27,177 for additional of which equipment for new positions, chairs, two pickup trucks, and books for the medical library				
36	are the significant items.				
37	Proposed New Positions (For summary by department-wide program, see page 528.):				
38	11 Food service assistant—To staff dining rooms for the receiving and treatment building.				
39	3 Janitor—For the receiving and treatment building and administration building.				
40	1 Laundress } For increased work load due to activation of the receiving and treatment building.				
41	2 Laundry helper }				
42	24 Senior psychiatric nurse } Of the 166 proposed new positions, 147 of them, together with 35 presently authorized				
43	64 Psychiatric nurse } positions will provide 182 ward staffing positions for the new receiving and treatment				
44	78 Psychiatric technician trainee } building. The 35 presently authorized positions become available for staffing the new				
45	166 } building as a result of certain ward reclassifications for patient care. The additional 11				
46	4 Physician and surgeon II—To provide for a moderate improvement in service.				
47	1 Clinical psychologist II—To provide for a moderate improvement in service.				
48	0.5 Chiropracist—To provide for a moderate improvement in service from part time to full time.				
49	1 Neuropathology technician—To staff the receiving and treatment unit.				
50	1 Surgical nurse—To meet increased work load due to the receiving and treatment building.				
51	1 X-ray technician—For the receiving and treatment building.				
52	1 Industrial therapist—To provide for a moderate improvement in service.				
53	1 Supervising psychiatric social worker I—To meet the increased work load and maintain current level of service.				
54	1 Intermediate typist-clerk—To meet the work load of the new professional positions.				
55	1 Intermediate typist-clerk—For clerical duties in the X-ray department of the new receiving and treatment building.				
56	1 Intermediate account clerk—To meet the work load in the personnel and pay roll sections.				
57	2 Telephone operator, nonmultiple board—To provide coverage of new two-position switchboard required because of expanding				
58	facilities.				
59	1 Building maintenance man } For the new receiving and treatment building.				
60	1 Stationary engineer }				
61	1 Refrigeration engineer—To maintain the large amount of refrigeration and ventilation-type equipment at hospital.				
62	^a Composed of savings in salaries and wages, \$4,574; operating expenses, \$55,826; equipment, \$11,878; and loss in reimbursements,				
63	\$9,534.

Per capita cost-----	\$1,295	\$1,407	\$1,394	-\$13
				(-0.9%)

Analysis

The increase is due primarily to:

Proposed new positions, 6.1, totaling \$36,633 (summarized below).

Increase in salary savings, -\$22,052.

Increase in cost of authorized positions, \$44,598, for full-year employment and salary adjustments.

Operating expense increase, \$76,895, due primarily to increases in feeding, clothing, housekeeping and medical supplies to meet increased population, increase in new drugs allowance (\$8,185), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$33,600).

Equipment decrease of -\$19,070. The requested total of \$40,592 for equipment is composed of \$26,901 for replacement and \$13,691 for additional of which television sets and books for the medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

2 Physician and surgeon II--To provide for a moderate improvement in service.

1 Dental assistant--To provide full-time assistance for each dentist.

0.1 X-ray technician--To provide vacation and holiday relief in order that the X-ray service may be provided without interruption.

1 Occupational therapist I--To provide for a moderate improvement in service.

1 Industrial therapist--To provide for a moderate improvement in service.

1 Locksmith--To meet the work load of lock repair and replacement.

(-) Psychiatric technician trainee--Twenty-one presently authorized positions become available for an improvement in service as a result of certain ward reclassifications for patient care. These 21 presently authorized positions will provide 21 ward staffing positions for a proposed 3 percent improvement in nursing service.

Department of Mental Hygiene

NAPA STATE HOSPITAL

hospital for mental patients, located at Imola, Napa County.

LINE	EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57	CHANGE FROM 1955-56
1	SUMMARY AND				
2	RECONCILIATION WITH APPROPRIATIONS				
3	General Fund				
4	SUPPORT				
5	Budget Act appropriation	\$6,058,083	\$6,432,870	\$7,491,004	
6	Allocations from Salary Increase Fund	—	205,456	—	
7	Transfers to other mental hospitals	—31,378	—	—	
8	Transfers from other mental hospitals	62,073	—	—	
9	Total Available	\$6,088,778	\$6,638,326	\$7,491,004	
10	Unexpended balance, estimated savings	—141,564 a	—22,959 b	—	
11	TOTALS, SUPPORT	\$5,947,214	\$6,615,367	\$7,491,004	\$875,637
12	Contributions to State Employees' Retirement Fund	340,082	410,706	472,998	62,292
13	TOTAL EXPENDITURES FOR SUPPORT	\$6,287,296	\$7,026,073	\$7,964,002	\$937,929 (13.3%)
14	GENERAL ANALYSIS				
15	Number of positions	1,231.7	1,324.8	1,521.2	196.4
16	POPULATION AND UNIT COSTS				
17	Average population	5,279	5,260	5,481	221
18	Per capita cost	\$1,191	\$1,336	\$1,453	\$117 (8.8%)
19	Analysis				
20	The increase is due primarily to:				
21	Proposed new positions, 166, totaling \$521,340 (summarized below).				
22	Decrease in salary savings, \$54,808, due primarily to fuller employment in authorized positions and resulting in 30.4 additional man-years of service.				
23	Increase in cost of authorized positions, \$121,676, for full-year employment and salary adjustments.				
24	Operating expense increase, \$185,503, due primarily to increases in travel, feeding, clothing, housekeeping, nursing, electricity, gas and medical supplies to meet increased population, increase in new drugs allowance (\$20,762), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$72,360).				
25	Equipment decrease of —\$4,990. The requested \$58,487 for equipment is composed of \$31,611 for replacement and \$26,876 for additional of which equipment for new positions, dictating equipment, floor polishers, chairs, a pick-up truck, electric mixer and books for the medical library, are the significant items.				
26	Proposed New Positions (For summary by department-wide program, see page 528.):				
27	1 Institution food administrator I—To provide therapeutic diet supervision of the new tuberculosis unit.				
28	2 Cook—For food preparation needs for the new tuberculosis unit.				
29	15 Food service assistant—To staff dining rooms in the new tuberculosis unit.				
30	1 Janitor foreman II } For cleaning the new tuberculosis unit.				
31	12 Janitor }				
32	7 Senior psychiatric nurse } Of the 116 proposed new positions, 95 of them, together with 21 presently authorized positions will provide 116 ward staffing positions for the new tuberculosis unit. The 21 presently authorized positions become available for staffing the new building as a result of certain ward reclassifications for patient care. The additional 21 new positions are for a proposed 3 percent improvement in nursing service throughout the hospital.				
33	19 Psychiatric nurse }				
34	90 Psychiatric technician trainee }				
35	116 }				
36	7 Physician and surgeon II—To provide for a moderate improvement in service.				
37	1 Dental assistant—To provide full-time assistance for each dentist.				
38	4 Clinical laboratory technician—One additional position for the enlarged tuberculosis unit. One position to provide for an overall moderate improvement in service, and two positions to meet the increased work load.				
39	1 Neuropathology technician—To staff the receiving and treatment unit.				
40	1 Recreation therapist—To provide for a moderate improvement in service.				
41	1 Occupational therapist—To provide for a moderate improvement in service.				
42	1 Senior psychiatric social worker—To meet the increased work load.				
43	1 Intermediate typist-clerk—To meet the work load of the new professional positions.				
44	1 Building maintenance man } For the new tuberculosis building.				
45	1 Stationary engineer }				
46	a Composed of savings in salaries and wages, \$13,108; operating expenses, \$108,747; equipment, \$5,044; and excess reimbursements, \$14,665.				
47	b Composed of savings in operating expenses, \$21,246; and excess reimbursements, \$1,713.

GENERAL ANALYSIS

Number of positions	1,110.2	1,220	1,288.4	68.4
Population and Unit Costs:				
Average population	4,372	4,427	4,390	-37
Per capita cost	\$1,289	\$1,452	\$1,568	\$116
				(8%)

Analysis

The increase is due primarily to:

- Proposed new positions, 14, totaling \$42,036 (summarized below).
- Decrease in salary savings, \$156,925, due primarily to fuller employment in authorized positions and resulting in 55.1 additional man years of service.
- Increase in cost of authorized positions, \$120,756, for full-year employment and salary adjustments.
- Operating expense increase, \$93,609, due primarily to increase in new drugs allowance (\$16,650), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$82,800), and reduced feeding, clothing and medical supplies for population and price changes.
- Equipment increase of \$10,181. The requested total of \$87,749 for equipment is composed of \$44,650 for replacement and \$43,099 for additional of which dictating equipment, furniture for wards, two pickup trucks, an ambulance, mechanical can washer, vegetable washing machine and books for the medical library, are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

- 10 Food service assistant—To staff congregate dining rooms of receiving and treatment building.
- 1 Dental assistant—To provide full-time assistance for each dentist.
- 2 Clinical laboratory technician—To staff the tuberculosis unit.
- 1 Stationary fireman—To provide full coverage for operation of the boiler plant.
- (-) Psychiatric technician trainee—Forty-five presently authorized positions become available for an improvement in service as a result of population changes and certain ward reclassifications for patient care. These 45 presently authorized positions will provide 45 ward staffing positions for a proposed 3 percent improvement in nursing service.

13	TOTAL EXPENDITURES FOR SUPPORT-----	\$6,158,255	\$6,891,089	\$7,401,546	\$510,457 (7.4%)

GENERAL ANALYSIS

Number of positions-----	1,194.4	1,309.4	1,375.8	66.4
POPULATION AND UNIT COSTS				
Average population-----	4,468	4,729	4,979	250
Per capita cost-----	\$1,378	\$1,457	\$1,487	\$30 (2.1%)

Analysis

The increase is due primarily to:

Proposed new positions, 49, totaling \$176,376 (summarized below).

Decrease in salary savings, \$7,394, due primarily to fuller employment in authorized positions and resulting in 17.5 additional man years of service.

Increase in cost of authorized positions, \$123,635, for full-year employment and salary adjustments.

Operating expense increase, \$161,930, due primarily to increases in feeding, clothing, housekeeping, nursing, and medical supplies to meet increased population, change of cremation policy, increase in new drugs allowance (\$17,447), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$84,870).

Equipment increase, \$3,582. The requested total of \$81,879 for equipment is composed of \$49,816 for replacement and \$32,063 for additional of which equipment for new positions, a food mixer, steam table, land plane for farming, two pick-up trucks and books for the medical library, are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

8 Food service assistant—To staff cottage 12's three congregate dining rooms.

30 Psychiatric technician trainee—The number of additional positions which together with four presently authorized positions will provide 34 ward staffing positions for a proposed 3 percent improvement in nursing service. The four presently authorized positions become available for an improvement in service as a result of certain ward reclassifications for patient care.

5 Physician and surgeon II—To provide for a moderate improvement in service.

1 Clinical psychologist II—To provide for a moderate improvement in service.

1 Pharmacist—For the work load of servicing the hospital, the receiving and treatment unit and relief.

1 Dental assistant—To provide full-time assistance for each dentist.

1 Neuropathology technician—To staff the receiving and treatment unit.

1 Clinical laboratory technician—To meet the increased work load.

1 Intermediate typist-clerk—To meet the work load of the new professional positions.

GENERAL ANALYSIS

Number of positions----- - - 59.4 59.4

Analysis

The budget for Fairview State Hospital is based on opening the hospital, with a capacity of 990 beds, July, 1957, and receiving patients starting September, 1957.

Positions are proposed to be established on a staggered basis from July, 1956, due to the need of having various programs of the hospital equipped and functioning when patients are received and to care for the physical plant, of which many units are now completed.

The complement of employees for administration, support and subsistence, care and welfare, and maintenance and operation of plant is in accordance with that of other hospitals and approved standards.

28					(22.1%)
29					
30					
31	GENERAL ANALYSIS				
32	Number of positions-----	717.8	870.3	1,149.9	279.6
33					
34	POPULATION AND UNIT COSTS				
35	Average population-----	2,229	2,666	3,079	413
36	Per capita cost-----	\$1,597	\$1,667	\$1,762	\$95
37					(5.7%)
38	Analysis				
39					
40	The increase is due primarily to:				
41	Proposed new positions, 259.1, totaling \$596,307 (summarized below).				
42	Decrease in salary savings, \$67,615, due primarily to fuller employment in authorized positions and resulting in 25.5 additional				
43	man years of service.				
44	Increase in cost of authorized positions, \$55,567, for full-year employment and salary adjustments.				
45	Operating expense increase, \$170,448, due primarily to increases in feeding, clothing, housekeeping, laundry, nursing and				
46	medical supplies to meet increased population, increase of fuel oil, electricity, and telephone exchange for new buildings,				
47	increase in new drugs allowance (\$8,037), and transfer of certain heretofore minor capital outlay projects to maintenance				
48	of structures (\$32,200), less a special drug allowance for the current year and the closing of the farming operation.				
49	Equipment increase of \$30,678. The requested total of \$94,786 for equipment is composed of \$61,383 for replacement and \$33,-				
50	403 for additional of which equipment for new positions, dictating equipment, metal lockers, laundry baskets, dental equip-				
51	ment and books for the medical library are the significant items.				
52					
53	Proposed New Positions (For summary by department-wide program, see page 528.):				
54	1 Food service assistant—To staff dining rooms for the new hospital annex.				
55	1 Assistant seamstress—For increased work load in the mending room, resulting from population increase.				
56	3 Janitor—For maintenance of new hospital annex.				
57	1 Laundry helper—For increased work load from the new hospital annex.				
58	5 Supervising psychiatric technician—For full-time coverage of an additional nursing area required by the completion				
59	of 10 new wards in the current year.				
60	11 Senior psychiatric nurse				
61	34 Psychiatric nurse				
62	165 Psychiatric technician trainee				
63					
64	210				
65	1 Surgical nurse—For increased work load at the new 302-bed hospital annex.				
66	3 Physician and surgeon II—One position to meet increased work load resulting from the population increase and two				
67	positions to provide for a moderate improvement in service.				
68	2 Clinical psychologist II—To provide for a moderate improvement in service.				
69	1 Senior dentist—To meet the increased work load resulting from the population increase.				
70	1 Dental assistant—To provide full-time assistance for each dentist.				
71	4 Clinical laboratory technician—Three positions to establish a diarrheal and other enteric disease control unit and one				
72	position to provide for a moderate improvement in service.				
73	0.1 X-ray technician—To provide vacation and holiday relief in order that the X-ray service may be provided without				
74	interruption.				
75	1 Recreation therapist—To provide for a moderate improvement in service.				
76	1 Industrial therapist—To provide for a moderate improvement in service.				
77	3 Senior psychiatric social worker—To meet the increased work load.				
78	1 Intermediate account clerk—To meet the work load in the personnel and pay roll sections.				
79	1 Carpenter				
80	1 Painter				
81	1 Building maintenance man				
82					
83	a Composed of savings in salaries and wages, \$160,524; operating expenses, \$108,389; equipment, \$10,181; and excess reimbursements,				
84	\$1,790.				
	b Composed of savings in operating expenses, \$71,169; and loss in reimbursements, \$1,706.

GENERAL ANALYSIS					
13	Number of positions	547	795.4	909.1	113.7
14	POPULATION AND UNIT COSTS				
15	Average population	1,409	2,039	2,522	483
16	Per capita cost	\$1,688	\$1,754	\$1,738	-\$16 (-0.9%)

Analysis

The increase is due primarily to:

Proposed new positions, 68.6, totaling \$201,147 (summarized below).

Decrease in salary savings, \$106,294, due primarily to fuller employment in authorized positions and resulting in 45.1 additional man-years of service.

Increase in cost of authorized positions, \$289,082, for full-year employment and salary adjustments.

Operating expense increase, \$155,845, due primarily to increases in feeding, clothing, housekeeping, laundry, nursing and medical supplies to meet increased population, increase in new drugs allowance (\$6,616), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$16,200).

Equipment increase of \$3,068. The requested total of \$21,071 is composed of \$4,959 for replacement and \$16,112 for additional of which equipment for new positions, dictating equipment, an automobile, pickup truck and books for the medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

54 Psychiatric technician trainee—The additional ward staffing positions proposed for improvement in the nursing service, 32 of which result from increased staffing because of certain ward reclassifications for patient care and 22 for a proposed 3 percent improvement in nursing service throughout the hospital.

5 Supervising psychiatric technician—For full-time coverage of an additional nursing area required by the completion of 38 wards.

1 Clinical psychologist II—To provide for a moderate improvement in service.

1 Dental assistant—To provide full-time assistance for each dentist.

2 Clinical laboratory technician—The number of additional positions which together with one presently authorized position required to establish a diarrheal and other enteric disease control unit. The one presently authorized position becomes available for this unit as a result of applying the existing yardstick to the proposed work load.

0.1 X-ray technician—To provide vacation and holiday relief in order that the X-ray service may be provided without interruption.

0.5 Chiropodist—To provide for a moderate improvement in service from part time to full time.

1 Physical therapist II—To provide an additional position for the full operation of the program.

3 Elementary teachers } To provide a teacher to student ratio of approximately 1 to 11 on a comparable basis

1 Student professional assistant } with Pacific and Sonoma State Hospitals.

a Composed of savings in salaries and wages, \$8,282; operating expenses, \$61,133; equipment, \$4,604; and excess reimbursements, \$1,443.

b Composed of savings in operating expenses, \$22,261; equipment, \$1,260; and loss in reimbursements, \$1,575.

Per capita cost-----	\$1,807	\$1,806	\$1,829	\$23
				(12.7%)

Analysis

The increase is due primarily to:

- Proposed new positions, 15, totaling \$48,156 (summarized below).
- Decrease in salary savings, \$76,248, due primarily to fuller employment in authorized positions and resulting in 26 additional man years of service.
- Increase in cost of authorized positions, \$121,012, for full-year employment and salary adjustments.
- Operating expense increase, \$118,671, due primarily to increases in feeding, clothing, housekeeping and medical supplies to meet increased population, increase in new drugs allowance (\$8,043), and transfer of certain heretofore minor capital outlay projects to maintenance of structures (\$67,200).
- Equipment increase of \$10,494. The requested total of \$65,219 for equipment is composed of \$33,040 for replacement and \$32,179 for additional of which food conveyor inserts, two dental units, portable bleachers, a pickup truck and books for the medical library are the significant items.

Proposed New Positions (For summary by department-wide program, see page 528.):

- 5 Psychiatric technician trainee—The number of additional positions which together with 24 presently authorized positions will provide 29 ward staffing positions for a proposed 3 percent improvement in nursing service. The 24 presently authorized positions become available for an improvement in service as a result of certain ward reclassifications for patient care.
- 1 Clinical psychologist II—To provide for a moderate improvement in service.
- 1 Dental assistant—To provide full-time assistance for each dentist.
- 2 Clinical laboratory technician—The number of additional positions which together with one presently authorized position required to establish a diarrheal and other enteric disease control unit. One additional presently authorized position for a moderate improvement in service. The two presently authorized positions become available for the control unit and improvement in service as a result of applying the existing yardstick to the proposed work load.
- 4 Food service assistant—To staff congregate dining rooms of receiving and treatment building.
- 1 Janitor—For the receiving and treatment building.
- 1 Stationary engineer—For the receiving and treatment building.

^a Composed of savings in salaries and wages, \$59,868; operating expenses, \$120,078; equipment, \$1,781; and loss in reimbursements, \$7,054.

^b Composed of savings in operating expenses, \$69,920; and loss in reimbursements, \$9,513.

GENERAL ANALYSIS

Number of positions	2.7	5	7	2
Pursuant to Chapter 18, Division 9 of the Business and Professions Code, the Alcoholic Rehabilitation Commission " * * * shall investigate, study, and engage in all phases of the treatment and rehabilitation of alcoholics, and shall investigate and study other factors necessary to the reduction and prevention of chronic alcoholism and other excessive uses of alcohol and shall submit its first report to the Governor and the Legislature prior to March 1, 1957, and shall submit a final report with recommendations to the Governor and the Legislature prior to March 1, 1959. The commission shall cease to exist on June 30, 1959."				
The commission plans to organize and establish a comprehensive balanced program which will encompass at least the following:				
(a) The actual treatment and rehabilitation of alcoholics.				
(b) Research into the causes and effects of alcoholism, and the treatment of alcoholics.				
(c) Public information on the subject of alcoholism.				
The increase of \$326,678 for 1956-57 over 1955-56 is composed of \$20,148 in salaries and wages, \$305,213 in operating expenses, and \$1,317 in equipment and employees' retirement.				
The \$20,148 increase in salaries and wages is due primarily to the following proposed positions:				
Information officer I: To administer the public information function; plan, develop, and coordinate information and education material; prepare publications, reports, and articles; determine the extent of public understanding of alcoholism; and identify specific public informational needs.				
Intermediate stenographer-clerk: To provide the clerical services for the information officer.				
Additional staff (\$10,000): To provide funds for strengthening staff either by reclassification or short-term employment.				
The \$305,213 addition in operating expenses is due primarily to increased basic medical research of \$25,000, causation research of \$50,000, partial cost of clinics at \$213,308, and the public information function.

MILITARY DEPARTMENT

The Military Department includes: the California National Guard, to help guarantee internal security of the State and provide an organization prepared in an emergency to become a part of the active federal military forces; the California National Guard Reserve, to provide for defense and security of California while the California National Guard is in active federal service; and the California Cadet Corps to provide military training for high school, junior college, and college students.

26					
27	Provision is made to project the program at the current year level with adjustments due to work load changes, changes in installation and an increase in the California National Guard Reserve due to specific authorization for the states to establish and maintain reserve forces by federal legislation. The changes in installation status include a move to new office quarters in Sacramento and the completion of six armories during the 1956-57 Fiscal Year.

1	HEADQUARTERS STAFF						
2							
3							
4	The Headquarters Staff contains the following organizational entities: Executive; Army Division—Personnel, Operations and Train-						
5	ing, Armory Management and Operations, and Armory Construction and Repair; Air Division—Personnel and Administrative,						
6	Operations and Training, and Installations; Comptroller; Logistics; Information and Recruiting; Policy and Liaison; and Ad-						
7	ministration. This staff administers the affairs of the California National Guard, California National Guard Reserve, and provides						
8	services for the California Cadet Corps.						
9							
10	Analysis						
11							
12	The operations of the headquarters staff are continued at the existing level. Provision has been made for expenses in connection with						
13	moving the headquarters office to new quarters during the 1956-57 Fiscal Year.						
14

51	MAINTENANCE AND OPERATION OF INSTALLATIONS—ARMY						
52	This function provides for the maintenance and operation of state-owned and leased armories and ground installations licensed from the Federal Government.						
53	Analysis						
54	The increase is due to reflecting a full year's operation of new armories completed during the 1955-56 Fiscal Year and to the anticipated completion of six armories during the 1956-57 Fiscal Year.

2	MAINTENANCE AND OPERATION OF						
3	INSTALLATIONS—AIR						
4							
5	This function provides for the maintenance and operation of California Air National Guard bases and aircraft control and warning						
6	facilities.						
7							
8	Analysis						
9							
10	Two new laborer positions are proposed due to additional work load at Ontario and Hayward. Other increases are due to the re-						
11	flection of a full year's operation of the new facility at Santa Ana.						
12	The additional costs for operation and maintenance of air bases are proportionally offset by increased reimbursements from the Fed-						
13	eral Government.						
14

1	CALIFORNIA NATIONAL GUARD RESERVE								
2									
3									
4	The California National Guard Reserve is maintained on a cadre basis to provide a nucleus of trained personnel from which to build								
5	the state military force when the California National Guard is called to federal duty.								
6									
7	Analysis								
8									
9	The increase in costs and three new positions are due to a proposed reorganization which will result in a more effective program. The								
10	organization will continue on a cadre basis and will consist of fully organized headquarters and headquarters detachment units								
11	at brigade, group and battalion level. The remainder of the structure will be maintained in manpower pools.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	CALIFORNIA CADET CORPS						
2	The California Cadet Corps provides a military training program for high schools and junior colleges not in the R. O. T. C. program.						
3	Periodic inspections of each school are made by supervisors from the Adjutant General's Office. Equipment, including uniforms						
4	and rifles, is furnished by the State. Leadership schools, rifle matches, and a field training encampment are provided each year.						
5	Analysis						
6	The program is continued without change in level of service. The increase is based on participation by 146 schools with 9,601 cadets.						
7	The two additional positions are based on the inclusion of 16 new schools in the program.						
8	SALARIES AND WAGES

DEPARTMENT OF MOTOR VEHICLES

Registers and licenses motor vehicles and maintains registration records, tests and licenses operators of motor vehicles, licenses driving schools, administers the provisions of the Financial Responsibility Law, which relate to vehicle accidents; and collects the "in lieu" tax on motor vehicles.

The Motor Vehicle Fund finances the major portion of the activities of the department.

The Motor Vehicle License Fee Fund finances that portion of the activities connected with the collection of the "in lieu" tax.

The General Fund finances the information service to the Aid to Needy Children Program.

LINE	EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57	CHANGE FROM 1955-56
1	GENERAL ANALYSIS				
2					
3					
4	Number of positions-----	2,993.9	3,175.7	3,390.5	214.8
5					
6	Provision is made for continuation of same level of service with no basic change or expansion of program. Additional positions are				
7	recommended in the operating divisions to meet anticipated work load. Provision has been made in field office operations for the				
8	establishment of seven additional branch offices in areas where work load or population concentrations require such facilities.				
9					
10					
11	SUPPORT EXPENDITURES	NO. OF POSITIONS			
12	DETAIL	54-55	55-56	56-57	
13		(Filled)	(Auth.)	(Auth.)	
14		ACTUAL	ESTIMATED	PROPOSED	
15		1954-55	1955-56	1956-57	
16					
17	DIVISION OF ADMINISTRATION				
18	This function includes the office of the director, general administration, fiscal, personnel, service, supply and building maintenance,				
19	procedures and analyses, traffic safety education sections, and the newly created reciprocity commission.				
20	Analysis				
21					
22	One position is proposed to act as administrative counselor to the director and to the division chiefs of the Department of Motor				
23	Vehicles in legal matters and interpretation of laws enforced by the department and other laws related to the department's work.				
24	A stenographer position is proposed to provide stenographic assistance.				
25	Two junior accountant-auditor I and three junior-intermediate clerk positions are provided to meet anticipated increased work load				
26	in the accounting function.				
27	Other increases in this function are based on increased work load, primarily attributable to increased activity in the operating divisions.				
28	The following positions were established during the current year:				
29	One business service officer I position to handle leases for all field offices.				
30	One secretary—Reciprocity Commission position for the newly created California Reciprocity Commission under Chapter				
31	1002, Statutes of 1955.

44	DIVISION OF REGISTRATION							
45								
46	This function provides for the registration of all motor vehicles, and for the processing of all transactions related to such registration.							
47								
48	Analysis							
49								
50	Provision is made for an additional 31 positions plus temporary help to meet the anticipated increases in work load brought about							
51	by the estimated increase in registrations and related transactions.							
52	An additional 20 investigator positions are proposed to meet the increase in brief service due to the provisions of Chapters 1347 and							
53	1963, Statutes of 1955.							
54	An additional three investigator positions to handle the checking of nonregistered house trailers.							
55	A decrease of 16 permanent positions and 6.9 temporary help in mechanical processing due to improved methods of processing.							
56	The following positions were established during the current year:							
57	Twenty-three additional positions plus temporary help for general operations function to meet additional work load caused							
58	by the unexpected increase in registrations.							
59	Forty clerical positions were established in lieu of temporary help.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57			
		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)						
1	DIVISION OF DRIVERS LICENSES									
2	General Operations									
3										
4	This function provides for the licensing of drivers including: testing of applicants, issuance of licenses, and suspensions and revocations of licenses under the drivers' improvement program.									
5										
6	Analysis									
7										
8	Increases in this function are due primarily to the following:									
9	1. An additional 11 positions for general operations to meet increased work load.									
10	2. An additional 12 positions for general operations to provide additional services in connection with the new program under Chapter 1347, Statutes of 1955, which require drivers to file proof of ability to respond to damages in order to establish eligibility for reinstatement of driving privilege.									
11	3. An additional six positions for general operations to provide information to private file searchers.									
12	4. Provision for additional three file clerk positions for the Los Angeles Driver Improvement section to take care of the increased work load in both the individual numeric case file records and the alphabetical index files.									
13	5. An additional 16 positions for the driver improvement function to cope with increased work load.									
14	Fifteen positions were established during the current year in lieu of temporary help.									
15

DIVISION OF FIELD OFFICE OPERATIONS						
This function includes the operation of branch offices and performs the following services: Register motor vehicles, issues drivers licenses, furnishes information regarding the Financial Responsibility Law, and regulates automobile driving schools and driving instructors under Sections 445 to 445.5, inclusive, of the Motor Vehicle Code.						
Analysis						
Increases in this function are due primarily to the following:						
1. One assistant division chief and two clerical positions for general administration function to meet increasing administrative work load in both Sacramento and Los Angeles.						
2. An additional 79.7 positions for existing branch offices to meet anticipated increased work load.						
3. An additional 19.1 positions to staff new branch offices in seven locations as follows: North—Livermore, Garberville, and Sacramento (Town and Country); South—Newport Beach, Redlands, Santa Paula, and Victorville.						
4. An additional eight positions for the expanded application of the coding and inspection procedure which will reduce correspondence in connection with errors on registration transactions and should result in economies in the future.						
5. Operating expenses and equipment related to above additional positions.						
An additional 51.4 positions plus temporary help were authorized during the current year to meet the increase in work load due to the unexpected increase in registrations.

GENERAL ANALYSIS

42					
43					
44					
45	Number of positions-----	800.3	827.1	854.1	27
46					
47	Thirty-five additional positions are provided as follows:				
48	Five warden captains and 25 wardens are added to improve the supervision of the warden force and increase the effectiveness of				
49	wildlife protection. The positions are to augment the existing staff state-wide.				
50	Two fisheries manager II positions are being provided to investigate water right applications to determine the effect of the appli-				
51	cations upon fish and wild life to assure adequate water reservations for conservation purposes. One position is for the Sac-				
52	ramento office and one is for the Fresno office. The number of water right applications has increased so greatly that the				
53	work cannot be done by existing personnel.				
54	One fisheries manager II position is being provided in the Sacramento office to conduct stream investigations to determine the				
55	need for fish screens and ladders, to negotiate for installation of the units, and to assist in the maintenance of those units				
56	installed.				
57	Two fish hatchery assistant positions are proposed to complete the staffing of the Nimbus Hatchery. The positions are required				
58	for 24-hour staffing as personnel housing is not available at the facility. The cost of the positions is fully reimbursed by				
59	the Federal Government.				
60	The budget provides for extension of two clerical positions added during the current year by revision of fish and game seasonal				
61	aid time. One position is located at the Terminal Island installation to provide stenographic assistance for the Marine Fish-				
62	eries branch. The other is for the Region V (Los Angeles) Headquarters function.				
63	Major changes in operating expense are the provision of \$40,000 for a safety maintenance program upon recommendation of the				
64	Division of Industrial Safety. In addition \$4,000 is provided for purchase of game birds in Region V as part of a new program				
65	proposed by the Fish and Game Commission.				
66	The 1955-56 Fiscal Year Budget reflects a reversion of \$36,170 from the equipment category. This money was set aside upon decision				
67	to provide for state-wide conversion of the radio network of the Department of Fish and Game. The initial conversion in 1955-56				
68	was in Southern California (Region V). The expenditure program will be reflected in the capital outlay budget.

70							
71	STAFF OPERATIONS						
72	Analysis						
73							
74	Staff operations provide the technical guidance and services for the department as a whole. No change in the current program is proposed. However, numerous fish hatcheries and game farms have received citations from the Division of Industrial Safety for noncompliance with Industrial Safety Orders. To correct these discrepancies a special safety maintenance item is included for \$40,000.

11	MARINE FISHERIES						
12	Analysis						
13	Marine Fisheries conducts research on fish life in the Pacific Ocean and compiles statistics on the commercial fishing industry. No change in the current program is proposed. An additional junior stenographer-clerk position was provided in the current year by a conversion of seasonal aid time to provide clerical assistance at the Terminal Island office. Extension of this position is proposed in the budget year.

14	REGION II—HEADQUARTERS						
15	Analysis						
16	One fisheries manager II is proposed for stream investigation to determine the need for fish screens and ladders, negotiate for instal-						
17	lation, and maintain those installed. Sufficient personnel are not now available to do the required work.						
18	One fisheries manager II is proposed to investigate the effect of water right applications on fish and wildlife to assure adequate						
19	future water reservations for their preservation. The number of water right applications has increased so greatly that the work						
20	cannot be done by existing personnel.						
21	Two additional positions are proposed to complete staffing of the new Nimbus Hatchery. The Federal Government pays the full						
22	cost of operation of this hatchery.						
23	In order to improve the supervision of the warden force and increase the effectiveness of wildlife protection, addition of one warden						
24	captain and three wardens is proposed.						
25	Headquarters at Sacramento

Analysis						
One fisheries manager II is proposed to investigate the effect of water right applications on fish and wildlife to assure adequate future water reservations for their preservation. The number of water right applications has increased so greatly that the work cannot be done by existing personnel.						
In order to improve the supervision of the warden force and increase the effectiveness of wildlife protection, addition of one warden captain and six wardens is proposed.

72	Analysis						
73							
74	In order to improve the supervision of the warden force and increase the effectiveness of wildlife protection, addition of one						
75	warden captain and six wardens is proposed. In addition one junior clerk position was provided the Headquarters function						
76	in the current year by conversion of seasonal aid time to provide clerical assistance for wildlife protection personnel at						
77	Terminal Island. Extension of this position is proposed in the budget year.

Expenditure Detail by Project						
Wildlife Management Coordination						
The function of this project is to provide general direction and coordination of all Pittman-Robertson projects. It is the responsibility of the coordinators to select, plan, direct, and supervise the projects.						
SALARIES AND WAGES						
				SALARY RANGE		
Federal aid coordinator	1	1	1	\$530-644	\$6,672	\$6,784
Assistant game biologist	1	1	1	395-481	5,022	5,022
Associate game manager	-	1	1	395-481	5,320	5,022
Senior engineering aid	1	1	-	341-415	4,092	-
Intermediate account clerk	1	1	1	243-295	3,720	3,540
Intermediate stenographer-clerk	1	1	1	255-310	3,720	3,720
Contributions to State Employees' Retirement Fund				(1,370)	2,284	1,927
OPERATING EXPENSES				6,300	8,070	8,185
EQUIPMENT				22	100	300
Totals, Wildlife Management Coordination	5	6	5	\$28,748	\$39,000	\$34,500

a Incorporated with game habitat development.

b Incorporated with big game investigations.

c Incorporated with food habits investigations.

51	Food Habits Investigation						
52							
53	As an integral part of wild life management studies now in progress, it is necessary to obtain information as to the food preferences						
54	of game and predatory species and the nutritive value of big game foods. This will be done through stomach contents analyses.						
55	Information will be obtained regarding the effect on wild life of chemicals and/or methods of application used in agriculture,						
56	forestry, or other fields. Such information is essential to formation of sound game management procedures.

18	Big Game Investigation						
19	The purpose of this project is to study deer, antelope, elk, and mountain sheep populations and compile data needed to determine seasonal and bag limits; make herd composition counts, range surveys and forage checks, and productivity and mortality checks; manage controlled hunts, operate checking stations, gather kill data, and assist in disease, depredation, and predator control activities. Studies of methods of increasing and restoring desirable browse species on game ranges will be made under agreement with the California Forest and Range Experiment Station. Data from studies of brush management procedures will be used to formulate sound methods for management of brush areas for improvement of wild life habitat. The study will be made by the University of California under agreement.

MARINE RESEARCH COMMITTEE

Research in the development of commercial fisheries of the Pacific Ocean and of marine products susceptible to being made available to the people of California is authorized by Chapter 808, Statutes of 1955. A privilege tax of five cents (\$0.05) per 100 pounds of sardines, pacific and jack mackerel, squid, herring, and anchovies finances the research.

WILDLIFE CONSERVATION BOARD

The board, composed of the Directors of Finance and Fish and Game and the President of the Fish and Game Commission, is charged with administration of the Wildlife Restoration Fund for the betterment of wild life and recreation in the State. It is advised by a joint interim investigating advisory committee composed of three Members of the Senate appointed by the Committee on Rules and three Members of the Assembly appointed by the Speaker.

16					
17					
18	Number of positions-----	3.9	3	4	1
19					
20	The board is responsible for the allocation of funds for acquisition of land and construction of facilities suitable for conservation,				
21	propagation and utilization of the fish and game resources of the State.				
22	The budget provides for the establishment of an assistant wild life projects coordinator to assist in the investigations and nego-				
23	tiations relating to the numerous warm water fishing and access projects now being considered. The need for the additional				
24	position is the result of a change in emphasis in the board's program from large projects to many small projects. The cost of				
25	this position is offset by a reduction in the amount budgeted for consultants' fees.

^b Neither federal aid revenues nor expenditures therefrom are included in over-all budget totals.

Department of Natural Resources

DIVISION OF ADMINISTRATION

The Department of Natural Resources administers state laws relating to conservation and development of natural resources. The Division of Administration provides for the office of the director; the accounting, property, and personnel sections which serve all divisions of the department; and coordinates the conservation education program.

LINE	EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57	CHANGE FROM 1955-56
1	GENERAL ANALYSIS				
2					
3					
4	Number of positions-----	400.2	435.5	479.1	43.6
5					
6	The budget as presented provides for operation of the growing State Park System. Additional positions are proposed for the general				
7	administration section on the basis of increased work load. Positions are also provided for the operation and maintenance of				
8	newly acquired and developed areas, areas formerly operated by local governments, and for increased attendance and facilities				
9	at existing areas. In the development section and the land section positions formerly budgeted in capital outlay are now included				
10	in the support budget. In addition a new position of supervisor of development is proposed to provide improved supervision and				
11	coordination of the development section. At the present time an organizational survey of the division and the development section				
12	is in process to confirm or recommend an alternative placement of this position in the organization. Two other positions				
13	are added to the development section because of increased engineering work load.				
14	The proposed 1956-57 support budget makes no provision for the staffing and operation of facilities and areas referred to in the				
15	acquisition and development plan except in certain minor instances. Sufficient unappropriated balances are available in the fund				
16	for the operational costs of new or increased areas and facilities included in the capital outlay budget for appropriation or				
17	allocation by executive order after legislative review of the proposed development and acquisition program.

50	MAINTENANCE AND OPERATION						
51							
52	Provision is made in this function for operation and maintenance of beaches, parks, historical monuments, and riding and hiking						
53	trails in the State Park System.						
54							
55	Analysis						
56							
57	Additional positions with related operating expenses are proposed for the following areas on the basis of increased attendance and						
58	work load for existing facilities and for areas being placed in operation:						
59	1. State park ranger II for Columbia Historic, Caswell, Fremont Ford, Carrillo Beach, and Stinson Beach State Parks.						
60	In addition a position is provided for the Weaverville Joss House.						
61	2. State park ranger I for Anza Desert, Borrego, Caswell, Clear Lake, Fremont Ford, Salton Sea, Tule Elk Reserve, El						
62	Capitan Beach (2), MacKerricher Beach, Stinson Beach (2), Silver Strand Beach (2), and Fort Humboldt State Parks.						
63	3. State park naturalist for the Borrego State Park. This position would also be available for Palomar Mountain and for						
64	Cuyamaca Rancho State Parks.						
65	4. Curator I position is provided for the Pacific Building in the Monterey Historical Monuments group.						
66	5. Seasonal man months are provided as follows:						
67	a. Park naturalist at Patricks Point (2½) and Richardson Grove (5).						
68	b. Beach lifeguard at Salton Sea (8), Carlsbad Beach (8), and Stinson Beach (8).						
69	c. Park attendant at Donner Memorial (3), Patricks Point (4), Richardson Grove (6), Salton Sea (6), Carlsbad Beach						
70	(4), Manresa Beach (4), Seacliff Beach (4), Stinson Beach (8), Carrillo Beach (6), Silver Strand Beach (12), Van						
71	Damme Beach (6), and the Weaverville Joss House (6).						
72	The major increase in operating expense is in the maintenance item which has been computed as a percentage of investment in						
73	plant and facilities. This will ultimately result in a reduction in minor capital outlay expenditures.						
74

DEVELOPMENT							
This function surveys sites; prepares plans for construction projects, not exceeding \$20,000 in cost, for the development and maintenance of beaches, parks, historical monuments, and riding and hiking trails; inspects construction; surveys property boundaries; prepares landscaping studies; and provides engineering surveys for projects to be constructed by the Department of Public Works.							
Analysis							
The budget provides for a new position of supervisor of the development section to coordinate the activities of the section. The need for the position is based on both improved supervision and increased work load. A management analysis survey is presently being conducted to define the most effective placement of this position organizationally.							
In addition two civil engineering positions are provided on the basis of existing engineering work load increases.							
Eleven of thirteen positions provided in 1955-56 capital outlay for development planning and surveys are extended for an additional year. The remaining two positions will be found in the Lands Section.							
Two positions were added in the current year by administrative action to prepare a master plan of park acquisition and development. These positions have been extended for an additional year.							
The major portion of the increase in operating expenses is for the transfer of the development planning and surveys capital outlay staff from major capital outlay to support.

Department of Natural Resources

DIVISION OF FORESTRY

The Division of Forestry is responsible for prevention and suppression of forest fires occurring on all state and private lands having state-wide interest values; furnishing fire protection for rural areas on a reimbursable basis to counties; administration and enforcement of forest practice rules; forestry advisory services; range improvement programs; production of nursery stock for public plantings, windbreak, soil erosion control, and reforestation purposes; management of state forests; control of white pine blister rust and forest insect infestations in cooperation with federal and private agencies; and cooperation with the Federal Government on forest surveys.

GENERAL ANALYSIS

Number of Positions:

Regular-----	480	496.2	503	6.
Seasonal—equivalent man years-----	1,450.7	1,548.4	1,568.5	20.
Totals-----	1,930.7	2,044.6	2,071.5	26.

Currently budgeted services and activities are proposed to be continued in the 1956-57 Fiscal Year with the following modifications:

- One additional state forest ranger I is added for coordination of honor camp program in the Southern California district.
- One hundred and three man months of seasonal help are added to provide for state protection of acreage now protected by the United States Forest Service under a contractual agreement. The amount budgeted for the contract has been adjusted for the change.
- Forty-seven man months of seasonal help are added for various changes in staffing in the field service operations.
- Two positions of forestry work project supervisor are transferred from the capital outlay budget to staff honor camp facilities to be completed in the 1956-57 Fiscal Year.
- Ninety-one seasonal man months are added to staff new honor camp facilities and to augment existing facilities for anticipated changes in inmate populations.
- Two assistant forest technician positions are added to assist in the state forest program of timber sales and experimental work in forest management of "second growth" timber.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	FOREST PROTECTION—DISTRICT HEADQUARTERS						
2	The Division of Forestry is divided into six administrative districts with activities in each district coordinated through district						
3	headquarters. Personnel assigned full time to maintenance of Division of Forestry installations also operate on a district-wide						
4	basis from these headquarters.						
5	Analysis						
6	The budget provides for the addition of one Forest Ranger I to coordinate the honor camp program in District VI (Southern Cal						
7	ifornia). There are four camps in this district at the present time, and two additional camps are proposed. This position will						
8	provide staff coordination of all honor camps in the district at the headquarters level.

25							
26	FOREST PROTECTION—FIELD SERVICES						
27							
28	This function provides for the operation of fire suppression camps, forest fire lookout stations, and county headquarters offices.						
29							
30	Analysis						
31							
32	Additional fire suppression crews with related operating expenses and equipment are proposed as follows:						
33	Eight man months of forest fire fighter foreman were added in the current year to provide fire protection on a major construction project of a private landowner, and it is planned to continue the service until October 31, 1958. These additional costs are recoverable under contract.						
34	A seasonal aerial patrolman and a seasonal lookout patrolman position have been extended to year round forest fire fighter foreman positions to provide continuity of personnel trained for special work. A partial offset in cost results from deletion of budgeted relief man months. Six man months of additional help is required.						
35	A net increase of sixteen man months of seasonal help are provided for expansion of the Bieber fire control crew from a four-man to a nine-man crew. Twenty-seven authorized man months of fire suppression personnel are planned for transfer from the McArthur Station which will be deactivated. Manpower was formerly available from timber operators in the area. Logging operations have now declined and this personnel and heavy equipment from this source is no longer available.						
36	One hundred three man months of seasonal help are provided for the assumption of fire protection responsibility in the Calaveras area. This area was formerly protected by United States Forest Service. Additional cost will be partially offset by reduced payments to the United States Forest Service.						
37	Twenty-five man months of winter equipment operator time are added to provide winter coverage for heavy equipment units. One operator is thus provided for each tractor and transport unit.						
38

31	FOREST PROTECTION—FORESTRY HONOR CAMPS						
32	Forestry honor camps for forest protection and fire suppression work are provided for 265 wards of the Youth Authority and 771 inmates from the Department of Corrections during 1956-57. Three permanent camps and three "spike" or temporary camps are provided for Youth Authority wards, and 12 permanent camps and one spike camp are provided for Department of Correction inmates.						
33	Analysis						
34	The budget provides for the transfer to the support budget of two positions of forestry work project supervisor provided in the capital outlay program in 1955-56. The two facilities added at that time are anticipated to be in full operation in the budget year.						
35	Seasonal man months are adjusted to provide 40 man months for expansion of the Vallecito Honor Camp and the Beaver Creek Camp.						
36	The expansion is based on an anticipated increase in inmate population to take care of additional park projects. The cost of work performed within the park is recovered through reimbursements from the Division of Beaches and Parks.						
37	Fifty-one man months are provided for the honor camp proposed for Western Shasta. It is planned to have the camp completed and ready for occupancy January 1, 1957.

56	FOREST MANAGEMENT						
57	Forest management includes administration of the Forest Practices Act to promote sustained productivity of forest lands, consulta-						
58	tion service on farm forestry, and management of state forests.						
59	Analysis						
60	Two additional positions are provided to assist in the timber sale program and to expand experimental work in forest management,						
61	especially in "second growth timber" management. In addition the budget proposes the conversion of temporary help funds and						
62	seasonal man months to provide one full-time position at the Jackson State Forest and one at La Tour State Forest.

OTHER CURRENT EXPENSES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
	54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
ALLOTMENTS TO COUNTIES FOR WATERSHED PROTECTION						
This item provides payments to counties for the prevention and suppression of fires in areas of state responsibility.						
Analysis						
Current level of service is proposed to continue in 1956-57.						
OPERATING EXPENSES						
Allotment to:						
Contra Costa County -----				\$3,097	\$3,141	\$3,287
Kern County -----				228,133	227,878	235,303
Los Angeles County -----				249,017	295,549	305,550
Marin County -----				56,063	73,122	75,454
San Mateo County -----				75,490	75,461	77,921
Santa Barbara County -----				81,845	104,219	107,746
Ventura County -----				83,588	106,509	110,036
TOTAL EXPENDITURES -----				\$777,233	\$885,879	\$915,297
PROTECTION OF PRIVATE LANDS WITHIN AND ADJACENT TO NATIONAL FORESTS						
This item provides for payments to the United States Forest Service for the protection of state and private lands based upon acreages of State's responsibility lands inside and outside the boundaries of national forests offset by national forest land protected by the Division of Forestry.						
Analysis						
The 1956-57 program provides for transfer of protection responsibility of the Calaveras area from the United States Forest Service to the Division of Forestry. The contract rates have been adjusted to reflect the salary increase granted federal employees and also for price increases.						
OPERATING EXPENSES						
Contract with United States Forest Service-----				\$771,376	\$771,376	\$781,540
WATERSHED RESEARCH						
This program began under Chapter 1415, Statutes of 1947. State funds supplement federal appropriations for the California Forest and Range Experiment Station of the United States Department of Agriculture in order to maintain the continuity of rainfall and stream flow records for San Dimas Experimental Station, and to publish results of research of value in watershed management in California. Continuation of the current program is proposed for 1956-57.						
OPERATING EXPENSES						
Allotments to United States Department of Agriculture for watershed research -----				\$24,000	\$24,000	\$24,000
WHITE PINE BLISTER RUST CONTROL						
The expenditures for the control of white pine blister rust disease are matched by the United States Department of Agriculture for protection of the State's sugar pine resources. The current level of expenditures is proposed for 1956-57.						
OPERATING EXPENSES						
Allotments to United States Department of Agriculture-----				\$125,000	\$125,000	\$125,000
EMERGENCY FIRE SUPPRESSION AND DETECTION						
This item is to provide additional manpower and equipment for detection and suppression of forest fires in emergency situations beyond the ability of the regular crews. Because of the extremely critical fire season during the late summer and fall of 1955 it was necessary to augment the normal appropriation from the Emergency Fund by \$280,000.						
SALARIES AND WAGES						
Temporary help -----				\$65,648	\$142,188	\$65,000
OPERATING EXPENSES						
Rent—equipment -----				\$77,227	\$153,125	\$70,000
Rent—airplane -----				17,245	43,750	20,000
Contract labor -----				68,264	142,187	65,000
Subsistence -----				92,412	96,875	90,000
Miscellaneous -----				12,128	21,875	10,000
Totals, Operating Expenses-----				\$267,276	\$457,812	\$255,000
TOTAL EXPENDITURES -----				\$332,924	\$600,000	\$320,000

Department of Natural Resources

DIVISION OF MINES

The Division of Mines encourages and makes special studies of the State's mineral industries and mineral resources; publishes results of these studies for sale to the general public and distribution to libraries; collects and displays typical geological and mineralogical specimens; maintains a library; and serves as an information bureau for the mineral industry.

Headquarters in San Francisco

GENERAL ANALYSIS

19	Support				
20	Number of positions-----	53.5	54.5	55	0.5
21	Provision is made for termination of the policy of unrestricted free distribution of the monthly <i>Mineral Information Service</i> effective January 1, 1957. A nominal annual subscription charge of \$1 is proposed to cover cost of distribution of the publication to all but a limited list. An additional position of junior mining geologist is provided to cover increased work load for the mineral identification service in the San Francisco laboratory.				
22	Additional funds are provided for the printing of technical reports to make available in published form the results of research projects undertaken by the technical staff.				
23	Included in equipment is provision for the purchase of an isodynamic magnetic separator to eliminate a slow manual process for analysis of magnetic properties of a wide range of minerals.

Department of Natural Resources

DIVISION OF OIL AND GAS

The division supervises the method of drilling and maintenance of oil wells to prevent waste and damage to oil and gas deposit and to prevent contamination of fresh water resources. It is charged with enforcement of the law prohibiting unreasonable waste of natural gas. It is supported by an annual assessment against oil and gas producers based on the amount of oil produced and of gas produced and sold.

^a During 1953 accounting procedures were changed to reflect receipts as revenue for the assessment year instead of the year in which received. This resulted in inadequate assessments for the 1953-54 Fiscal Year.

Department of Natural Resources
DIVISION OF SOIL CONSERVATION

The commission authorizes purchases from the Soil Conservation Development Fund of equipment for soil conservation work for rent or sale to soil conservation districts.
 The division assists in the organization and operation of soil conservation districts and coordinates the planning of the "small watershed" program.

GENERAL ANALYSIS

Number of positions----- 4.8 7.5 8 0.5

The reorganization required by Chapter 1680, Statutes of 1955, has been accomplished and the agency is now a division of the Department of Natural Resources. Continuation of the level of service authorized during the current year is proposed.

27	GENERAL ANALYSIS				
28	Number of positions.....	817.1	909.1	902.9	—6.2
29	The total expenditure program for support and other current expenses in 1956-57 is \$283,283 less than 1955-56. The reduction is primarily the result of reduced federal expenditures in polio and chronic disease; the termination of the current morbidity study, and a program of prosthetics for child amputees. Increased General Fund expenditures result from salary adjustments and proposed new positions.				
30	Six chemist positions are proposed in the Division of Laboratories in support of the Air Sanitation program. An engineering position is proposed to study the problem of radio-active waste disposal. Two administrative positions in the Bureau of Business Management and one stenographic position in Health Education are proposed on a work load basis. One structural engineer is proposed in the Bureau of Hospitals on a temporary basis to survey hospitals constructed prior to 1933.				
31	Federal grants for the following programs are included in the support budget:				
32	General health service.....	\$526,333	\$521,490	\$521,490	
33	Tuberculosis.....	109,715	114,285	114,285	
34	Maternal and child health services.....	177,000	172,087	172,087	
35	Crippled children's services.....	287,890	442,515	442,515	
36	Cancer control.....	139,662	138,800	138,800	
37	Heart disease control.....	49,188	48,600	48,600	
38	Medical facilities survey.....	12,670	35,791	35,791	
39	Special Project Funds:				
40	Children's Bureau.....	239,498	328,802	269,802	
41	Polio.....	—	251,300	—	
42	Chronic Disease.....	39,961	33,872	—	
43	Current Morbidity.....	100,193	49,500	—	
44	National Institutes of Health.....	14,689	48,809	33,532	
45	Totals, Federal Grants	\$1,696,799	\$2,185,851	\$1,776,902	
46	Federal funds received as a reimbursement of expenditures made rather than an advance grant are included in the support budget as follows:				
47	Army influenza project contract.....	\$60,074	\$79,450	\$78,625	
48	Department of Mental Hygiene contract.....	8,492	9,636	25,656	
49	National Office of Vital Statistics contract.....	13,605	13,500	13,500	
50	Polio specimen.....	7,048	19,267	—	
51	Totals	\$89,219	\$121,853	\$117,781

13	BUREAU OF BUSINESS MANAGEMENT						
14	The Bureau of Business Management is the centralized service bureau for the entire department. The functions of the bureau include						
15	general housekeeping services, stock room, mail and messenger service, operation of building and telephone switchboard, account-						
16	ing, budget preparation and control, personnel recruitment and records, purchasing and maintenance of a car pool.						
17	Analysis						
18	Two positions are proposed for this central service unit to assist with the increased work caused by the assignment to the depart-						
19	ment of numerous special projects and new functions resulting from legislative action. The business service officer I in office						
20	management will be responsible for building operations, automotive management, and general services. The assistant budget						
21	analyst will serve as staff position to the Chief, Bureau of Business Management and the accounting officer in the work related						
22	to the budgeting and administration of the special projects and funds administered by the department.

57	Analysis						
58							
59	The final phase of this project—state-wide measurement of morbidity—will be completed during the current year. This project was						
60	initiated in June, 1950, and expended \$383,648 during the six years. No further expenditures are anticipated for this project.

DEPARTMENT OF PUBLIC HEALTH—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	BUREAU OF HEALTH EDUCATION						
2	The bureau provides health education services and consultation to local health departments, to other administrative units of the						
3	Department of Public Health, and to other state agencies and organized groups.						
4	Analysis						
5	One intermediate stenographer-clerk is proposed to maintain the efficiency of the professional staff. Increasing requests from local						
6	health departments, and added reliance on education as a method of achieving program goals has increased the stenographic						
7	needs of the professional staff.

		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	DIVISION OF PREVENTIVE MEDICAL SERVICES						
2	DIVISIONAL ADMINISTRATION						
3	The Division of Preventive Medical Services consists of seven bureaus and four services as follows: Maternal and Child Health,						
4	Crippled Children, Tuberculosis Control, Acute Communicable Diseases, Chronic Disease Control, Adult Health, Public Health						
5	Nursing, Medical Social Service, Nutrition Service, Mental Health Service, and Hospitals. This division also contains a special						
6	project on the public health aspects of the prevention of blindness which is wholly financed by the Kellogg Foundation.						
7	Analysis						
8	Program, or work load changes, are discussed in the budgets for each individual bureau or service. No changes are proposed for the						
9	divisional administration.						
10	SALARIES AND WAGES						
11					SALARY RANGE		
12	Chief of division -----	1	1	1	\$1,050-1,000	\$14,400	\$14,400

26	BUREAU OF MATERNAL AND CHILD HEALTH						
27	The function of the bureau is to provide a program for the maternal and child health services in the State. This is accomplished by						
28	promoting prenatal and child health services, and by consultation in the maternal and child health field to local health depart-						
29	ments, maternity homes, hospitals, schools, local physicians, and other professional groups.						
30	Analysis						
31	No program or work load changes are reflected in this budget. Two projects, Child Health Conference Evaluation and a study of						
32	Mental Retardation in Children, were added in the current year and continued through 1956-57 financed from federal special						
33	project funds at no cost to the State.

9	Net Totals, Bureau of Tuberculosis Control				\$48,466	\$58,512	\$58,812
10	BUREAU OF ACUTE COMMUNICABLE DISEASES						
11	This bureau provides clinical and administrative consultation to local health departments on problems pertaining to communicable diseases and venereal disease. Certain morbidity statistics with regard to communicable diseases are maintained to provide the basis for cooperation with local health departments in controlling these diseases.						
12	Analysis						
13	The decrease proposed for 1956-57 is due to the discontinuance of the one-year polio vaccine distribution surveillance program, entirely federally financed, which was initiated when the Salk vaccine was distributed for public sale. Two positions are continued which were added in the 1955-56 Fiscal Year from funds provided by Chapter 1074, Statutes of 1955, dealing with the control of banding of psittacine birds. The banding program is self-supporting by fees provided in Chapter 1074, Statutes of 1955.

1	BUREAU OF ACUTE COMMUNICABLE						
2	DISEASES—Continued						
3							
4	BUREAU OF CHRONIC DISEASE CONTROL						
5							
6	This bureau provides a chronic disease control program based on:						
7	1. Consultation to local health agencies, hospitals, and private physicians with regard to preventive measures, early identification,						
8	and management of chronic diseases.						
9	2. Demonstration and evaluation of specific chronic disease control services.						
10	3. Epidemiologic investigation of chronic diseases.						
11							
12	Analysis						
13							
14	The program of this bureau, which was materially increased during the 1955-56 Fiscal Year with funds from the Rockefeller Founda-						
15	tion, money from the State General Fund for air sanitation epidemiology studies, and contractual services with the State Alco-						
16	holic Rehabilitation Commission, and the State Department of Social Welfare is continued through the 1956-57 Fiscal Year. The						
17	balance of the funds are derived from grants from the Federal Government for chronic disease control. The decrease of \$19,109						
18	in the budget year is the result of decreased funds available for occupational heart and lung cancer studies.						
19

31	BUREAU OF PUBLIC HEALTH NURSING						
32							
33							
34	This bureau assists the various bureaus and services in the department in carrying out the nursing aspects of the various programs						
35	and serves to coordinate nursing activities within the department. Consultation services are provided to local agencies on the						
36	administration of nursing service, including program planning, coordination of activities, personnel policies, evaluation of nursing						
37	services, techniques, and procedures. A recruitment selection and training program is carried out to assist the local agencies in						
38	filling their needs for nurses in public health and in industry.						
39

1							
2							
3	BUREAU OF HOSPITALS						
4							
5	The Bureau of Hospitals is responsible for administration of provisions of the Health and Safety Code which relate to minimum						
6	facilities for hospitals, clinics and establishments for handicapped persons, and for the administration of state and federal						
7	hospital survey and construction acts which provide grants for the assistance in the construction of hospitals and health facilities.						
8							
9							
10	Analysis						
11							
12	One new position is proposed to survey the older hospitals to verify the buildings are safe from the standpoint of the protection of						
13	life to patients and employees. The hospitals involved are primarily those which received licenses automatically because they						
14	were constructed prior to 1933. The position proposed for 18 months only was established during the current year and is shown						
15	as proposed new in the budget year.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	DIVISION OF LABORATORIES						
2	This division provides the laboratory services of the department, including: water and sewage, food and drug, virus and rickettsial, bacteriological, and serological.						
3	Diagnostic services are provided to rural areas of the State in viral and rickettsial diseases and consultation is provided for clinical and hospital laboratories and local health departments.						
4	Analysis						
5	The budget for 1956-57 continues programs initiated in 1955-56 including: air sanitation laboratory analyses, nonbacterial gastroenteritis investigation, and increased activities in western equine encephalitis vaccine development. The budget year decrease results from the discontinuance of the polio specimen analysis and the National Institute of Health grant for Q fever investigation.						
6	Six public health chemist positions are proposed to increase the air samples taken in specific localities and to operate, maintain, and calibrate continuous reading instruments. With the establishment of continuous reading stations and corresponding air filter sample stations the complex chemical analysis will require additional chemists to maintain current data. In addition the chemists analyze individual industrial emittances and consult with local agencies on specific problems.

BUREAU OF SANITARY ENGINEERING

This bureau is responsible for the administration of the departmental program in the fields of sewage disposal, industrial waste disposal, water contamination and water supply, as well as certain aspects of general environmental sanitation including bathing places and shellfish and sanitation in recreational areas.

Analysis

One new engineering position is proposed to gather data on the status of radio-active waste disposal throughout the State, advise on safe disposal methods, investigate suspected violations of safe practices, and carry on a program in this field as authorized by Chapter 1868, Statutes of 1955.

BUREAU OF FOOD AND DRUG INSPECTION						
This bureau administers the program insuring the purity of foods and drugs in California. Manufacturing, wholesale, and retail outlets throughout the State are constantly inspected by the bureau working both independently and with local health departments. The work is designed not only to remove particular lots of unfit food from consumer channels but to bring about a long-range program of correction and prevention of unsatisfactory environmental conditions.						
Analysis						
The decrease of \$49,856 results from the completion of the federally financed polio vaccine surveillance program on June 30, 1956.

DIVISION OF DENTAL HEALTH

This division has responsibility for the administration of a program to protect and improve the dental health of the public. The program is implemented by advisory and consultative services to local health departments, community groups, agencies and educational institutions; studies of dental manpower and promotion of training, clinical facilities, and fluoridation of water supplies.

Analysis

No program or work load increases are included in this budget.

13	DIVISION OF LOCAL HEALTH SERVICE						
14							
15							
16	This division has the responsibility of integrating the policy and program objectives of the State Department of Public Health with those of the local health departments of the State, and for providing local health services under contract to areas without organized health departments. The division serves as a means which by the needs of the local health departments are brought to the attention of the proper departmental authorities and the departmental programs and services are in turn directed to the local departments.

WATER POLLUTION CONTROL BOARD

The state board formulates state-wide policy for the control of water pollution; gathers, compiles, and disseminates data; and administers a program of financial assistance for water pollution control.
The regional boards coordinate programs of abatement and prevention of water pollution in local areas; recommend projects for financial assistance; and prescribe requirements for waste and sewage disposal systems.

ADMINISTRATION

Analysis

Administration includes the office of the director, staff officers, and assistants; and provides the over-all direction, coordination, and other staff services for the department. Eighty-five percent of the cost of this function will be payable from the State Highway Fund during the budget year. During the current fiscal year an additional deputy director position was established to provide the director with staff assistance, and the continuation of this position is recommended.

Department of Public Works

DIVISION OF ARCHITECTURE

Under direction of the State Architect the division is responsible for the preparation of surveys, designs, plans, specifications, and estimates of cost for state structures and related improvements, alterations, and mechanical and electrical installations, including major maintenance and repair projects; for project construction by day labor and supervision of construction by contract; for supervision of public school building construction; and for technical service, advice, and reports to state agencies.

No substantive change in the construction activities of the division is proposed. Except for the top administrators of the division and their clerical assistants, all personnel and related expenses are charged to the Division of Architecture Revolving Fund. The number and classification of positions, the salaries of which are paid from the Division of Architecture Revolving Fund, are reported in the budget for this fund which appears in the appendix.

ADMINISTRATION

Analysis

The current level of activity is continued with the addition of \$15,000 for studies of materials and methods in construction for the purpose of guiding the Division of Architecture in design and preparation of specifications. It is planned to transfer these funds to the Division of Architecture Revolving Fund for specific subjects as the need arises. Two positions are proposed to provide technical and clerical assistance to the State Building Standards Commission which was created by Chapter 1500, Statutes of 1953.

SALARIES AND WAGES

	SALARY RANGE					
State architect	1	1	1	\$1,200-1,300	\$15,600	\$15,600
Deputy chief	1	1	1	1,100-1,200	14,400	14,400
Assistant state architect, design and planning	1	1	1	1,050-1,150	13,800	13,800
Assistant state architect, administrative	0.6	1	1	1,000-1,100	12,000	12,600

^a Composed of savings in salaries and wages, \$6,064; operating expenses, \$2,491; equipment, \$90; and excess reimbursements, \$5,381.

^b Composed of savings in operating expenses, \$625; and excess reimbursements, \$5,450.

^c Composed of savings in salaries and wages, \$58,301; operating expenses, \$32,229; and equipment, \$1,341.

^d Composed of savings in salaries and wages.

47	SUPERVISION OF PUBLIC SCHOOL BUILDING CONSTRUCTION						
48							
49	Division of Architecture Public Building Fund						
50							
51	This unit checks and approves plans and specifications for all new public school building construction and for all alterations or re-						
52	modeling exceeding \$4,000 in estimated cost. The unit inspects such buildings periodically during the course of construction to						
53	assure compliance with approved plans and specifications, as required by the Education Code. It is estimated that the work load						
54	of public school building construction will be increased from the current level of approximately \$245,000,000 to \$255,000,000.						
55							
56	Analysis						
57							
58	Additional positions are required to reduce time now required to process and approve plans for public school buildings and to prop-						
59	erly carry out the Education Code requirement for adequate field inspection. Projections of the volume of school building con-						
60	struction indicate the need for at least six additional engineering positions. Due to the difficulty of recruiting technical personnel						
61	and the past year's experience of vacancies in technical positions, no new positions are proposed. However, if qualified personnel						
62	can be obtained, it is planned to establish up to six engineering positions, financed by an allocation from the Division of Archi-						
63	tecture Public Building Fund.

DIVISION OF SAN FRANCISCO BAY TOLL CROSSINGS

Performs engineering and other preliminary work relative to making studies, surveys, preparation of plans, specifications and estimates for additional highway crossings of San Francisco Bay and handles construction in connection therewith.

Department of Public Works

DIVISION OF WATER RESOURCES

The major portion of the State's activities pertaining to the investigation of water resources, and to the conservation, control, and utilization of such water resources, is conducted by the Division of Water Resources.

Specifically, the division has responsibility under various statutes for the administration and supervision of the appropriation of water and the adjudication of water rights; for supervision of safety of dams; for maintenance and operation of the Sacramento River flood control and reclamation works; beach erosion control; for administration of the state mapping program; for administration of state water quality investigations; for storm and flood damage rehabilitation; for stream gaging and collection of hydrologic data on the Sacramento and San Joaquin Rivers; and for reviews of various federal reports on proposed flood control and reclamation projects, with recommendations on such proposed projects to the Federal Government.

Other activities of the division include the providing of technical assistance to the Water Project Authority concerning the Central Valley Project and engineering and legal problems coincident thereto, and the furnishing of engineering services to the State Water Resources Board in pursuance of that agency's program of state-wide water resources investigations; the furnishing of services to the State and Regional Water Pollution Control Boards, the furnishing of service to the California Klamath River Commission, and the furnishing of services to various other state agencies.

The Division of Water Resources also cooperates in many ways with the Federal Government, other state agencies, and with local governments in the pursuance of such activities as topographic mapping, stream gaging, salinity sampling, snow surveys, the making of special hydraulic engineering studies, and in supervision of construction of a wide variety of construction projects.

GENERAL ADMINISTRATION

This function consists of the Office of the State Engineer and the other administrative functions of the division, such as the legal stenographic, library, files, equipment, purchasing, auditing, automotive dispatch and control, budgeting, fiscal control, and the reports sections. In addition, the administration of public districts, which comes under the Office of the State Engineer, and the licensing of rain making are included within this function.

Analysis

Authorized positions reflect a net increase for 12 positions transferred in order to place them in their proper functions. Additions positions requested include the following: one land and water use specialist, with salary savings offsetting two-thirds time for work on the northeast counties investigation, for assisting on land and water use, land classification, moisture problems, irrigation problems, and similar items; one delineator for work related to new engineering positions; one junior staff analyst for assistance in fiscal and budgetary work in order to reduce excessive overtime; five intermediate typist-clerks—two for new positions in the water rights and resources function, and three in lieu of temporary help and overtime and for increased volume of work; and one key punch operator for recording data on ground water extractions, water rights applications, well logs, water quality, streamflow, and precipitation to reduce expensive and time consuming manual tabulating methods.

48	SACRAMENTO-SAN JOAQUIN WATER SUPERVISION						
49	The primary activity of this function is to perform stream gaging activities and to collect hydrological and water utilization data on						
50	the Sacramento and San Joaquin Rivers to provide basic information on water supply utilization and water rights in connection						
51	with the Central Valley Project.						
52	This function is carrying on similar activities under contract for the United States Bureau of Reclamation for which reimbursement						
53	is received, and in addition, supervises a reimbursable cooperative program with the United States Bureau of Reclamation on						
54	salinity conditions and the trial distribution work on the Sacramento River for the Water Project Authority.

57							
58	WATER RIGHTS AND RESOURCES						
59							
60	This function is primarily concerned with the supervision of the appropriation of waters within the State, the supervision of adjudication of water rights by court reference and statutory adjudication, the supervision of watermaster service, and the study and investigation of water problems in the Southern California area.						
61							
62	Analysis						
63							
64	Additional positions of one senior hydraulic engineer, one associate hydraulic engineer, two assistant hydraulic engineers, and one senior clerk are proposed for water rights administration due to a backlog of pending applications and increasing complexity of water right matters. Also, additional positions of two junior civil engineers and one junior engineering geologist are proposed for the Southern California area investigation of water resources to reduce the backlog in publication of hydrologic data; to carry out responsibilities prescribed by Chapter 1690, Statutes of 1953, for adjudications, and by Chapter 1514, Statutes of 1955, for services to water replenishment districts.						
65							
66	SALARIES AND WAGES

33							
34	REGULATION OF SAFETY OF DAMS						
35							
36	This function is charged with the responsibility for the safe condition of all dams in California except those federally owned. This						
37	duty is discharged by means of approving plans and specifications for all proposed new dam construction or for the repair of						
38	existing dams, and by maintaining a periodic safety check of all the dams now under the state supervision. During construction						
39	of major dams, a resident engineer is frequently required to be present during the construction operation.						
40							
41	Analysis						
42							
43	An additional position of associate materials and research engineer is proposed for the soils testing laboratory due to an increased						
44	work load in connection with the determination of the safety of earth-filled dams—one-half of the cost of this position will be						
45	recovered by work on special investigations and this amount has been deducted as estimated salary savings.						
46

23	SACRAMENTO RIVER FLOOD CONTROL PROJECT MAINTENANCE						
24	The primary function of this unit is maintenance of the Sacramento-San Joaquin Flood Control Project, as heretofore. Chapter 1152, Statutes of 1951, and Chapter 1376, Statutes of 1953, added 32 miles of levees and 17 miles of channels and the maintenance of the flowage area of the Western Pacific Intercepting Canal to the project. Additional responsibilities were given the division during 1953 for the inspection of levees on Deer Creek and Merced stream group in Merced County, the Littlejohn Creek group in San Joaquin County, and the Fresno stream group in Fresno County.						
25	Chapter 1859, Statutes of 1953, added to the Division of Water Resources the responsibility for beach erosion control activities. This function also carries out the snow survey program and puts out the water conditions report for this division.						
26	Analysis						
27	An additional assistant hydraulic engineer is proposed for inspection of flood control works and for investigation of an increased number of applications for encroachments on flood control works.

29	CENTRAL VALLEY PROJECT						
31	This unit provides the Water Project Authority with technical assistance required in acting upon the numerous legal and engineer-						
32	ing problems involved in representing California in connection with the operation and construction of the Central Valley Project.						
33	These activities include the recording of ground water levels and preparing of annual maps of ground water fluctuations						
34	as affected by the operation of the project; a review of construction costs on plans; participation with federal agencies and						
35	water users associations in discussion of operating studies and independent studies of operation of the Central Valley Project;						
36	analysis of proposed construction programs and recommendations to the Congress as to amounts of appropriations; assistance to						
37	local districts who may have dealings with the Federal Government with respect to the project; and similar activities which						
38	are continuing in nature. Funds under this function are expended under policies established by the Water Project Authority.

General Fund

**WORK IN COOPERATION WITH THE
FEDERAL GOVERNMENT**

Analysis

The Division of Water Resources cooperates with federal agencies in the accomplishment of projects of mutual concern. State funds are matched by the Federal Government. The projects for which provision is made for 1954-55 Fiscal Year are:

1. Yuba River Debris Control: For restoring, impounding, and controlling debris along the Yuba River in cooperation with the U. S. Army Engineers.
2. Topographic Mapping: For the continuation of the preparation of topographic maps of California in cooperation with the U. S. Geological Survey.
3. Irrigation Investigations: Investigations concerning the use, transpiration, evaporation, and percolation of waters, are conducted by the Soil Conservation Service, U. S. Department of Agriculture.
4. Stream Gaging: Provides data on water supply, runoff, and utilization of streams in California not otherwise covered by the Division of Water Resources in cooperation with the U. S. Geological Survey.
5. Gaging Stations: Provides for the establishment or reconstruction of stream gaging stations in California not otherwise covered by the Division of Water Resources in cooperation with the U. S. Geological Survey.
6. Ground Water Basin and Subsidence Studies: For study of ground water geology and hydrology in the southern part of the San Joaquin Valley; studies of subsidence in the San Joaquin Valley to determine causes and measures to reduce or avoid resultant damages; and a study in Southern California of basic data collection and observation well measurements in desert areas. The studies of subsidence are expected to last three years.

EXPENDITURES BY PROJECT

Yuba River debris control	\$15,000	\$15,000	\$15,000
Topographic mapping	300,000	300,000	300,000
Irrigation investigations	7,494	7,500	15,000
Stream gaging	159,425	167,775	178,975
Gaging stations	12,850	11,850	10,700
Ground water basin and subsidence studies	—	—	61,875
Totals, Work in Cooperation With Federal Government	\$494,769	\$502,125	\$581,550

		54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			
1	FEATHER RIVER PROJECT						
2	Analysis						
3	Chapter 1441, Statutes of 1951, authorized and directed the State Engineer to conduct the necessary investigations, surveys, and studies, and preparation of plans and specifications for the construction of the units set forth in the publication of the State Water Resources Board entitled "Report on Feasibility of Feather River Project and Sacramento-San Joaquin Delta Diversion Projects Proposed as Features of the California Water Plan"; and to submit such material to the Water Project Authority for its approval. This work was completed during 1954-55.						
12	EXPENDITURES BY PROJECT						
15	Continuation of the preparation of designs, plans and specifications and cost estimates for the Oroville Dam, Oroville Afterbay Dam, power plants, relocations of state highway, railroads, and county roads for Oroville Reservoir, including consulting engineers' services and hydraulic model studies-----				\$206,414	-	-
20	Continuation of preparation of designs, plans and specifications and field location of canals, tunnels, pumping plants and appurtenant structures on the routes of Sacramento-San Joaquin Delta Diversion Projects-----				292,460	-	-
24	Continuation of geologic studies and geologic mapping along the routes of canals and tunnels, pumping plant and power plant foundation sites and along the projected relocations of the state highway and Western Pacific Railroad-----				49,848	-	-
28	Continuation of the investigation of possible holdover storage reservoir sites and main lateral canal routes south of the Tehachapi Mountains for the distribution of Feather River Project water-----				51,091	-	-
32	Topographic mapping of conduit routes proposed for delivering water to the San Francisco Bay counties, and field checking of such maps-----				3,552	-	-
35	Fish and game management studies on the Feather River and in the reservoir area-----				4,618	-	-
37	Total Expenditures-----				\$607,983	-	-
42	PUTAH CREEK CONE INVESTIGATION						
43	Analysis						
46	In accordance with Chapter 1478, Statutes of 1951, the Division of Water Resources was directed to make an investigation and report on the water supplies of the Putah Creek Cone and adjacent areas in the Counties of Yolo and Solano.						
49	Putah Creek Cone Investigation-----				\$11,905	-	-
53	SANTA MARGARITA INVESTIGATION						
54	Analysis						
57	For surveys and investigations of the water resources of the Santa Margarita Watershed, use and distribution of water for agricultural and other beneficial uses, availability of water, both surface and underground, physical features for conservation of water, and related matters.						
61	Santa Margarita Investigation-----				\$30,987	\$25,000	-
65	NORTHEAST CALIFORNIA INVESTIGATION— FEATHER RIVER DRAINAGE AREA						
67	Analysis						
70	Item 249(b) of the Budget Act of 1954 directs the Division of Water Resources to make the necessary investigations, surveys, studies, and prepare plans and specifications for the determination of the ultimate water needs of the County of Plumas and those portions of the Counties of Butte, Lassen, and Sierra in the Feather River Drainage Area, predicated upon full development of all natural resources in those counties.						
74	Northeast California Investigation—Feather River Drainage Area				\$100,212	-	-

AERONAUTICS COMMISSION

The Aeronautics Commission provides advisory, planning, and engineering services to public agencies on aviation problems; fosters the development of a state-wide system of airports to expand air service and commerce through intrastate, local and feeder services; fosters and coordinates improvement in the use of agricultural aircraft; cooperates with the Civil Aeronautics Board and Authority in the investigation of nonairline accidents; coordinates civil aviation plans for disaster relief and civil defense; and investigations and reports to the Department of Education on proposed school sites near airports.

COLORADO RIVER BOARD

The Colorado River Board was created under Chapter 838, Statutes of 1937, for the purpose of protecting California's rights pertaining to the Colorado River. The board and its staff collects, compiles, and analyzes engineering and legal data on the existing and proposed utilization of the Colorado River water supply; appears before congressional committees and interested federal agencies; and confers with representatives of other Colorado River Basin states regarding legislation and developments affecting California's rights and interests.

20	Increased salaries and wages reflect full employment of the augmented staff plus two additional engineers for the increased work load now that proceedings are under way before the special master appointed by the United States Supreme Court in connection with the litigation on rights to the waters of the Colorado River. One senior hydraulic engineer was established during the current year to meet the increased work load brought about by the increased attorney staff of the Department of Justice.

COLORADO RIVER BOUNDARY COMMISSION

The commission was created by Chapter 1693, Statutes of 1953, to confer with a similar commission established by the State of Arizona to define a common boundary between the states along the Colorado River. A preliminary report was rendered to the 1955 Legislature. The commission was extended for two years by Chapter 1679, Statutes of 1955, to recommend what administrative and other related problems may continue to exist along the common boundary and report to the 1957 Session of the Legislature.

GENERAL ANALYSIS

A draft of a proposed Klamath River Basin compact between the States of Oregon and California has been formulated and public hearings are to begin during the current year. It is anticipated that as a result of these hearings additional exploration, research, and negotiations will be necessary; including subsurface exploration before a mutually acceptable agreement has been reached.

GENERAL ANALYSIS

The California-Nevada Interstate Compact Commission began operations in November of 1955. The program proposed anticipates that all studies and investigations of water requirements, water supply and plans for storage and utilization facilities will be completed by the end of the 1956-57 Fiscal Year and that during the following year compact terms and conditions will be developed and agreed to by the two commissions, public hearings will be held and the compact submitted to the respective state legislatures and to Congress for approval.

Provision is made for continuation of the accelerated rate of flood control construction by the Corps of Engineers to complete authorized works. An additional property appraiser and negotiator is recommended for work resulting from an anticipated increase in federal appropriations for flood control. It is intended, however, that this position be established only in the event federal appropriations substantially in excess of the current level are made. The extension of one junior drafting aid from limited term to permanent is recommended to eliminate a backlog in the land inventory, to keep it on a current basis, and to plot the location of applications for encroachment related to such land.

SAN FRANCISCO BAY AREA RAPID TRANSIT COMMISSION

The San Francisco Bay Area Rapid Transit Commission was created by Chapter 1760, Statutes of 1951, to study and investigate rapid transit problems in the San Francisco Bay area.

GENERAL ANALYSIS

Number of positions----- 2.2 3 2 -1

As empowered by Chapter 1319, Statutes of 1955, the commission extended its existence to a date not later than December 31, 1957. The commission will submit to the Legislature a report covering a determination of the rapid transit facilities required by the Bay area, together with estimates of the costs that will be involved in providing these facilities. Remaining to be accomplished are studies, now in progress, to arrive at a practical plan of financing the costs involved, and studies to determine the legislation required to make possible the establishment of a workable organization empowered to bring into being the facilities required and to administer their operation. It is the intent of the commission to hold public hearings on the proposals brought forth in the studies mentioned and thus to obtain an indication of the desires of the public with respect to the proposals. Upon completion of the program, the commission will submit to the Legislature a complete report covering its investigations. Extension of the availability of funds appropriated from the General Fund by Chapter 1212, Statutes of 1953, beyond September 9, 1956, to June 30, 1957, is proposed for completion of the program.

WATER RESOURCES BOARD

The State Water Resources Board is the agency designated to study and make recommendations to the Legislature on water conservation and flood control matters; to investigate and recommend allocations from the Flood Control Fund of 1946 to local agencies to cover the cost of cooperation in flood control works constructed by the Federal Government; and to represent the State and local agencies in matters pertaining to federal authorizations and appropriations for flood control projects. In addition, the board is conducting certain cooperative and special investigations authorized by the Legislature and the board.

STATE-WIDE WATER RESOURCES INVESTIGATION

General Fund

Analysis

This investigation constitutes a revision and completion of the State Water Plan adopted by the Legislature in 1941. Its objective is the preparation of a plan for the full conservation, control, and utilization of the State's water resources, underground and surface, to meet present and future water needs for all beneficial purposes and uses in all areas of the State. The results of the investigation are being presented in four bulletins: Bulletin No. 1—Water Resources of California—a complete inventory of water resources for each of the seven hydrographic units was published in July, 1951. Bulletin No. 2—Water Utilization and Requirements of California—was published during 1954-55. Bulletin No. 3—Plans for Development of Water Resources of California—field work is to be completed during 1954-55 and is to be written during 1955-56. Bulletin No. 4—Summary Report on the California Water Plan—is to be drafted concurrently with Bulletin No. 3 and published in 1956-57.

Expenditures by Project

Investigations, surveys, studies, preparation of plans and estimates, and preparation and publication of reports on State-Wide Water Plan	\$507,174	\$608,198	\$15,000
Geological investigation in cooperation with the Federal Government	34,350	32,250	-
Total Expenditures	\$541,524	\$640,448	\$15,000

CALIFORNIA WATER DEVELOPMENT PROGRAM

General Fund

Analysis

The current fiscal year will mark completion of the initial broad planning for the California Water Plan (the State-wide Water Resources Investigations). Before the financing and construction of projects is possible more detailed investigations of individual river basins and studies of possible alternatives will have to be made.

There is a need for large-scale water development in California. The large water supply to be gained from the Feather River Project is needed today. The need for immediate initiation of planning is acute because lengthy periods of financing and construction will be involved before water from new large-scale projects can possibly be made available in areas of need.

The initiation of such a program is proposed in the budget. The program for the 1956-57 Fiscal Year provides for the detailed preparation of plans for at least one major basin-wide project, designed principally for the development of a relatively large amount of water, in both the north coastal area and the Sacramento Valley basin. It also includes provision for the preparation of plans for detailed projects to develop local water resources for local needs in the so-called "areas of origin." In addition, it provides for geological exploration of foundation conditions at sites for major structures proposed for the California Water Plan. Finally, the program initiates a continuing, comprehensive, state-wide program for the collection, compilation, and publication of basic water resource data necessary for implementation of the California Water Plan.

As proposed, the California Water Development Program for the 1956-57 Fiscal Year will require the services of 100 persons. This includes the personnel specifically allocated to the foregoing investigations plus 10 general administrative and specialist personnel to render assistance and advice to all phases of the program.

2	STUDY OF SAN FRANCISCO BAY SALINITY						
3	CONTROL BARRIERS						
4							
5	Analysis						
6							
7	In accordance with Chapter 1104, Statutes of 1953, an investigation and study was made of the feasibility and economic value of						
8	construction by the State of suitable salt water barriers at several alternate locations across San Francisco Bay, San Pablo Bay,						
9	Suisun Bay and the Sacramento-San Joaquin Delta for reclamation, salinity and flood control purposes, and to create a supply						
10	of fresh water for irrigation, domestic uses and related purposes.						
11	Chapter 1434, Statutes of 1955, appropriated funds for further investigation and study of the Junction Point and Chipps Island						
12	Barriers and related facilities to develop plans for delivery of fresh water to the San Francisco Bay area; provide protection to						
13	the Sacramento-San Joaquin Delta; conduct subsurface exploration work in the Delta and design facilities for the Cross-Delta						
14	Aqueduct; obtain information on the hydrology of the Delta; and to study integration of the proposed project in the California						
15	Water Plan.						
16	Funds are proposed for the continuation of this investigation.

34	AMERICAN AND FEATHER RIVERS TRIAL						
35	DISTRIBUTION						
36	Analysis						
37	As a logical outgrowth of the current trial distribution program embracing the Sacramento River and Sacramento-San Joaquin						
38	Delta and as a result of the studies made pursuant to the 1955 agreement covering that program, it is proposed to collect and						
39	analyze data on water supply, water utilization, water quality, and water rights pertaining to the Feather and American Rivers						
40	(major Sacramento River tributaries) in a manner similar to the activities of the present Sacramento River-Delta program.						
41	The data to be collected and analyzed will bear an essential relation to the operation of the just-completed Folsom Reservoir						
42	and to the Sacramento River-Delta operation toward the end that orderly diversions and use of water may be accomplished by						
43	negotiated agreement on these rivers without recourse to litigation.

GENERAL ANALYSIS

Number of positions. 197 4 424 434 10

The department was established on January 1, 1955. The current year and the budget year reflect full year operations as compared to six months operation during 1954-55.

The program for the department will be substantially the same as that provided for in the 1955-56 Fiscal Year. The 10-position increase consists of one additional clerical position for the headquarters office mail and supply unit (shown in the current year to June 30, 1956), and an anticipated decrease in vacant positions of 10 man years. The new position is proposed to meet work load that is greater than anticipated when the staffing was originally approved.

GENERAL ANALYSIS

Number of positions 3 8 8 —

The board's program for 1956-57 will be substantially the same as that provided for in the prior fiscal year. An authorized position of hearing reporter has been eliminated and a provision has been made to provide the required service by other agencies.

The increase of \$9,717 over 1955-56 consists principally of \$6,575 for rental of office space, budgeted in the Department of Alcoholic Beverage Control for 1955-56; and \$1,505 for rugs and drapes for the board members.

HORSE RACING BOARD

The board licenses, regulates, and supervises all horse racing meetings where there is pari-mutuel betting. The board also licenses trainers, jockeys, track officials and other persons employed by the racing associations. The main office of the board is at Los Angeles with branch offices at each of the tracks.

GENERAL ANALYSIS

Number of positions..... 12.5 13.8 14.8 1

The increase is due principally to the proposed new position of race track investigator and related expenses and is proposed in connection with increased work load resulting from the additional racing days authorized by the Legislature in Chapter 129, Statutes of 1955. The budget is based on a program of 510 days of racing of which 341 are to be at major tracks, 83 days at fair tracks, 38 days for quarter horse, and 48 days for combination meetings.

Department of Investment

BANKING DEPARTMENT

Examines and supervises operating banks and trust companies, grants or denies bank and branch applications and liquidates closed banks. Passes on legality of investments for savings banks and governs the deposit of securities with the State Treasurer by all trust departments and companies, both state and national, for the faithful performance of trust functions. Revenue is derived primarily from an assessment of banks not to exceed .01 percent of total resources less secured deposits and bills payable.

GENERAL ANALYSIS

Number of positions ----- 38.9 44.5 51 6.5

Provision is made for continuation of the existing level of service with two examiner positions and one clerical position added for increased work load. A senior stenographer-clerk position is included to provide the chief deputy with the essential secretarial assistance which is not now available.

SALARIES AND WAGES: The increase of \$44,958 is primarily due to four proposed new positions for work load increase.

OPERATING EXPENSES: The increase of \$2,997 is due to an increase in traveling of \$7,125 attributable to filling of existing vacancies and is partially offset by a reduction of \$3,910 in printing.

EQUIPMENT: The amount of \$3,778 includes \$1,384 for replacement of four standard typewriters with electric typewriters; \$74 for the purchase of seven files for the examiner personnel; and equipment for the proposed new positions.

GENERAL ANALYSIS

Number of positions 141.2 158 185.5 27.5

Provision is made to continue the existing level of service with the addition of 14 professional and 8 clerical positions and related expenses for increased work load.

The 1955 Legislature amended the Escrow Law to provide that the costs of examining escrow agents be recovered through reimbursements. Annual examination requires an additional four professional and two clerical positions.

ADMINISTRATION DIVISION

This division handles the general administrative and staff functions of the department, including the direction of branch offices, actuarial work, and fiscal, personnel, and office management services.

Analysis

SALARIES AND WAGES: A reduction of one position, assistant commissioner, is expected to be accomplished by increased participation in Los Angeles activities by the commissioner, chief assistant commissioner and division chiefs.

OPERATING EXPENSES: An increase in traveling is budgeted in order to provide supervision of Los Angeles activities. An increase in out-of-state traveling is necessary due to the appointment of the commissioner on several important National Association of Insurance Commissioner committees.

54	RATE REGULATION DIVISION						
55	This division enforces the fire and casualty rate regulation laws to the end that such rates shall not be excessive, inadequate, or						
56	unfairly discriminatory. It examines rating and other organizations and insurers for compliance with rating laws, analyzes rating						
57	plans, systems and formulas, reviews complaints regarding rates and rating plans. It performs analytical work in connection						
58	with approval of minimum workmen's compensation insurance rates. It reviews and approves workmen's compensation insurance						
59	policy forms and endorsements.						
60							
61	Analysis						
62							
63	OPERATING EXPENSES: Additional funds will be necessary in "Traveling—out-of-state—examinations" since the statutory						
64	requirement of examination every five years will necessitate examination of rating organizations in Chicago and New York.

COMPLIANCE AND LEGAL DIVISION				
This division is responsible for the legal work of the department, including legal compliance of insurance companies, investigations, and disciplinary hearings. It grants authority to companies to do business in California; reviews and approves certain types of policy forms; makes investigations of licensees and license applicants to assure compliance with requirements; analyzes and adjusts disputed policy claims; makes legal preparations for hearings; acts for the department in hearings; renders legal advice to other divisions.				
Analysis				
SALARIES AND WAGES: One less junior investigator position and discontinuance of an offsetting reimbursement item reflects the decreased activity in conservation and liquidation.

21	Totals, Compliance and Legal Division				\$413,523	\$445,548	\$453,187
22	LICENSE DIVISION						
23	This division gives qualifying tests and issues licenses to insurance production agencies (life agents, insurance agents, brokers, solicitors, bail agents, bail permittees). It prepares training manuals, approves training courses, and compiles written tests for license applicants. License records are maintained and all changes in license status are processed in this division.						
24	Analysis						
25	SALARIES AND WAGES: A temporary senior investigator position is extended to June 30, 1957, to provide technical help to the license chief. The technical work of the unit was increased due to 1955 legislation requiring approved fire and casualty courses.						
26	OPERATING EXPENSES: A decrease in printing reflects the three-year cyclical license issuance. An increase in travel expense is requested in order to permit monitoring license examinations in outside locations from the San Francisco and Los Angeles offices

16							
17							
18	EXAMINATION AND FINANCIAL ANALYSIS DIVISION						
19							
20	This division examines the financial condition, policies, and procedures of insurers for the purpose of determining their solvency,						
21	financial status, and compliance with applicable laws. The Examination Bureau makes field examinations of insurers. The						
22	Financial Analysis Bureau audits financial statements, computes the gross premium tax and surplus line brokers' tax, pre-						
23	pares an annual statistical report, and answers inquiries regarding insurance companies.						
24							
25	Analysis						
26							
27	The increase in this function is largely attributable to the transfer of two positions and related expenses from the Conservation and						
28	Liquidation Division. The Conservation and Liquidation Division is being consolidated with this division because of an estimated						
29	decrease in liquidation work.

31	DIVISION-----				\$385,733	\$414,916	\$419,938
32	CONSERVATION AND LIQUIDATION DIVISION						
33	This division takes possession of the assets and records of insolvent companies as directed by the commissioner or by court order						
34	and administers the affairs of the companies until they have become financially sound or until their assets have been liquidated						
35	and distributed to creditors. The cost of operating this division is recovered from the assets of the companies being administered						
36	to the extent that such assets are available. The scale of operation of this division varies widely and is unpredictable.						
37	Analysis						
38	It is estimated that the work load of this unit will decrease materially in the budget year. The function will be transferred to the						
39	Examination and Financial Analysis Division in 1956-57, and only two positions are continued to process the reduced work load.

GENERAL ANALYSIS

Number of positions----- 129 144 169.5 25.5

Provision is made for continuation of present level of service with additional deputy and clerical positions for increased work load and for the administration of new sections of the Real Estate Act approved by the 1955 Legislature.

The increase is attributed primarily to the following:

13 Technical and clerical positions together with related operating expenses and equipment to meet the increased work load----- \$41,172

14 Technical and clerical positions together with related costs to carry out the revised examination procedures adopted by the 1955 Session of the Legislature----- 82,870

BOARD OF PILOT COMMISSIONERS FOR THE BAYS OF SAN FRANCISCO, SAN PABLO, AND SUISUN

qualifies persons as pilots operating vessels on San Francisco, Suisun and San Pablo Bays. Revenues are received from pilotage fees. In accordance with Section 1159 of the Harbors and Navigation Code, the unencumbered balance in excess of \$6,500 in the Pilot Commissioners' Special Fund, according to the records of the Board of Pilot Commissioners, at the close of business on June 30th of each year, shall, on order of the State Controller, be transferred to the General Fund.

Department of Professional and Vocational Standards

DEPARTMENTAL ADMINISTRATION

Performs all accounting, personnel, and fiscal work for the 29 boards and commissions under the Department of Professional and Vocational Standards. Acts as a liaison with all governmental agencies, prepares the budgets and exercises budgetary control over all units within the department, and manages the Business and Professions Building and Annex.

Office at Sacramento

^a Estimated on accrual basis. Actual repayments are made semiannually, after the close of the period in which net rentals have accrued.

^b In accordance with the provisions of Sections 400 to 404 of the Business and Professions Code, the Business and Professions Building was constructed and is being operated by the Department of Professional and Vocational Standards as a self-sustaining enterprise. Out of the rentals received from state agencies occupying space in the building and fees paid by users of its parking facilities, are defrayed the cost of operating and maintaining the building. The remaining receipts are apportioned back to the agencies contributing to the cost of the building in proportion to their respective investments.

Department of Professional and Vocational Standards

DIVISION OF ADMINISTRATIVE PROCEDURE

The major functions of this division are: To furnish trained hearing officers when requested by any state agency conducting quasi-judicial disciplinary proceedings; to undertake a continuing study of administrative law and procedure and submit suggestions for improvements to the Governor, the Legislature, and the various state agencies; to compile and publish rules and regulations for the various state agencies which are published as the California Administrative Code.

GENERAL ANALYSIS

Number of positions----- 18.4 18.7 22.9 4.4

Estimated number of cases heard is increased from 960 to 1,100. The increased number of hearings is proposed in order to reduce the period of waiting for a hearing from 150 days in Los Angeles, 120 days in San Francisco and 60 days in Sacramento to waiting periods of 30 to 45 days. To alleviate this delay in holding hearings, two hearing officers and two hearing reporters are being provided at a cost of \$27,658 including related equipment. A reduction in the amount required for intermittent hearing reporters corresponding to salary of one of the additional hearing reporters has been made.

Reimbursements have been proportionately increased to reflect the increased staff provided.

GENERAL ANALYSIS

Number of positions 21.7 27.2 27.2

The budget reflects a continuation of the same program as currently authorized. The extension of the position of senior structural engineer and associate civil engineer to June 30, 1957, is proposed. In the 1955-56 Budget two new engineer positions were approved on a tentative basis to enable the staff of the board to accomplish a larger portion of the work in preparing and grading examinations. Because of recruitment and classification problems, the structural engineer position was not filled until September 30 of this year and the civil engineer position is not expected to be filled until January. Therefore, it is proposed to extend these positions for another year when a definite evaluation can be made regarding their permanency.

GENERAL ANALYSIS

21					
22					
23	Number of positions -----	84.6	88.4	92.5	4.1
24					
25	The increase in this budget is due principally to the addition of five new investigator positions and related expenses based on increased work load.

19	GENERAL ANALYSIS				
20	Number of positions	20.5	20.6	21.6	1
21	Provision is made for the addition of an intermediate typist-clerk due to centralization of examination procedures in the headquarter office of the board. Temporary help has been reduced to offset a part of the additional cost. A new type examination which takes longer to grade and prepare has necessitated this increase.				
22	One inspector position has been extended to June 30, 1957, until an evaluation can be made of a policy which has been put into effect upon the recommendation of the Attorney General which will serve to increase the work load of the field staff.

30	One additional position of intermediate typist-clerk, for the Medical Practice Act, is proposed due to a continuing growth in workload and recent legislation requiring permits to be issued to groups or partnerships of physicians or surgeons or chiropradists who meet the requirements of Section 2393 of the Business and Professions Code. The clerical staff has not been increased for the past three years and during the period from 1952-53 to 1956-57 the number of licenses issued by the board will increase approximately 7,800, not including licensed or registered physical therapists.

GENERAL ANALYSIS

Number of positions ----- 20.7 20.5 22.5 2

An additional position of pharmacy inspector is required by recent legislation providing for registered pharmacists to inspect pharmacies. The special investigator formerly handling these duties and the one new position of special investigator requested will provide additional help in the investigative field to police the dangerous drugs which are becoming an increasing problem through illicit traffic into California.

LEGAL DIVISION									
This function provides legal service to the commission. In addition the function provides staff counsel representation in proceedings involving questions under the Public Utilities Act.									
Analysis									
In order to continue the marked effectiveness of the staff counsel provision is made for three counsels to meet the increased workload.

PUBLIC UTILITIES COMMISSION—Continued

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
	54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			

TRANSPORTATION RATE FUND ACTIVITIES

Activities supported by the Transportation Rate Fund are largely regulatory upon rail, truck, and water carriers engaged in the transportation of property. The Transportation Rate Fund revenue is derived primarily from a fee of 0.25 percent of the applicable gross operating revenue earned by carriers from the transportation of property and other related fees.

A plan of financial adjustment between the General Fund activities and the Transportation Rate Fund allocates the cost of certain functions which relate to either fund—the details of which are reflected in the General Fund activities budget and offset by estimated reimbursements from the Transportation Rate Fund. The portion of charges to be borne by the Transportation Rate Fund are shown herein as operating expenses. Functions which pertain entirely to the Transportation Rate Fund are budgeted entirely in this portion of the budget.

Analysis

The 1955 Session passed legislation requiring radial and contract carriers to post a surety bond and show financial responsibility. An additional transportation analyst and temporary help are provided to process these additional work loads.

ADMINISTRATION

LINE	EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57	CHANGE FROM 1955-56
1	GENERAL ANALYSIS				
2					
3					
4	Number of positions-----	517	511.4	509.2	-2.2
5					
6	The department plans no change from its present organization and method of operation. The reorganization of its field operations,				
7	undertaken in 1954-55, has now been evaluated with the result that certain adjustments in staffing of Central and Area Offices				
8	are deemed desirable. These adjustments do not produce a substantive change in total position counts and expenditure patterns.				
9					
10	WORK LOAD				
11	Independent Adoptions, Petitions Filed:				
12	State Department of Social Welfare-----	1,701	1,620	1,470	
13	Licensed counties-----	2,436	2,670	2,950	
14					
15	State-wide-----	4,137	4,290	4,420	
16	Investigation of adoptions under U. S. Public Law No. 203--				
17	actions-----	646	1,200	1,200	
18	Public adoption agencies—licensed-----	17	18	20	
19	Private child placing agencies—licensed-----	31	36	36	
20	Accredited agencies—licensed-----	58	57	58	
21	Institutions for Aged and Children:				
22	24-hour Care:

Bureau of Adoptions						
Analysis						
This unit is responsible for the formulation and interpretation of standards, policies, rules and regulations governing the administration of the adoption programs, including the licensing of private and public adoption agencies. The increase in 1955-56 and 1956-57 is due to the establishment of a position to coordinate the recruitment of homes for children with special needs and to follow up on reports of irregular placements.

Bureau of Office Services						
Analysis						
This unit performs general housekeeping functions, operates the duplicating unit, stenographic pool, central files, mail section, and supply section. All equipment and operating expenses for the department, except travel and some special activities, are included in the bureau's allotment. The department is scheduled to move into the new Employment Building July 1, 1956. This accounts for the increase in rent and moving expense and the decrease in light, heat and power, janitor services, building maintenance and elevator and watchman services.

44	AREA OPERATIONS						
45	Analysis						
46	This unit is responsible for the supervision of local agencies and the execution of departmental policies throughout the State. The State is divided into three areas, with area offices located at Los Angeles, San Francisco, and Sacramento. Each area office is headed by an area deputy who has full responsibility for all operations within the area, and who directs a staff of professional, technical, and clerical personnel. Increase is due to one proposed new position of administrative assistant I in the San Francisco area office which will be used to relieve the area deputy and supervisory staff of certain administrative details, one proposed new position of district representative for the Sacramento area office, two professional positions in the licensing function, and one clerical position, all based on work load.

GENERAL ANALYSIS

Number of positions ----- - 2 3 1

This budget provides for the operation of this committee for one-half of 1955-56 and a full year operation during 1956-57. Chapter 1730, Statutes of 1955, provided \$10,600 for the establishment of the Citizens' Advisory Committee on Aging. Budgetary provision for the Interdepartmental Committee on Aging is discontinued December 31, 1955. An assistant executive secretary is proposed for the 1956-57 year.

GENERAL ANALYSIS

Number of positions-----	54.9	63	64.5	1.5
The 1956-57 Fiscal Year budget for support is a continuation of the program previously authorized with the exception of a change in emphasis in the work of the field administrators which results in one proposed new position.				
Educational assistance to veterans is expected to increase \$150,875 due to a small increase in enrollments and cost per student. The number of Korean War veterans in the program is expected to increase more rapidly than the number of World War II veterans enrolled decreases.				
Contracts with veterans' organizations for assistance to veterans in pursuing claims against the United States arising out of war service is continued at the level established in the 1953-54 Fiscal Year.				
Educational assistance to veterans' dependents is estimated to increase \$48,200 due to expected continuation of the increased rate of enrollments experienced in recent years.				

SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
	54-55 (Filled)	55-56 (Auth.)	56-57 (Auth.)			

DIVISION OF ADMINISTRATION

This division provides general direction and coordination of the other divisions and special programs.

Analysis

The decrease in this division is due to increased reimbursements from the Veterans' Farm and Home Building Fund partially offset by increased rent and moving costs. Rent is expected to increase when the main office moves to the Veterans' Building in March, 1957.

11	DIVISION OF SERVICE AND COORDINATION						
12	This division coordinates all of the State's veterans programs and provides informational and advisory services to agencies in contact with veterans and assistance to veterans in presenting claims against the United States arising out of war service.						
13	Analysis						
14	The increases in this division are primarily due to salary adjustments and increased costs related to the following proposed new position:						
15	Proposed New Position:						
16	1 Field administrator (expires June 30, 1958)						\$5,496
17	This position is proposed to assist the present four field administrator positions in carrying out a revised program of audits of veterans' organizations contracting with the department for payment of costs incurred in pursuing veterans' claims against the United States. During the 1955-56 Fiscal Year the department changed from a financial audit to an activities audit of such organizations in addition to continuation of the program of activities audits of county veterans service officers on a reduced basis. This program results in greater assurance that the contracting organizations are adhering to the provisions of their contracts in carrying out the applicable sections of the Military and Veterans Code. Another objective is to achieve greater economy of operation within the veterans' organizations thus reducing, to some extent, the need to request increased payments by the State. This position is proposed for two years on the basis that the effectiveness of this program will be carefully studied and the need for continuation of the program and this position will be reviewed after a trial period.

33	GENERAL FUND							
34	For Educational Assistance to Veterans, to Be Expended Under							
35	the Provisions of Article 2, Chapter 6 of Division 4 of the							
36	Military and Veterans Code							
37	The assistance is limited to a total payment of \$1,000 per California veteran. The subsistence is limited to \$40 per month based on							
38	actual attendance in school, plus school books and supplies as are necessary, not to exceed a total of \$50 per month. In addition							
39	tuition costs are paid, provided the maximum of \$1,000 per veteran is not exceeded.							
40	Analysis							
41	The amount proposed is based on a small increase in enrollments and costs per student. It is estimated that Korean War veterans will							
42	more than offset decreased World War II veteran enrollments.							
43	OPERATING EXPENSES

13							
14							
15	The educational aid to widows and orphans is not limited as to total amount for each eligible; however, subsistence payments may not						
16	exceed \$480 per year on the basis of school attendance. Payments are limited to \$40 per month for college students, and \$20 per						
17	month for high school students, and represent only amounts for subsistence, per Department of Veterans Affairs policy. Orphans						
18	over 16 years but not over 21 years of age may file for and receive assistance until the course is completed or until 27 years of						
19	age is reached, whichever occurs first. Assistance to widows is limited to not more than four years duration.						
20							
21	Analysis						
22							
23	Continuation of the increased rate of enrollments experienced in recent years is expected. The amount proposed will provide assistance						
24	for an enrollment increase of 13 percent and an increase in cost per enrollment as the proportion of college students in the total						
25	enrollment increases.

32					(15.1%)
33					
34	GENERAL ANALYSIS				
35					
36	Number of positions				
37	Civilian.....	488	518	600	82
38	Member.....	110.5	114.3	118.3	4
39					
40	POPULATION AND UNIT COSTS				
41	Average member population.....	1,833	1,853	2,018	165
42					(8.9%)
43	Year-end population.....	1,785	1,884	2,012	128
44					(6.8%)
45	Cost per member.....	\$1,564	\$1,749	\$1,849	\$100
46					(5.7%)
47	The increase in per capita cost is primarily due to the occupancy of two new facilities—the new 206-bed convalescent and chronic barracks in January, 1956, and the 114-bed hospital wing in August, 1956—both units requiring higher operating costs because they are hospital facilities. There was a net increase of only 127 beds when the convalescent and chronic barracks was opened since a temporary 79-bed unit was discontinued.				
48					
49	SALARIES AND WAGES: The increase of \$337,212 is due to the full-year cost of positions authorized during the 1955-56 Fiscal Year, merit salary adjustments partially offset by increased salary savings, and the following:				
50	Proposed New Positions (effective August 1, 1956):				
51	2 Physician and surgeon II.....				\$18,062
52	14 Graduate nurse.....				48,790
53	32 Hospital aid.....				83,475
54	2 Janitor.....				5,466
55	These positions will staff the new wing on the same basis as the other wings are now staffed. The only exception is that an additional hospital aid post is included for each of the two 40-bed wards because they are larger than comparable wards in the older part of the hospital.				
56					
57	6 Food service assistant.....				14,850
58	1 Cook.....				3,345
59	These positions are required for meal preparation and service for the increased number of hospital patients.				
60					
61	2 Baggage room custodian, member.....				2,470
62	These positions will staff the new hospital baggage room for storage of the belongings of the 451 members in the hospital.				
63					
64	^a Composed of savings in salaries and wages, \$243,861; operating expenses, \$121,778; equipment, \$2,365; loss in reimbursements, \$5,593; decreased contributions from Federal Government, \$98,761.				
65	^b Contributions from the Federal Government are not included in the over-all budget totals, either as revenue or expenditures. For summary of federal aid funds, see Schedule 7.

VETERANS' HOME OF CALIFORNIA—Continued

LINE	EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57	CHANGE FROM 1955-56
1	GENERAL ANALYSIS—Continued				
2	SALARIES AND WAGES—Continued				
3	Proposed New Positions (effective August 1, 1956)—Continued				
4	2 Elevator operator, member-----				\$2,722
5	These positions will provide sufficient operators to increase the west wing (also serving the new wing) elevator service to 12 hours per day, bringing it to the same schedule as the elevator now serving the other two wings.				
6	1 Laundry helper-----				2,475
7	This position will be assigned to the hospital laundry room to help meet work load increases since 1948. The increased laundry load from the new wing now makes this additional position necessary.				
8	2 Intermediate stenographer-clerk-----				5,740
9	These positions are proposed to augment the present hospital clerical pool of six positions to meet the increased work load created by the new wing and increased professional staff added in recent years.				
10	1 Medical social worker-----				3,836
11	This position is proposed to meet the increased work load since 1945 when the present position was authorized. The duties of this position are largely related to the hospital and convalescent and chronic patients.				
12	2 Clinical laboratory technician (one effective July 1, 1956)-----				7,651
13	These positions are proposed to meet increased clinical laboratory work load which has developed prior to completion of the new wing plus that created by the added number of hospital patients in the new wing.				
14	1 Pharmacist (effective July 1, 1956)-----				5,232
15	This pharmacist, in addition to the two now authorized, is proposed to meet increased work load resulting from the growth in the home's membership and increased number of hospital patients since the second position was authorized in 1945.				
16	1 Physician and surgeon II (effective July 1, 1956)-----				9,852
17	This position will provide vacation relief for the other doctors and some week-end duty relief. The doctors all carry specific assignments which must be covered during these periods.				
18	1 Graduate nurse-----				3,810
19	This nurse will work with the second domiciliary medical officer authorized in the 1955-56 Budget.				
20	2 Hospital aid-----				5,202
21	These positions will provide one additional post in the hospital central supply room plus relief.				
22	2 Building maintenance man (effective July 1, 1956)-----				7,260
23	These positions are proposed to meet increased work load created by additional facilities and to implement a preventive maintenance zone program. This is intended to take care of all future preventive maintenance staff requirements for additional construction.				
24	1 Electrician (effective July 1, 1956)-----				4,404
25	This position is proposed to meet increasing electrician work load created by recent new construction including the hospital wing.				

OPERATING EXPENSES: The increase of \$109,425 is due to increased membership and the new facilities.

EQUIPMENT: The total of \$45,657 is an increase of \$20,268 over the 1955-56 Fiscal Year. Major items include replacement medical equipment, \$6,302; additional medical equipment, \$10,579; replacement of a tractor, \$2,080; and replacement of motor vehicles, \$16,122.

Department of Veterans Affairs

WOMAN'S RELIEF CORPS HOME

The home is for custodial, medical, and nursing care of the widows and dependent, destitute, unmarried daughters of Union Veterans who served honorably in the Civil War. Admissions to the home were closed in 1947 and, effective May 1, 1954, the facilities were leased to private persons for the purpose of conducting a nursing home for the aged. Under the terms of contractual arrangement between the Department of Veterans Affairs and the private persons, the remaining members will be cared for in accordance with standards of care and service prescribed by the department.

Located near San Jose, Santa Clara County

Workmen's Compensation Benefits for State Employees

Compensation, hospitalization, and medical care as prescribed by the Workmen's Compensation Act, for state employees injured in line of duty whose salaries are paid from the General Fund and services of State Compensation Insurance Fund as adjusting agent.

RECONCILIATION WITH APPROPRIATIONS

General Fund

Budget Act appropriation.....	\$800,000	\$980,000	\$1,120,000
Special appropriation—Chapter 1430, Statutes of 1955.....	110,000	-	-
Total Available	\$910,000	\$980,000	\$1,120,000
Unexpended balance, estimated savings.....	-2,671	-	-
TOTAL EXPENDITURES	\$907,329	\$980,000	\$1,120,000

Payments for Additional Workmen's Compensation for Subsequent Injuries

This fund provides benefits for permanent disabilities which arise from industrial injury suffered by an employee who has suffered from a previous specific permanent disability.

RECONCILIATION WITH APPROPRIATIONS

General Fund

Budget Act appropriation.....	\$225,000	\$250,000	\$416,000
Allocations from Emergency Fund.....	32,000	93,000	-
Total Available	\$257,000	\$343,000	\$416,000
Unexpended balance, estimated savings.....	-1,054	-	-
TOTAL EXPENDITURES	\$255,946	\$343,000	\$416,000

Analysis

Chapter 1092, Statutes of 1955, amended Sections 4751 and 4753 of the Labor Code to specify pre-existing disabilities and made provision for deductions from compensation payments for payments received from certain other sources for pre-existing disabilities. The law, effective for two years only, will have no immediate financial effect, as current awards are those resulting from injuries occurring one or more years ago.

^a The expenditures of these funds are not included in the over-all budget totals.

Payments for Additional Workmen's Compensation for Subsequent Injuries—Continued

General Fund—Continued

Analysis—Continued

Chapter 1093, Statutes of 1955, added Section 5100.5 to the Labor Code to prohibit commutation of payments under this division.
Expenditures since enactment of the law in 1945 have been as follows:

	Compensation payments	State Compensation Insurance Fund service charge	Attorney General costs	Total expenditures
1945-46	—	—	—	—
1946-47	—	—	—	—
1947-48	\$4,355	\$218	—	\$4,573
1948-49	16,707	835	—	17,542
1949-50	39,922	1,996	—	41,918
1950-51	45,056	2,253	\$450	47,759
1951-52	55,550	2,781	887	59,218
1952-53	104,609	5,231	5,665	115,505
1953-54	138,507	6,925	9,569	155,001
1954-55 (Attorney General's cost estimated)	189,509	9,475	58,000	256,984
1955-56 (estimated)	260,000	13,000	70,000	343,000
1956-57 (estimated)	320,000	16,000	80,000	416,000

Refund of Taxes, Licenses and Other Fees

For the refunding of licenses, taxes, and other fees erroneously collected and paid into the General Fund for which no other specific provision of law exists for such refund.

Permanent Revolving Funds

Analysis

It is proposed to extend the availability of the appropriation made by the Budget Acts of 1952 and 1955, to provide the means of adjusting the capitalization of revolving funds particularly for the extension of the central automobile pool.

GENERAL ANALYSIS

The State Personnel Board has recommended that funds be provided for a general salary increase of approximately 5 percent for the 1956-57 Fiscal Year. In addition it has requested that \$750,000 be made available to provide for special salary adjustments for Civil Service employees paid from the General Fund. A comparable amount has been provided for employees paid from special funds and for employees exempt from Civil Service whose salary is set by other than the Personnel Board.

GENERAL FUND

Salary Increase Fund Recommended From Which Allocations May Be Made to Augment Agency Budgets for the 1956-57 Fiscal Year:

Civil Service Classes:

Number of positions-----	34,131
Total salaries and wages-----	\$154,915,958
Less: Costs reimbursed-----	—8,112,339

Net Salaries and Wages-----	\$146,803,619	\$7,340,180
-----------------------------	---------------	-------------

Classes Exempt From Civil Service:

State College—Academic Classes:

Number of positions-----	2,354.4
Salaries and wages-----	14,896,729

State College—Nonacademic Classes:

Number of positions-----	2,112.6
Salaries and wages-----	10,858,963

National Guard—Military Classes:

Number of positions-----	79.3
Salaries and wages-----	534,470

Other Exempt Classes:

Number of positions-----	621.5
Salaries and wages-----	4,158,866

Statutory and Constitutional Officers:

Number of positions-----	247
Salaries and wages-----	2,551,384

University of California—Academic Classes:

Number of positions-----	4,509.4
Salaries and wages-----	32,886,386

University of California—Nonacademic Classes:

Number of positions-----	10,721.2
Salaries and wages-----	42,189,951

Provision for special salary adjustments-----

2,109,498
750,000

TOTAL EXPENDITURES -----		\$12,941,532
---------------------------------	--	--------------

Number of positions-----	54,776.4
Salaries and wages-----	\$262,992,707

^a Savings due to use of excess salary savings, and \$312,116 was available for further increases but was not used.

^b Savings due to use of excess salary savings. The University of California used other available funds in the amount of \$1,340,074.

^c See list of detailed allocations in budget for Reserve for Contingencies.

^d A specific amount is not appropriated from each special fund, but the amount required will be made available from the surplus in each special fund by executive order of the Department of Finance.

^e Trust, revolving, federal and other funds are not included in the over-all budget totals.

GENERAL ANALYSIS

The 1954-55 Emergency Fund included an amount for special salary increases. For comparative purposes the appropriation and allocations are shown under provision for salary increases.

There is included in the agency budgets \$782,571 which has been allocated from the Emergency Fund. This includes \$127,234 for the Department of Agriculture for suppression of Khapra beetle and \$93,000 for a deficiency for workmen's compensation for subsequent injuries.

It is proposed to request a deficiency appropriation of \$220,234 which is the amount of the two allocations mentioned above. This will leave a total of \$437,663 for general emergencies for the balance of the 1955-56 Fiscal Year.

There is also proposed a deficiency appropriation of \$1,000,000 to provide for emergency expenditures incurred by state agencies in connection with the flood disaster of December, 1955, and January, 1956

For the 1956-57 Fiscal Year, \$1,000,000 is requested for general emergencies and \$1,000,000 for emergencies of extraordinary nature.

Chapter 161, Statutes of 1927-----	\$43,563	\$42,438	\$41,313	
TOTAL EXPENDITURES, ALL FUNDS-----	\$3,401,964	\$3,301,248	\$3,201,654	

GENERAL ANALYSIS

These debt service charges do not include charges on bonds issued for construction at the San Francisco harbor, or charges on bonds issued for the veterans' farm and home loan program. They are general obligation bonds; however, the charges are primarily the obligation of the respective utility fund. The activity of these utility funds are reported in the appendix section of the budget.

Debt service charge on school building bonds are considered as assistance to local units of government and are reported under the Local Assistance Budget, Subventions for Education.

Interest and redemption charges on highway bonds are withheld from motor vehicle license fee revenues.

Interest and redemption charges on bonds issued for construction of state and university buildings, and for acquisition of areas for state park purposes, are currently met from funds which were set aside from General Fund surplus and placed in the Bond Sinking Fund of 1943. Sufficient funds were set aside to meet all debt service requirements to final maturity; however, \$5,000,000 was transferred to the Highway Fund to be used as a loan to the Golden Gate Bridge and Highway District, to be returned out of toll revenues after the bonded indebtedness of the district is retired in 1971. Available funds in the Bond Sinking Fund of 1943 will be exhausted in the 1956-57 Fiscal Year. Whereas \$799,095 is required, only \$564,299 is available, and the General Fund will be charged with the difference of \$234,792.

There has been transferred to the State Buildings Interest and Sinking Fund sufficient money to retire the outstanding Sacramento state buildings bonds, which will become due in 1965.

^a Donated funds. Neither receipts nor expenditures are included in the budget totals.

STATE BUILDING PROGRAM

SUMMARY OF PROPOSED NEW CAPITAL OUTLAY APPROPRIATIONS FOR 1956-57

The following table summarizes the proposed new appropriations for the 1956-57 Fiscal Year for the State Building Program. The major projects are shown by departments in order of priority. Detailed explanation and description of each project is contained in the following agency detail budgets.

LINE	AGENCY AND PROJECT	PROPOSED NEW APPROPRIATIONS	
		FROM CAPITAL OUTLAY AND SAVINGS FUND	FROM SPECIAL FUNDS
1	Department of Agriculture:		
2	Minor construction and improvements	\$1,975	\$4,933
3			
4	Poultry Improvement Commission:		
5	Modesto—Relocation and improvement of chicken testing building and facilities	-	\$45,850
6	Minor construction and improvements	-	12,500
7			
8	Totals, Poultry Improvement Commission	-	\$58,350
9			
10	Department of Corrections:		
11	State Prison at Soledad—Equip additional cell buildings (final increment)	\$500,000	-
12	Institution for Men—Domestic well and pump	54,360	-
13	State Prison at Folsom—Additional water pipeline and standbox	26,290	-
14	Men's Colony—Relocate and renovate existing army buildings (200 capacity)	67,500	-
15	Men's Colony—Equip relocated existing army buildings	95,730	-
16	Men's Colony—Working plans for new medium security facility	500,000	-
17	Men's Colony—Utilities and services for new medium security facility	200,000	-
18	State Prison at Soledad—Water closets and lavatories in existing cells (second increment)	109,350	-
19	Institution for Women—Construct additions to four inmate cottages (80 capacity)	499,650	-
20	Institution for Women—Equip additions to four inmate cottages	40,000	-
21	Institution for Women—Construct addition of tubercular ward to hospital (20 beds)	189,200	-
22	Institution for Women—Equip addition of tubercular ward in hospital	10,000	-
23	Institution for Men—Sewage treatment plant (Tehachapi)	43,750	-
24	Institution for Women—Grounds drainage	74,750	-
25	State Prison at Folsom—Addition to cannery	202,200	-
26	Minor construction and improvements	397,640	-
27			
28	Totals, Department of Corrections	\$3,010,420	-
29			
30	Department of the Youth Authority:		
31	Ventura School—Emergency repairs	\$50,000	-
32	Paso Robles School—Water development	54,200	-
33	Preston School—Additional reservoir	145,850	-
34	Youth Training School—Initial development	5,938,300	-
35	Fricot School—Two academic classrooms	44,800	-
36	Preston School—Administration building replacement	324,450	-
37	Preston School—Relocate security fence	39,950	-
38	Preston School—Firehouse replacement	44,100	-
39	Preston School—Remodel K cottage	38,750	-
40	Fricot School—Remodel residence to apartments	28,050	-
41	Paso Robles School—Two 50-boy dormitories	511,650	-
42	Paso Robles School—Additional dining area	75,100	-
43	Paso Robles School—Vocational and academic classrooms	218,100	-
44	Paso Robles School—Security fence and lighting	77,500	-
45	Paso Robles School—Administration and commissary additions	119,750	-
46	Northern California Reception Center—Segregation unit	100,950	-
47	Preston School—Replace and rebuild boilers	121,750	-
48	Northern California Reception Center—Additional dormitory	281,450	-
49	Nelles School—Replace street lighting system	33,850	-
50	Nelles School—Rebuild scullery	21,145	-
51	Minor construction and improvements	178,595	-
52			
53	Totals, Department of the Youth Authority	\$8,448,290	-
54			
55	Department of Education:		
56	Equip Buildings Funded in 1955-56:		
57	Chico State College—Industrial arts building	\$190,000	-
58	Fresno State College—Physics building	31,900	-
59	Fresno State College—Cafeteria	36,000	-
60	Fresno State College—Classroom building	115,000	-
61	Fresno State College—Health building	35,500	-
62	Humboldt State College—Wildlife facilities	6,000	-
63	Humboldt State College—Music building	75,000	-
64	Humboldt State College—Art and home economics building	50,000	-
65	Long Beach State College—Swimming pool	11,500	-
66	Long Beach State College—Men's gymnasium	23,000	-
67	Los Angeles State College (San Fernando Valley)—Temporary buildings	238,000	-
68	Sacramento State College—Life science building	194,000	-
69	Sacramento State College—Health building	38,000	-
70	Sacramento State College—Corporation yard	11,500	-
71	San Diego State College—Classroom building	199,000	-
72	San Diego State College—Cafeteria	65,000	-
73	San Diego State College—Speech building addition	70,000	-
74	San Francisco State College—Classroom building	81,000	-
75	San Jose State College—Administration building	120,000	-
76	California State Polytechnic College (San Luis Obispo)—Engineering building	500,000	-
77	California State Polytechnic College (Kellogg-Voorhis)—Physical education facilities	58,000	-
78	California State Polytechnic College (Kellogg-Voorhis)—Agricultural production units	43,000	-
79			
80	a Fair and Exposition Fund.

POULTRY IMPROVEMENT COMMISSION

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
1				
2	Analysis			
3				
4	The 1954-55 program provided for construction of a turkey testing project, as authorized by a legislative amendment to the 1953			
5	Budget Act. Completion of the project is estimated in 1955-56. Relocation of chicken testing buildings and facilities is pro-			
6	posed in 1956-57 due to a new highway approach.

DEPARTMENT OF CORRECTIONS—Continued

GENERAL ANALYSIS

The five-year building program of this department is designed to provide facilities that will meet the anticipated population growth and ultimately permit housing of inmates according to the following standards:

For cell buildings—one bed and one prisoner per cell.

For dormitories—one bed and one prisoner per 50 square feet of floor space.

The program also includes structural rehabilitation of the older prisons and elimination of unsafe facilities.

The rated capacities shown below are computed on the above standards with 25 percent of the hospital beds being included at all institutions, except Medical Facility and Men's Colony where all beds are counted.

The estimated population figures shown below reflect recent changes in the number of admissions to institutions through court commitments. Furthermore, a new program of intensive inmate treatment which is being proposed in the support budgets of the Department of Corrections is expected to reduce the population 1,000 by June 30, 1959. The projected population is based on an anticipated court commitment rate of 50 per 100,000 population in the 15-64 age group for adult male felons and 2.8 per 100,000 in the same age group for adult female felons.

The 1956-57 major construction program is primarily directed toward an expansion in capacity to meet the needs of the increasing inmate population and to progress toward the goals set forth above. Additional construction to increase rated capacity by 285 is proposed for the Institution for Women and Men's Colony. Working drawings and construction of utilities and services are proposed for a new medium security facility to be constructed eventually at the Men's Colony. Other projects provide for additional water and sanitary facilities at existing institutions, to service additional facilities currently financed, and for the expansion of the industrial programs.

The 1956-57 minor construction program mainly proposes essential and necessary projects at the older institutions and minor improvement and alteration projects at the newer institutions.

SUMMARY OF POPULATION AND CAPACITIES AT END OF YEAR (JUNE 30)

5	This new permanent institution, with a rated capacity of 1,370, provides special custody of inmates who are mentally defective,			
6	chronically ill, narcotics addicts, sex offenders, or otherwise physically or mentally abnormal. Close custody will be provided in			
7	the reception-guidance center unit for observation and study of new commitments, prior to assignment to other institutions. This			
8	unit, with a rated capacity of 600, is now under construction and will be occupied in the 1957-58 Fiscal Year. Due to the			
9	nature of the institution there is a limited training program and the emphasis is on treatment.			
10	The site for the institution is located in Solano County about two miles south of Vacaville and consists of 903 acres of land, of			
11	which approximately 100 acres are to be used for inmate and employee building areas.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
Men's Colony				
The present facility is located in the hospital section of Camp San Luis Obispo and houses 1,000 inmates in army barracks. Additional barracks buildings will be activated in this area to increase the capacity to 1,200, with funds for moving necessary buildings and for the purchase of equipment proposed in the 1956-57 Fiscal Year.				
Pursuant to Section 2046 of the Penal Code, it is planned eventually to build a 3,000 capacity medium security institution on this property which is owned by the State. Funds for working plans and for utilities and services for the initial increment of 1,200 capacity are proposed in 1956-57. Additional increments will be added in the future as necessary with the barracks buildings now in use being replaced eventually.				
Prior appropriations for the new medium security prison to secure a site and prepare working plans are being reverted as reflected in this budget.

Correctional Facility, Chino

A 1,000-capacity institution was to have been established on the Chino property in accordance with the provisions of Section 6200 of the Penal Code. It would have housed partially physically incapacitated, chronically infirm, or those in need of special treatment because of advancing age. Most of the inmates in this specialized group are now being cared for at the Men's Colony. As this institution is not needed in the immediate future, funds for working drawings are reverted.

MAJOR CONSTRUCTION, IMPROVEMENTS,

3				
4	Institution for Men, Chino			
5	This is primarily a minimum security prison with an extensive agricultural and industrial program. The institution is located in San Bernardino County about two miles south of Chino on 2,566 acres of land. It was opened in 1941 and consists of reinforced concrete permanent main buildings, semipermanent steel industrial buildings, frame farm buildings and temporary steel barracks buildings. The southern reception-guidance center is located on a 15-acre portion of the Chino site, and is reinforced concrete construction with a capacity of 400 inmates.			
6	The Tehachapi branch, located at the former women's institution near Tehachapi, houses 500 inmates and is administered by the main institution at Chino. It is a minimum security facility.			
7	Two major projects, modifying the sewage treatment plant at the Tehachapi branch and providing an additional well with pump at the main institution, are proposed for the 1956-57 Fiscal Year.

State Prison at Soledad

This is a medium security institution with an agricultural and vocational training program. Construction of permanent facilities reinforced concrete was completed in 1951, to house 1,552 inmates. The barracks unit, with a rated capacity of 436, houses farm workers and other inmates in prefabricated steel buildings. The institution is located in Monterey County about four miles north of Soledad on 936 acres of land of which approximately 100 acres are used for inmate and employee building area. The remainder of the site is used for an extensive agricultural program. A currently financed satellite unit with an additional capacity of 1,200 is expected to be completed in 1958, and will bring the total rated capacity of the institution up to 3,188.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1955-56 EXPENDITURES *

Water closets and lavatories in existing cells (second increment) --- \$109,350

Budget Act of 1956 Proposal

This proposal is the second increment of four, which would eventually provide better security in wings C and D, and is a part of the expansion program at this institution.

Equip additional cell buildings (final increment) ----- 500,000

Budget Act of 1956 Proposal

This proposed equipment together with the equipment approved in 1954-55 will provide for the 1,200 capacity satellite unit to the main prison.

ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *

Source of funds

1954-55 1955-56

Preliminary Plans For:

Water closets and lavatories in existing cells (second increment) ----- \$700

Holding basin and pipeline for irrigation ----- 900

Budget Act of 1955, Item 398 ----- \$1,600

Soledad—Additional Cell Buildings
(1,200 Capacity):

Construction ----- 7,000,000

Equipment (first increment) ----- 110,000

Preliminary plans ----- \$10,768^a

Equip farm annex for additional capacity ----- 44,090 7,410

Budget Act of 1953, Item 392 ----- \$10,768^a

Budget Act of 1954, Item 293 ----- 44,090 1,201,410

Budget Act of 1955, Item 292 ----- 5,592,900

Budget Act of 1955, Item 397 ----- 323,100

Water closets and lavatories in existing building (first increment) ----- 63,325

Budget Act of 1955, Item 292 ----- 63,325

Construct and equip industries building ----- 4,045^a 9,805

Budget Act of 1951, Item 280 ----- 4,269^a 9,762

Institution for Women

This institution includes all types of custody and is also the reception center for new commitments. It has an industrial vocational training and treatment program. Permanent housing presently financed provides for 574.

The institution is located in San Bernardino County about seven miles northwest of Corona, and consists of 120 acres of land.

This budget proposes construction of facilities with an additional rated capacity of 85, bringing the total rated capacity to 659.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Additions to Four Inmate Cottages (80 Capacity):			
Construction	-	-	\$499,650
Equipment	-	-	40,000
Budget Act of 1956 Proposal			
To provide a 20-bed addition to each of the four existing 100-bed cottages, and related facilities including enlargement of the sewage treatment plant.			
Addition of Tubercular Ward to the Hospital (20 Beds):			
Construction	-	-	189,200
Equipment	-	-	10,000
Budget Act of 1956 Proposal			
To provide a 20-bed self-contained unit, including kitchen, recreation, therapy and day rooms in a segregated area.			
Grounds drainage	-	-	74,750
Budget Act of 1956 Proposal			
To provide drainage throughout the institution grounds in order to divert water from entering buildings, from flooding walks, roads and yards and from standing in the boiler room area.

DEPARTMENT OF THE YOUTH AUTHORITY—Continued

GENERAL ANALYSIS

The capital outlay program of the Department of the Youth Authority is planned to replace existing inadequate facilities and to meet the capacity requirements resulting from the increased California juvenile population. The demand for additional capacity is being alleviated to some extent by a program of encouraging improvements in juvenile law enforcement, increased use of probation, increased use of county juvenile homes and camps (subsidized by the State at one-half cost or not to exceed \$95 per month per ward) and increased use of parole.

The major part of the capital outlay program for the 1956-57 Fiscal Year is construction of the 428-bed Youth Training School. It will be located on a portion of the site of the Institution for Men, Chino.

Additional capacity at the Northern California Reception Center and Clinic is also included. Projects of Fricot Ranch School for Boys include additional academic classrooms and remodeling of a residence to provide three additional apartments. The Fred C. Nelles School for Boys budget includes two relatively minor rehabilitation projects.

Facilities for an additional 100 boys are included in the Paso Robles School for Boys 1956-1957 capital outlay program. Included are housing, an additional dining room, additional classrooms, additional administration offices, and improvements in the security fence. A water development project is also included to assure an adequate water supply for the institution.

Preston School of Industry projects are largely a continuation of the replacement and relocation program which has been in progress for several years. An additional water reservoir is also included to maintain an adequate water supply.

Continued use of the Ventura School for Girls pending construction of the new institution will require periodic emergency repairs, an appropriation for which is included in this budget.

SUMMARY OF POPULATION AND CAPACITIES AT END OF YEAR (JUNE 30)

3	Northern California Reception Center and Clinic			
4				
5	This institution is located on a 17-acre site approximately seven miles east of Sacramento, near Perkins. This facility receives a			
6	boys and girls from Northern California. The major purpose of this facility is to centralize intake and to make diagnostic studie			
7	and training recommendations on each case. Intensive medical, dental, psychological, and psychiatric treatment are given. Seriou			
8	medical and psychiatric cases developing in the schools are also treated.			
9	The new institution was completed in June, 1954, with a capacity of 141 dormitory beds and 26 hospital and detention beds. An addi			
10	tional 70 beds are budgeted in the 1956-57 Fiscal Year.

3	Forestry Camps for Boys			
4	In cooperation with the Division of Forestry, three forestry camps for boys are being operated. These camps are located at Coarsegold, Pine Grove, and Ben Lomond. The main camp at Coarsegold will be replaced by a new facility at Mount Bullion during the 1956-57 Fiscal Year. One of the present spike camps will be discontinued and the Coarsegold camp will become a spike camp. In addition to the three main camps, three spike camps of 20 boys each are operated on a year-round basis. With the exception of the new camp, structures in the camps are primarily of a temporary nature, either old CCC camp buildings or other wooden Butler type buildings.

5	Fricot Ranch School for Boys			
6	Fricot Ranch School for Boys is located in the foothills, 11 miles from San Andreas, at an elevation of approximately 1,700 feet. The			
7	general terrain of the country is mountainous. The new construction is of concrete floor slab with radiant heating, frame walls			
8	and ceilings. Of the total of 1,090 acres, buildings are located on approximately 50 acres. The present capacity is 162 wards			
9	consisting of three dormitories housing 50 boys each and the hospital. Completion of the segregation-administration unit in the			
10	1956-57 Fiscal Year will increase the capacity to 182, including 12 beds in the hospital.

2				
3	Fred C. Nelles School for Boys			
4				
5	Fred C. Nelles School for Boys was constructed in 1890 at Whittier, California. The institution is largely of brick construction			
6	with a capacity on June 30, 1957, of 354 including the hospital and detention units with a capacity of 37. The buildings are			
7	in good condition, except several buildings damaged by earthquakes are being replaced by buildings budgeted in the 1955-56			
8	Fiscal Year.

15				
16	Replace street lighting system-----	-	-	\$33,850
17	<i>Budget Act of 1956 Proposal</i>			
18	Complete replacement of the street lighting system is necessary to			
19	comply with safety requirements and to relocate street lighting			
20	cable located outside the institution grounds.			
21				
22	Modernize and enlarge scullery area-----	-	-	21,145
23	<i>Budget Act of 1956 Proposal</i>			
24	Modernization and enlargement of the scullery area is necessary			
25	to provide adequate work space and efficient work flow, and			
26	to eliminate unsanitary conditions.			
27				
28	Remodel cottage to provide two dormitories—equipment-----	-	-	11,000
29	Equip admission unit and control center-----	-	-	12,000
30	Equip power house, laundry, and trades buildings-----	-	-	20,000
31	<i>Budget Act of 1955, Item 301</i>

1				
2				
3	Paso Robles School for Boys			
4				
5	The Paso Robles School for Boys is located near Paso Robles, San Luis Obispo County. The school site covers 203 acres and the			
6	institution occupies an area of approximately 40 acres. The permanent facilities have a capacity of 343 plus hospital and deten-			
7	tion capacity of 40. All buildings at this institution are of single-story construction and are of reinforced brick construction with			
8	radiant heating. Each cottage houses 50 boys and is of dual type: single rooms and dormitories. Proposed construction includes			
9	100 additional beds.			
10				
11				
12	MAJOR CONSTRUCTION, IMPROVEMENTS,			
13	AND EQUIPMENT			
14				
15	PROPOSED 1956-57 EXPENDITURES *			
16				
17	Two Additional 50-boy Dormitories:			
18	Construction -----	-	-	\$494,050
19	Equipment -----	-	-	17,600
20	<i>Budget Act of 1956 Proposal</i>			
21	Two additional dormitories are proposed to house an anticipated			
22	increase in the boy population.			
23				
24	Additional Dining Room and Rearrange Existing Dining Room:			
25	Construction -----	-	-	72,500
26	Equipment -----	-	-	2,600
27	<i>Budget Act of 1956 Proposal</i>			
28	This project provides sufficient tables to permit two-shift feeding of			
29	the institution population, and relocation of tables in the exist-			
30	ing dining room to reduce crowding.			
31				
32	Addition to Academic School, Additional Vocational Classrooms,			
33	and Vocational Building Alterations:			
34	Construction -----	-	-	203,200
35	Equipment -----	-	-	14,900
36	<i>Budget Act of 1956 Proposal</i>			
37	This will provide two academic classrooms, three vocational class-			
38	room and a shoe repair shop, and partitions in the existing			
39	vocational building to divide it into one arts and crafts room			
40	and a vocational shop. The additional classrooms are required			
41	to provide adequate vocational and academic facilities for the			
42	anticipated increase in population.			
43				
44	Improvements to security fence, additional security fence, and			
45	fence lighting -----	-	-	77,500
46	<i>Budget Act of 1956 Proposal</i>			
47	This will provide increased security largely necessitated by the			
48	population increases.			
49				
50	Additions to Administration and Commissary Buildings and Admin-			
51	istration Building Alterations:			
52	Construction -----	-	-	114,050
53	Equipment -----	-	-	5,700
54	<i>Budget Act of 1956 Proposal</i>			
55	This will provide additional office space and visiting area in the			
56	administration building and increased storage space and busi-			
57	ness offices in the commissary building.			
58				
59	New well, pump, pressure tank, and electrical corrosion control----	-	-	54,200
60	<i>Budget Act of 1956 Proposal</i>			
61	This project will provide increased water supply to meet the insti-			
62	tution's anticipated requirements together with a new water			
63	storage and pressure tank. Electrical corrosion control of the			
64	water distribution system is also included to extend the sys-			
65	tem's life.			
66				
67	Equip Restricted-Detention Building-----	-	-	7,800
68	<i>Budget Act of 1954, Item 299</i>			
69				
70	Equip Auditorium -----	-	-	4,915
71	<i>Budget Act of 1953, Item 306</i>			

* From Capital Outlay and Savings Fund unless otherwise indicated.

1				
2				
3	Preston School of Industry			
4				
5	Preston School of Industry was constructed in 1894 at Ione. A reconstruction program has been initiated, replacing and relocating			
6	many condemned and inadequate facilities. The dormitory and segregation capacity will total 682 on June 30, 1957, plus 94			
7	hospital and detention beds.			
8				
9				
10	REAL PROPERTY ACQUISITION			
11				
12	ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *			
13				
14				
15				
16				
17	Acquire site for additional reservoir-----	-	\$10,000	-
18	<i>Budget Act of 1955, Item 305-----</i>			
19				
20				
21	MAJOR CONSTRUCTION, IMPROVEMENTS,			
22	AND EQUIPMENT			
23				
24	PROPOSED 1956-57 EXPENDITURES *			
25				
26	Construct additional water reservoir-----	-	-	\$145,850
27	<i>Budget Act of 1956 Proposal</i>			
28	An additional reservoir is required to provide sufficient water for			
29	irrigation, flushing, and fire protection.			
30				
31	Administration and Visiting Facilities (Completion of Administra-			
32	tion Building Replacement) :			
33	Construction-----	-	-	315,950
34	Equipment-----	-	-	8,500
35	<i>Budget Act of 1956 Proposal</i>			
36	This building completes the replacement and relocation of the con-			
37	demned administration building.			
38				
39	Relocate security fence-----	-	-	39,950
40	<i>Budget Act of 1956 Proposal</i>			
41	Construction of a new firehouse and completion of the adminis-			
42	tration building replacement will permit a reduction in the			
43	security area, thus reducing difficult custodial supervision			
44	problems.			
45				
46	Firehouse:			
47	Construction-----	-	-	43,200
48	Equipment-----	-	-	900
49	<i>Budget Act of 1956 Proposal</i>			
50	This building replaces the present firehouse which has no sleeping			
51	facilities, inadequate hose drying space, and housing for only			
52	one of the two fire trucks. The new firehouse will be inside the			
53	new security area.			
54				
55	Remodel K Cottage:			
56	Construction-----	-	-	37,900
57	Equipment-----	-	-	850
58	<i>Budget Act of 1956 Proposal</i>			
59	This remodeling project will result in elimination of difficult custo-			
60	dial supervision problems by reducing the number of floors			
61	used from three to two and by rearranging facilities in the			
62	remaining two floors.			
63				
64	Replace and rebuild boilers-----	-	-	121,750
65	<i>Budget Act of 1956 Proposal</i>			
66	The replacement of two old boilers and an increase in the capacity			
67	of another boiler is necessary to meet steam requirements for			
68	this expanding institution.			
69				
70	Equip academic school addition-----	-	-	25,500
71	<i>Budget Act of 1955, Item 306</i>			
72				
73	Custodial fence patrol-----	-	-	3,500
74	<i>Budget Act of 1953, Item 307</i>

3				
4	Ventura School for Girls			
5	This institution is located near Ventura in Ventura County. The present school was constructed in 1916 on hillside terrain. Present			
6	facilities are of a two-story cottage type, each cottage containing its own kitchen, dining room and living area. Dormitories are			
7	located on the second story and consist of two 15-girl dormitories in each cottage making supervision difficult and expensive. The			
8	present plan is to construct a new institution on a level site acquired in the 1952-53 Fiscal Year. The capacity of this institution			
9	is 200, including 20 hospital and detention beds.

DEPARTMENT OF EDUCATION—Continued

GENERAL ANALYSIS

State Colleges: There are, at present, 11 established state colleges six of which are operating in permanent quarters. The California State Polytechnic College, with campuses at San Luis Obispo and San Dimas, and the California Maritime Academy at Vallejo, are on permanent sites but the structures are principally temporary in nature. Three new colleges have been established during the past eight years, one of which, Los Angeles, is still operating in rented facilities, while the other two, Sacramento and Long Beach, are operating new campuses.

A major portion of the capital outlay funds appropriated since 1946 for educational purposes has been used to construct five new college campuses in San Dimas, San Francisco, Fresno, Long Beach, and Sacramento. Long Beach State College has been operating in temporary structures but moved into its first complement of five permanent buildings in 1955-56. Four other permanent facilities have also been financed. Sacramento has already occupied 13 permanent buildings with two more buildings financed in 1955-56. San Francisco State College moved completely to its new campus for the 1954 fall semester. Fresno State College has also occupied an initial complement of permanent buildings at its new site, but must continue to occupy its old campus until sufficient facilities are constructed. Los Angeles State College of Applied Arts and Sciences has moved the major part of its instructional program from the rented Los Angeles City College campus to the new temporary facilities just completed on its own permanent Ramona campus. Temporary facilities are now under construction on the San Fernando Valley campus and will be completed in time for commencement of classes in the 1956 school year. The California Polytechnic Kellogg-Voorhis campus is still operating in temporary facilities, but the first permanent structure is now under construction, and three other permanent facilities were funded in 1955-56.

Despite gains made by extensive new construction, many colleges are still seriously overcrowded due to unexpectedly large enrollment growth since 1945. In 1939-40, the highest prewar enrollment of the state college system was 10,376 students, while regular day enrollments for the current 1955-56 school year are 36,777 full-time equivalent students. Enrollment projections for building program purposes indicate a comparable full-time equivalent regular student attendance of 54,400 in 1958-59, and 73,600 in 1961-62.

The 1956-57 capital outlay program for the colleges is designed primarily to assure sufficient housing and instructional areas for needs in the fall semester, 1958. By lengthening the day and evening programs, and adjusting classrooms to actual sizes of classes called for under faculty staffing standards, maximum use of existing plant is anticipated before additional classrooms are planned. Certain auxiliary areas must also be provided to permit longer operation of existing plant. Besides providing capacity for fall, 1958, enrollments, nearly half of the total program will also enable Los Angeles and Fresno State Colleges to abandon completely their present old campus sites by fall, 1958. This will result in a large annual saving in rental costs of the Los Angeles City College campus and will enable the Fresno school district to purchase the old state college plant for use by the junior college. By applying these principles and needs to the colleges, a total capital outlay program for 1956-57 of \$33,417,135 is budgeted. This program will provide classrooms and laboratories at nearly all colleges, one cafeteria where an extended day and evening program requires it, libraries to meet enrollment needs at five schools, two health facilities, one swimming pool, and one corporation yard for new campus needs, and many minor plant improvements. Funds are provided for working drawings for six buildings where timing requirements permit a later start on construction. Under the new capital outlay timing schedule begun in the current fiscal year budget, appropriation of equipment funds for large buildings is made one year later than the construction appropriation. Equipment funds in the amount of \$2,191,400 are provided for buildings appropriated for in 1955-56.

Special Schools: At present, residence schools for the deaf and blind exist at Berkeley, both housed in recently expanded or modernized quarters. The capacity of the school for the blind will increase to 200 students in 1956-57 with the completion of the new kitchen-dining hall and the conversion of existing kitchens and dining rooms into dormitories. A new school for the deaf at Riverside began operations with 50 students in February, 1953. During the current year it is operating at 335 students, its present capacity. With the completion of the third unit, which was funded in the 1955-56 Fiscal Year and planned for completion in 1957-58, the school will reach its maximum enrollment of 500 and nonresidential students as originally contemplated. Residential schools for cerebral palsied children have been established in permanent quarters in northern California and temporary rented quarters in southern California. The northern school has completed the move into newly constructed permanent facilities on the San Francisco State College campus. In addition, one residential orientation center for intensive training of the blind, and three nonresidential sheltered workshops for the blind are operated in permanent quarters in Los Angeles, Oakland, and San Diego. The shops in San Diego and Oakland are housed in older structures, while the Los Angeles shop is in quarters recently acquired by the State.

During the 1956-57 Fiscal Year two major additions are proposed at the School for the Deaf at Riverside. An additional boiler is budgeted in order to provide sufficient boiler capacity to operate the school when the final phase of construction is completed. The other addition is a running track which will provide a facility of the type best suited for the athletic training of deaf children. Drainage of the surrounding area is included as part of the running track project.

The following table outlines actual enrollments in the several state colleges and special schools for the fall of 1954 and 1955, and estimated fall semester enrollments for 1956 through 1961:

Departmental Administration

Funds were allocated on a department-wide basis in the 1955-56 Fiscal Year for preparation of preliminary plans for 1956-57 budget projects at the several state colleges and special schools. These expenditures are reported in the individual budgets for the state colleges or special schools.

7	Install water tank-----			—116 a
8	Budget Act of 1953, Item 393-----	—116 a		
9	Preliminary plans for:			
10	Swimming pool-----		\$1,450	
11	Social science classroom building-----		3,450	
12	Budget Act of 1955, Item 398-----		\$3,450	
13	Budget Act of 1954, Item 304.1-----		1,450	
14	Master planning-----		4,000	
15	Budget Act of 1953, Item 392-----	4,000		
16	TOTAL EXPENDITURES (Major Construction) (Capital Outlay and Savings Fund)-----	\$419,384	\$1,028,471	\$1,044,000
17	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT			
18	Partition tower room for faculty offices-----			\$20,000
19	Install storm drain line from corporation yard area to Big Chico Creek-----			500
20	Correct heating and air conditioning systems in science-music- speech building-----			5,600
21	Improve lighting in 30 study carrels in library-----			500
22	Install two recording steam flow meters, with panel and accessories, in boiler house-----			2,700
23	Modernize stage lighting in auditorium and install new switchboard-----			10,950
24	Install work benches and shelves in ceramic studio-----			500
25	Install fluorescent fixtures in certain instructional areas-----			650
26	Install lockers and drawer locks in four biology labs-----			970
27	Convert laboratory school home economics room to kitchen for hot lunch program-----			11,460
28	Blacktop corporation yard-----			1,000
29	Install electroliners in certain dark areas of campus-----			500
30	Install cold air return duct in auditorium-----			1,070
31	Improvements to auditorium-----			2,000
32	Install fume exhaust in science building-----			250
33	Improve heating and ventilating system in library building-----			380
34	Construct roof over auditorium door at laboratory school-----			650
35	Install hand rails on bleachers-----			700
36	Modernize wiring in president's residence-----			1,000
37	Install duct dampers in main building-----			250
38	Reroof portion of administration building-----		\$9,975	
39	Repair cafeteria floor-----		1,400	
40	Construct records storage room in basement of administration building-----		1,000	
41	Install house switches at entrances to little theater-----		300	
42	Complete loop water main and install fire hydrants-----		10,370	
43	Repair and extend service road to athletic fields-----		1,800	
44	Replace nongrounded outlets with three-prong grounded type-----		955	
45	Add two additional unit kitchens in home economics department-----		1,200	
46	Install coolers and heaters in several offices and small buildings-----		1,025	
47	Remodel the student health quarters-----		2,100	
48	Gravel road and parking areas-----		500	
49	Erect partitions, install ventilation ducts and do related work in administration and science buildings-----		6,081	
50	Provide additional electrical circuits in administration building-----		13	
51	Install gasoline pump storage tank-----		15	
52	Construct shipping, receiving, and storage building-----		7,000	
53	Repair and alter frame building for nursing curriculum-----	\$500	19,400	
54	Pave entrance to auditorium-----	268	14	
55	Install conduit for central clock system between administration building, industrial arts area, Bidwell Hall and gymnasium-----	2,892	78	
56	Install acoustical tile in eight laboratories, two classrooms and former laboratory school shop-----	7,994	2,386	
57	Install fluorescent lighting fixtures in classroom in science-music building-----	683		
58	Construct and install athletic backstops and goals-----	147	1,433	
59	Improve area formerly occupied by Central school-----	2,951

Fresno State College

This college was established in 1911. The new 880-acre campus includes 720 acres for the college agricultural program. Permanent facilities include: a laboratory school, gymnasium, library, music building, administration building, industrial arts building, education and psychology building, science building, agriculture classroom building, agriculture units, and corporation yard. The following buildings are financed but construction has not started: cafeteria, and classroom building No. 2. The campus is partially occupied and further moves from the old campus are expected to occur in 1955-56 and 1956-57. However, the old campus cannot be entirely abandoned until the following proposed buildings for 1956-57 are constructed. The final move should occur by fall, 1958.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Construct art-homemaking building and a home management cottage	-	-	\$837,950
<i>Budget Act of 1956 Proposal</i>			
To construct an art building and a homemaking facility that will house both the general arts program offered at the college and the home economics program. These facilities will provide space for 291 students (FTE) and offices for 24 faculty members.			
Construct student health services building	-	-	146,800
Equip student health services building	-	-	35,500
<i>Budget Act of 1956 Proposal</i>			
To construct and equip a health services building with facilities for examination, treatment, first aid, physiotherapy and X-ray.			
Equip physics building	-	-	31,900
<i>Budget Act of 1956 Proposal</i>			
To complete equipping physics building which is now being used.			
Equip cafeteria	-	-	36,000
<i>Budget Act of 1956 Proposal</i>			
To provide equipment for the cafeteria financed in the Budget Act of 1955.			
Equip classroom building	-	-	115,000
<i>Budget Act of 1956 Proposal</i>			
To provide equipment for the classroom building financed in the Budget Act of 1955.			
Construct an engineering building	-	-	597,000
<i>Budget Act of 1956 Proposal</i>			
To construct an engineering building with a capacity of 237 (FTE) at the new campus in order to expedite the complete move to the new campus.			

ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *

	Source of funds				
	1954-55	1955-56			
Construct science building, addition			\$566,036	-	-

4	Analysis			
5				
6	Humboldt State College offers four-year programs in teacher education, liberal arts, wildlife management, and selected two-year vocational training.			
7	Established in 1914, the campus now includes 75 acres and has nine permanent buildings, including the main building, laboratory school, industrial arts building, gymnasium, women's dormitory, corporation building, library, science building, wildlife management classroom building, and fisheries building.			
8	Three additional buildings will be under construction during the 1955-56 Fiscal Year.

Humboldt State College

Analysis

Humboldt State College offers four-year programs in teacher education, liberal arts, wildlife management, and selected two-year vocational training.

Established in 1914, the campus now includes 75 acres and has nine permanent buildings, including the main building, laboratory school, industrial arts building, gymnasium, women's dormitory, corporation building, library, science building, wildlife management classroom building, and fisheries building.

Three additional buildings will be under construction during the 1955-56 Fiscal Year.

REAL PROPERTY ACQUISITION

ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *

	Source of funds				
	1954-55	1955-56			
Purchase of property for access road and campus development			\$19,433	\$2,761	-
Budget Act of 1949, Item 303	\$19,433	\$2,761			
Purchase of site for playfields			18,006	9,002	-
Budget Act of 1952, Item 332	18,006	9,002			
Purchase of site for campus development			-	125,000	-
Budget Act of 1955, Item 316		125,000			
TOTAL EXPENDITURES (Real Property Acquisition)			\$37,439	\$136,763	-

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Working drawings for speech-little theater building	-	-	\$50,000
Budget Act of 1956 Proposal			
To provide working drawings for the speech-little theater building in order that construction may be commenced in 1957 and the building made ready for occupancy by fall, 1958.			
Construct physical education playfield	-	-	74,500
Budget Act of 1956 Proposal			
To construct a physical education playfield for outdoor athletic programs. Necessary site development is included.			
Equip wildlife facilities	-	-	6,000
Budget Act of 1956 Proposal			
To equip wildlife facilities financed in 1955.			
Equip music building	-	-	75,000
Budget Act of 1956 Proposal			
To equip music building financed in 1955.			
Equip art and home economics building	-	-	50,000
Budget Act of 1956 Proposal			
To equip art and home economics building financed in 1955.

DEPARTMENT OF EDUCATION—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57	
1	Los Angeles State College of Applied Arts and Sciences				
2	A two-year, upper division college now offering classes on the campus of the Los Angeles City College under rental agreement				
3	with the Los Angeles City School District and on its own Ramona campus in East Los Angeles. Temporary buildings				
4	will be completed on the San Fernando Valley campus in September, 1956. The 1956-57 budget is based on the plan that the				
5	college will no longer maintain classes on the Los Angeles City College campus by the fall of 1958. Until that time, Los				
6	Angeles State College will be operating three separate campuses. In order to further this plan, the Department of Educa-				
7	tion is carrying only a few limited programs in teacher education on the San Fernando Valley campus and is deferring the				
8	financing of permanent facilities for that campus for one more year. It is anticipated that the working drawings developed for the				
9	Ramona campus can be adopted readily for use on the San Fernando Valley campus without the necessity of preparing additional				
10	complete working drawings.				
11	The enrollment is expected to reach 6,500 regular students (FTE) in fall, 1958, on the Ramona campus. Temporary facilities on the				
12	San Fernando Valley campus are designed to hold a maximum of 500 regular students (FTE) by fall, 1956.				
13	REAL PROPERTY ACQUISITION

San Diego State College

The college was established in 1899 and moved to the present site in 1931. The campus covers approximately 250 acres. Courses in general education, teacher training, industrial arts and vocational education are offered. Master planning for future enrollments, which will double by 1960, is complicated by virtue of the site upon which the college is located. The campus is broken up and surrounded by arroyos, or small canyons. The result is little room for building expansion and difficulty of access to the various parts of the campus. An enrollment of 6,800 regular students (FTE) is anticipated in 1958.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Construct library addition	-	-	\$1,680,750
<i>Budget Act of 1956 Proposal</i>			
To construct a library addition with seating for 2,100 students and a stack capacity at 126,500 volumes.			
Working drawings for science building addition	-	-	90,000
<i>Budget Act of 1956 Proposal</i>			
To provide working drawings for a science building addition in order that construction may be commenced in 1957 and the building made ready for occupancy by fall, 1958.			
Equip classroom building	-	-	199,000
<i>Budget Act of 1956 Proposal</i>			
To equip classroom building financed in 1955.			
Equip cafeteria	-	-	65,000
<i>Budget Act of 1956 Proposal</i>			
To equip cafeteria financed in 1955.			
Install equipment, speech building addition, additional cost	-	-	70,000
<i>Budget Act of 1956 Proposal</i>			
To purchase equipment to be installed in the speech building addition funded in 1952-53.

5	California State Polytechnic College			
6	Established in 1901, this college, located on 3,216 acres at San Luis Obispo, provides agricultural and vocational education, supplied by a liberal arts program. Except for permanent administration, library, auditorium, power plant, agricultural mechanics and science buildings, all structures are of temporary farm-type construction. Development of the master plan for this campus requires the relocation and replacement of many such buildings as each permanent building area develops.			
7	The Southern California campuses are maintained near San Dimas. The Voorhis unit specializes in citriculture, ornamental horticulture, and related subjects, with frame and stucco classrooms and dormitories and temporary farm-type structures occupying its 150 acres. The Kellogg unit consists of 812 acres received as a restricted gift in 1952, subject to development of an instructional area thereon by 1957. To fulfill this condition, funds have been appropriated to date to provide a science (and general classroom) building, a gymnasium, a cafeteria, and some agricultural instructional units.			
8	An enrollment of 4,500 regular students (FTE) at the San Luis Obispo Campus and 1,700 regular students (FTE) at the Kellogg Voorhis Campus is anticipated in 1958-59.

UNIVERSITY OF CALIFORNIA—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
1				
2	The capital outlay program of the University for 1956-57 continues the program started in 1955-56 with some minor changes in pri-			
3	orities from the five-year building program due to additional experience and developing needs. Of the total of \$18,041,703, some			
4	\$12,014,203 is from the Capital Outlay and Savings Fund and \$6,027,500 from the continuing appropriation from the Fair and			
5	Exposition Fund, including \$1,964,702 from reserves built up from previous years' appropriation, and \$4,062,798 from current			
6	allocations.			
7	Of the \$12,014,203 from the Capital Outlay and Savings Fund \$200,000 is for land acquisition, \$150,000 for the preparation of pre-			
8	liminary plans for the 1957-58 Fiscal Year, \$1,068,000 for the purchase of initial complements of equipment for buildings already			
9	funded and under construction, \$10,185,303 is for new construction or the rehabilitation of existing buildings, while \$410,900 is			
10	for minor construction.			
11	The \$6,027,500 from the Fair and Exposition Fund includes \$5,687,550 for major construction and \$334,250 for minor projects. The			
12	program calls for expenditures from this source for all campuses where instruction and research in agriculture are conducted.			
13	The table below shows the actual and estimated enrollments of full-time equivalent regular students in the fall semesters from 1954			
14	through 1961. San Francisco is not included as the enrollment at the medical center is controlled within the capacity available.			
15	La Jolla and Mount Hamilton are also excluded as they are research centers rather than instructional campuses. These figures			
16	illustrate the magnitude of the enrollment problem facing the University for which capacity must be provided.

Purchase land -----				-	-	\$200,000		
<i>Budget Act of 1956 Proposal</i>								
Purchase land as part of a program to relieve congestion on the								
campus by removing nonacademic and residence facilities off								
campus.								
	<i>Source of funds</i>							
	1954-55	1955-56						
State-wide:								
Purchase land for state-wide office								
building -----				-	\$400,000		-	
<i>Continuing appropriation, Fair and</i>								
<i>Exposition Fund</i> -----		\$400,000						
Berkeley:								
Purchase land for service buildings -----				-	175,000		-	
<i>Continuing appropriation, Fair and</i>								
<i>Exposition Fund</i> -----		175,000						
Purchase land for physical education -----				-	325,000		-	
<i>Continuing appropriation, Fair and</i>								
<i>Exposition Fund</i> -----		325,000						
Riverside:								
Purchase Canyon Crest Housing Proj-								
ect -----			\$603,625		2,955		-	
<i>Continuing appropriation, Fair and</i>								
<i>Exposition Fund</i> -----	\$603,625	2,955						
Purchase property for development of								
campus -----				-	652,750		-	
<i>Continuing appropriation, Fair and</i>								
<i>Exposition Fund</i> -----		652,750						
South Coast Field Station:								
Purchase land to establish South								
Coast Field Station (balance) -----			66,151		-		-	
<i>Continuing appropriation, Fair and</i>								
<i>Exposition Fund</i> -----		66,151

25	Preliminary plans	-	-	\$155,700
26	Budget Act of 1956 Proposal (\$150,000)			
27	Continuing appropriation, Fair and Exposition Fund (\$5,700).			
28	To provide funds for the preparation of preliminary plans and			
29	cost estimates for university-wide construction projects			
30	for inclusion in the 1957-58 Governor's Budget.			
31				
32	State-wide administrative office building in Berkeley and related			
33	alterations to Giannini Hall	-	-	3,307,400
34	Budget Act of 1956 Proposal (\$2,664,000)			
35	Continuing appropriation, Fair and Exposition Fund			
36	(\$643,400).			
37	Construct office building for agricultural and nonagricultural			
38	state-wide administrative activities to release central campus			
39	areas for primary educational functions.			
40				
41	Berkeley Campus:			
42	Correct health and safety hazards	-	-	135,930
43	Budget Act of 1956 Proposal			
44	Prepare working plans and install fire-extinguishing systems			
45	with fire alarm circuits in Chemistry Building and Fresh-			
46	man Chemistry Laboratory, and improve ventilation system			
47	in Donner Laboratory to permit greater utilization of these			
48	facilities.			
49				
50	Service buildings, Step No. 2	-	-	801,700
51	Budget Act of 1956 Proposal			
52	Prepare working plans and construct shop and storehouse facil-			
53	ities, commissary, and housing for records and mailing			
54	division.			
55				
56	Life Sciences Building alterations and rehabilitation, Step No. 1	-	-	1,206,625
57	Budget Act of 1956 Proposal			
58	Prepare working plans and construct improvements to the			
59	ventilation system, animal quarters, and other facilities in			
60	the Life Sciences Building to abate health and safety			
61	hazards and to permit more effective building utilization.			
62				
63	Davis Campus:			
64	Biological Sciences, unit No. 1	-	-	1,927,750
65	Continuing appropriation, Fair and Exposition Fund			
66	Construct classrooms, laboratories, and faculty offices for depart-			
67	ments of botany and entomology.			
68				
69	Library reading room ventilation	-	-	64,025
70	Continuing appropriation, Fair and Exposition Fund			
71	Prepare working plans and construct new ventilating system for			
72	main reading room of library.			
73				
74	Field buildings—Campbell Tract	-	-	344,750
75	Continuing appropriation, Fair and Exposition Fund			
76	Prepare working plans, construct, and equip field laboratories			
77	and storage facilities on the Campbell Tract for the depart-			
78	ments of agronomy, irrigation, vegetable crops, and zoology;			
79	also, install domestic water and gas lines.			
80				
81	Greenhouses and headhouse	-	-	177,300
82	Continuing appropriation, Fair and Exposition Fund			
83	Prepare working plans, construct, and equip three greenhouses			
84	and headhouse.			
85				
86	* From Capital Outlay and Savings Fund unless otherwise indicated.

6	Davis Campus—Continued			
7	Physical Education (women) and military science addition	—	—	\$581,000
8	<i>Continuing appropriation, Fair and Exposition Fund</i>			
9	Prepare working plans and construct an addition to existing			
10	gymnasium building to provide facilities for women's physical			
11	education and military science.			
12				
13	Academic office building—College of Letters and Science-----	—	—	1,038,250
14	<i>Continuing appropriation, Fair and Exposition Fund</i>			
15	Prepare working plans and construct departmental offices, staff			
16	offices, conference rooms, and library facilities for College			
17	of Letters and Sciences.			
18				
19	La Jolla Campus:			
20	Initial complement of equipment and supplies for Ritter Hall			
21	addition -----	—	—	53,000
22	<i>Budget Act of 1956 Proposal</i>			
23	Purchase initial complement of equipment and supplies for			
24	Ritter Hall addition.			
25				
26	Los Angeles Campus:			
27	Engineering—physical sciences unit No. 2-----	—	—	200,000
28	<i>Budget Act of 1956 Proposal</i>			
29	Purchase equipment for engineering—physical sciences unit			
30	No. 2.			
31				
32	Plant sciences building and related alterations to physics building	—	—	105,000
33	<i>Continuing appropriation, Fair and Exposition Fund</i>			
34	Prepare working plans for a plant sciences building with class-			
35	rooms, laboratories, and offices for botany, eight depart-			
36	ments of the College of Agriculture and the office of the			
37	Dean of Agriculture.			
38				
39	Ornamental Horticulture—headhouse and laboratory building and			
40	three greenhouses -----	—	—	12,425
41	<i>Continuing appropriation, Fair and Exposition Fund</i>			
42	Prepare working plans for a headhouse and laboratory building			
43	for ornamental horticulture, two greenhouses for ornamental			
44	horticulture and one greenhouse for plant pathology.			
45				
46	Develop basement area of plant physiology building-----	—	—	88,650
47	<i>Continuing appropriation, Fair and Exposition Fund</i>			
48	Prepare working plans and develop unfinished space in basement			
49	of plant physiology building for research in plant physiology,			
50	virology, and biochemistry.			
51				
52	Mt. Hamilton:			
53	Laboratory and measuring room building-----	—	—	227,328
54	<i>Budget Act of 1956 Proposal</i>			
55	Prepare working plans and construct laboratory and office			
56	buildings to house staff and measuring engines and other			
57	scientific instruments required for research programs involv-			
58	ing the 20-inch astrograph and the 120-inch telescope.			
59				
60	Riverside Campus:			
61	Life sciences building-----	—	—	1,512,500
62	<i>Budget Act of 1956 Proposal (\$807,500)</i>			
63	<i>Continuing appropriation, Fair and Exposition Fund</i>			
64	<i>(\$705,000)</i>			
65	Prepare working plans and construct classrooms, teaching labo-			
66	ratories, and offices for life sciences division of College of			
67	Letters and Science, and convert life sciences division's			
68	space in Webber Hall to research laboratories and offices			
69	for citrus experiment station.			
70				
71	San Francisco Campus:			
72	Purchase initial complement of equipment and supplies for medi-			
73	cal sciences building increment No. 2-----	—	—	665,000
74	<i>Budget Act of 1956 Proposal</i>			
75	Purchase initial complement of equipment and supplies for medi-			
76	cal sciences building increment No. 2.			
77				
78	Equipment for combined structure-----	—	—	150,000
79	<i>Budget Act of 1956 Proposal</i>			
80	Purchase equipment for combined structure.			
81				
82	Complete auditorium -----	—	—	81,600
83	<i>Budget Act of 1956 Proposal</i>			
84	Develop and equip unfinished auditorium in medical sciences			
85	building increment No. 2.			
86

4				
5	Expenditures From Budget Act Appropriation:			
6				
7	Berkeley Campus:			
8	Remodel space in Hilgard Hall for marine food technology-----	-	-	\$20,000
9	Richmond Field Station—install fence for security-----	-	-	10,000
10	Richmond Field Station—remove trees, clear land, replant-----	-	-	13,700
11	Life Sciences Building—construct constant temperature rooms			
12	within room 1595 for physiology department-----	-	-	15,000
13	Gilman Hall—remodel room 3 for machine shop expansion-----	-	-	2,500
14	Botanical Garden—convert to gas heat-----	-	-	8,500
15	Dwinelle Hall—develop offices in area originally planned for			
16	lockers-----	-	-	20,000
17	Replace deteriorated heating and ventilating system in Doe			
18	Library-----	-	-	63,000
19	Replace interior water lines and improve plumbing in Havi-			
20	land Hall, Doe Library, Giannini Hall, and Wheeler			
21	Hall-----	-	\$78,000	-
22	Convert rooms 153 and 153-A in Hearst (women's) Gym-			
23	nasium to shower and locker space for men students in			
24	coeducational physical education courses-----	-	9,000	-
25	Remodel lecture room (209) in Bacon Hall, increasing seating			
26	density and converting released space into laboratory and			
27	three offices-----	-	19,500	-
28	Rehabilitate fume hoods in various buildings-----	-	50,000	-
29	Remodel rooms in life sciences building for zoology research---	\$12,500	-	-
30	Develop and pave area east of engineering building-----	19,000	-	-
31	Remodel areas in life sciences building, vacated by departments			
32	moving to new buildings-----	20,000	-	-
33	Alter and repair lecture room, exhibition space, and offices in			
34	architecture building-----	29,000	-	-
35	Alter rooms in Bacon Hall to increase capacity for graduate			
36	instruction in geology-----	9,000	-	-
37	La Jolla Campus:			
38	Develop unfinished basement area of Ritter Hall addition-----	-	-	20,000
39	Remodel amphibious craft garage for aqua lung storage and			
40	maintenance, and for core storage-----	-	-	10,000
41	Remodel temporary building T-2 for marine biological research			
42	Library building—relocate rest rooms and construct mezzanine			
43	Remodel space in old Ritter Hall vacated by activities moving			
44	to new building-----	-	-	20,000
45	Purchase equipment for remodeled space in old Ritter Hall			
46	vacated by activities moving to new building-----	-	-	11,000
47	Increase capacity of electrical distribution system-----	-	5,000	-
48	Remodel museum basement-----	-	5,000	-
49	Install street lights—step 1-----	-	15,000	-
50	Construct quonset-type storage building and protective fence			
51	to reduce losses from vandalism-----	20,000	-	-
52	Improvement of Mission Bay property—construct small boat			
53	landing, boat house, and field laboratory; install fence,			
54	develop roads, walks, and paths-----	10,000	-	-
55	Los Angeles Campus:			
56	Install by-pass steam line to medical center to insure uninter-			
57	rupted steam supply-----	-	-	7,500
58	Install new water main connection to campus from Hilgard			
59	Avenue near Mira Hershey Hall-----	-	-	7,500
60	Alterations in Business Administration and Economics Build-			
61	ing—convert room 55 to teaching laboratory for produc-			
62	tion management and construct mezzanine stack in library			
63	of industrial relations and business administration, releas-			
64	ing space for seminar use-----	-	-	13,900
65	Convert space in Franz Hall vacated by psychology clinic			
66	school to teaching laboratories for psychology department			
67	Purchase and install pressure-reducing valve on main campus			
68	water supply line on Hilgard Avenue-----	-	6,000	-
69	Replace elevator in Haines Hall-----	-	25,000	-
70	Enlarge vented area of Royce Hall stage to meet requirements			
71	of State Fire Marshal-----	-	2,000	-
72	Improve ventilation in laboratories and faculty offices in Chem-			
73	istry and Geology Building-----	-	29,000	-
74	Remodel temporary building T-3 for school of public health---	-	12,000	-
75	Continue general improvement program by installing acoustical			
76	tile in certain areas in Engineering Building, Physics-			
77	Biology Building, Royce Hall, Education Building, Men's			
78	Gymnasium, Women's Gymnasium and Social Sciences			
79	Building-----	8,000	-	-

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
1	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT—Continued			
2				
3				
4	Expenditures From Budget Act Appropriation—Continued			
5				
6	Los Angeles Campus—Continued			
7	Improve electrical distribution system to Kerckhoff Hall and			
8	Men's Gymnasium by increasing transformer capacity and			
9	replacing old, deteriorated electric cable-----	\$58,750	-	-
10	Improve ventilation in public toilets in main library-----	4,500	-	-
11	Replace deteriorated ceramic drain lines in north wing of			
12	Physics-Biology Building with cast iron pipe-----	35,000	-	-
13	Construct and equip temporary classroom to house additional			
14	sixth grade class in University Elementary School-----	18,000	-	-
15				
16	Mt. Hamilton Campus:			
17	Construct residence for astronomer-----	-	-	\$20,000
18	Construct road to emergency water supply-----	-	-	5,000
19	Construct residence for increased staff-----	-	\$15,500	-
20	Enlarge machine shop-----	-	9,000	-
21	Enlarge apartment under schoolhouse-----	2,000	-	-
22	Relight and remodel hall and library in main building-----	7,500	-	-
23	Repair and improve drive mechanism of Crossley Dome-----	3,900	-	-
24	Riverside Campus:			
25	Physical Science Building—convert two storage rooms into			
26	laboratories and develop storage room from space under			
27	lecture hall-----	-	-	11,000
28	San Francisco Campus:			
29	Install suicide-proofing barricades on fire escape stairwells			
30	adjacent to patient areas in H. C. Moffitt Hospital and			
31	medical sciences building-----	-	-	20,000
32	Renovate physiotherapy pool in clinics building-----	-	-	4,500
33	Modernize elevators in clinics building-----	-	-	20,000
34	Old medical building—remove deteriorated bell tower and re-			
35	place roof-----	-	-	19,500
36	Renovate steel window sash in clinics building-----	-	-	22,000
37	Replace deteriorated steam service lines on Parnassus Avenue			
38	Repair walls, windows, plumbing, and tile work in nurses'			
39	dormitory-----	-	21,000	-
40	Develop 100 parking spaces in Upper Edgewood area and			
41	construct retaining walls and access stairway or ramp----	-	15,000	-
42	Replace open-faced unguarded electric switchboard in machine			
43	room of U. C. Hospital with enclosed switchboard to			
44	eliminate hazards and increase capacity, and install feeder			
45	lines to six distribution panels in the building-----	45,000	-	-
46	Repair and improve Cole Hall (classroom-auditorium) to			
47	increase seating capacity and reduce fire hazards-----	15,000	-	-
48	Replace wiring at 610 Parnassus Avenue (student nurses'			
49	dormitory) to provide electrical capacity for proper			
50	lighting-----	10,000	-	-
51	Santa Barbara Campus:			
52	Install domestic water line to buildings Nos. 464 and 465----	-	-	2,800
53	Athletic field area—construct building for restrooms and			
54	storage-----	-	-	15,000
55	Remodel temporary buildings for six teaching departments to			
56	be relocated because of master plan revision-----	-	17,000	-
57	Convert temporary building to lecture room facilities for			
58	basic physical science courses-----	-	6,500	-
59	Install gas line and heating equipment for fire station and			
60	corporation yard buildings-----	-	7,500	-
61	Construct greenhouse, lathhouse, and headhouse on Goleta			
62	Campus-----	20,000	-	-
63				
64	Expenditures From Continuing Appropriation:			
65				
66	Berkeley Campus:			
67	Gill Tract—install fence and provide water for area A-----	-	-	3,500
68	Oxford Tract—improve roads, fences, drainage system, land-			
69	scaping; rehabilitate old field building-----	-	-	20,000
70	School of forestry summer camp at Meadow Valley—install			
71	pipeline, bring in telephone service, make improvements			
72	to building facilities-----	-	-	4,000
73	Gill Tract—convert space in headhouse No. 3 into six offices			
74	and a photographic darkroom-----	-	-	13,200
75	Hilgard Hall—remodel obsolete laboratory (room 23) for			
76	soil physics research-----	-	-	10,000
77	Hearst Greenhouse Range and Gill Tract—install smog-			
78	control systems in genetics greenhouses-----	-	-	3,000

1	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
2	AND EQUIPMENT—Continued			
3				
4	Expenditures From Continuing Appropriation—Continued			
5				
6	Berkeley Campus—Continued			
7	Hearst Greenhouse Range—construct elevated storage deck			
8	and install sink in forestry headhouse	-	-	\$1,500
9	Purchase and install air filters and temperature controls in			
10	greenhouse range	-	\$8,000	-
11	Erect greenhouse No. 2 for entomology and parasitology on			
12	Oxford Tract	-	20,000	-
13	Service outdoor work space for forestry and soils in greenhouse			
14	range	-	10,000	-
15	Modernize room 204, agriculture hall, as teaching laboratory			
16	for entomology and parasitology	-	9,500	-
17	Construct building for bioclimatic chambers on Gill Tract	-	16,000	-
18	Purchase initial equipment for new home economics building	\$20,000	-	-
19	Purchase and install air filter in greenhouse on Oxford Tract	2,800	-	-
20	Purchase and install temperature and humidity controls in			
21	greenhouse on Gill Tract	1,500	-	-
22	Rehabilitate and expand drainage and irrigation system on Gill			
23	Tract	14,500	-	-
24	Construct utility building on Gill Tract	8,600	-	-
25	Davis Campus:			
26	Regrade and seal coat unsurfaced parking areas adjacent to			
27	chemistry building and library and administration building	-	-	6,800
28	Irrigation corporation yard—construct enclosure and pave			
29	yard area	-	-	10,500
30	Armstrong barn—construct concrete floor and stanchions for			
31	mud-free handling of large animals in veterinary science			
32	instruction	-	-	4,000
33	Irrigation and vegetable crops—install rabbit-proof fencing	-	-	4,600
34	Construct a shelter outside the chemistry building for the			
35	storage of inflammable, explosive, and toxic chemicals	-	-	6,000
36	Modernize lighting in the botany, physics, and horticulture an-			
37	nex buildings	-	-	8,700
38	Animal science building—replace deteriorated steam lines	-	-	25,000
39	Hopkins Tract—replace power panel	-	-	25,000
40	Install fire alarm boxes in buildings and connect them to			
41	campus fire alarm system	-	-	17,750
42	Dairy barn—improve floor and outdoor area drainage	-	-	1,800
43	Plant pathology—construct lathhouse	-	-	12,000
44	Horticulture building—renovate auditorium, replacing seats			
45	and installing floor covering	-	-	9,250
46	Irrigation—construct outdoor drainage laboratory	-	-	4,000
47	Viticulture—construct 12 lysimeters	-	-	4,000
48	Install sanitary facilities, score board, and press box at			
49	athletic field	-	20,000	-
50	Purchase and install controlled soil temperature tanks for			
51	plant pathology	-	6,000	-
52	Purchase and install environmental control (walk-in) com-			
53	partments for plant pathology	-	12,000	-
54	Improve stage and stage lighting in recreation hall	-	2,500	-
55	Renew steam heating coils in Haring Hall	-	25,000	-
56	Purchase and install controlled temperature growth chambers			
57	and construct seed storage house for vegetable crops	-	6,500	-
58	Install fencing for pastures and corrals for animal husbandry	-	10,500	-
59	Construct service building for poultry husbandry	-	15,000	-
60	Grade and surface courtyard in horticulture area	-	19,000	-
61	Purchase equipment for pilot plant in food technology	-	20,000	-
62	Purchase initial equipment for new poultry husbandry building	20,000	-	-
63	Construct and equip rifle range to replace rifle range in West			
64	Hall which is being demolished	20,000	-	-
65	Install new fencing for pastures and corrals of animal hus-			
66	bandry department	7,500	-	-
67	Repair steam lines and install additional vacuum steam pump			
68	in dairy industry building	28,000	-	-
69	Improve lighting in chemistry building	7,500	-	-
70	Improve airport runways	10,000	-	-
71	Install five growth chambers in agronomy building for the			
72	growing of plants in controlled environments	15,000	-	-
73	Remodel animal husbandry barns on Hopkins Tract to provide			
74	adequate stalls, feed racks, and storage facilities for feed-			
75	ing experiments	19,950	-	-
76	Augmentation funds for plant pathology field laboratory	1,100	-	-

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
1	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT—Continued			
4	Expenditures From Continuing Appropriation—Continued			
6	Los Angeles Campus:			
7	Ornamental horticulture area—construct concrete cold frames for floriculture	—	—	\$10,000
10	Subtropical horticulture area—construct storeroom addition to building A	—	—	4,200
12	Ornamental horticulture area—construct six semiportable glasshouse isolation units for ornamental horticulture	—	—	8,000
14	Subtropical horticulture area—install ventilating equipment in glasshouse rooms 100, 100B, and 100C of building A and glasshouse rooms 102A, 102B, and 102F of building B	—	—	4,200
17	Subtropical horticulture area—extend paved orchard road on east side of building site area	—	—	2,500
18	Botanical garden—install fencing	—	—	7,500
20	Ornamental horticulture area—construct inoculation chambers in plant pathology glasshouses	—	—	3,500
22	Subtropical horticulture area—install fume hood in room 100 of building B	—	—	1,500
24	Ornamental horticulture area—construct 10 soil storage bins	—	—	3,500
25	Construct and equip four refrigerated chambers for postharvest fruit physiology studies in subtropical horticulture area	—	\$10,000	—
26	Adapt coolers for air pollution control	—	8,000	—
27	Extend sprinkler and steam lines in ornamental horticulture area	—	7,500	—
30	Install automatic ventilation and construct retaining wall and stairway in entomology glasshouse	—	1,350	—
31	Construct redwood benches in plant pathology headhouse	—	1,150	—
32	Increase capacity of power lines and transformers in sub- tropical horticulture area	—	5,000	—
34	Complete concrete paving and construct pot storage bins in building B in ornamental horticulture area	—	5,950	—
36	Develop laboratory cold room in plant physiology building	—	4,800	—
37	Construct refrigeration equipment shelter and boxes for modi- fied atmosphere storage studies	\$30,000	—	—
40	Construct aluminum lathhouse addition to existing lathhouse in ornamental horticulture area	9,600	—	—
41	Purchase and install control equipment in floriculture refrig- erator boxes	6,000	—	—
42	Construct implement storage shed and extend road, services, etc., in subtropical horticulture area	13,150	—	—
46	Riverside Campus:			
47	Provide utilities to site of air pollution research	—	—	19,750
48	Purchase and install wind machines	—	—	15,000
49	Construct lathhouses for plant pathology and plant biochem- istry	—	—	12,000
50	Construct greenhouse soil facility building and soil storage bins	—	—	20,000
52	Horticulture—construct cold storage room	—	—	3,000
53	Construct metal lathhouse with tool room for use of irrigation and soils	—	6,000	—
55	Convert stockrooms to laboratories in north wing of chemistry building	—	5,000	—
57	Construct two small glasshouses for biological control	—	3,000	—
58	Construct irrigation and drainage facilities, field S-6	—	20,000	—
59	Construct additions to greenhouses Nos. 6 and 7	—	20,000	—
60	Construct concrete floor and remodel repair shop in biological control lathhouse	—	1,600	—
62	Convert desert coolers to more efficient, trouble-free type in greenhouses Nos. 6 and 7	—	4,000	—
64	Report on campus water situation	—	4,000	—
65	Construct soil temperature units for plant pathology, plant biochemistry and soils and plant nutrition	9,300	—	—
67	Convert director's residence to offices for experiment station personnel	10,000	—	—
69	Construct lathhouse for plant pathology	2,000	—	—
70	Remodel greenhouse No. 4 for plant pathology	1,000	—	—
71	Construct glasshouse for air pollution research	6,500	—	—
72	Construct plant quarantine house	10,000	—	—
73	Increase capacity of main drains on Pennsylvania Avenue from Gauge Canal to Iowa Street and to South Arroyo, Step 1	10,500	—	—

7	Riverside Campus—Continued			
8	Construct metal lathhouses for horticulture	\$1,500	—	—
9	Construct plant culture equipment for soils and plant nutrition	5,000	—	—
10	Install filtering device to remove algae, debris, etc., to prevent			
11	stoppage of flow of irrigation water in experimental plots	5,000	—	—
12	Improve insectary by installing vacuum line and connections			
13	in 20 rooms and lathhouse, making ceiling lights and air			
14	ducts flush with ceiling and wall surfaces, resurfacing			
15	walls and ceiling, installing insulating material, and renov-			
16	ating air washer system	7,000	—	—
17	General:			
18	Meloland—replace irrigation pipeline	—	—	\$15,000
19	Hopland—construct one laborer's cottage	—	—	10,000
20	Hopland—construct lambing shed	—	\$15,000	—
21	Hopland—install fencing and develop water for experimental			
22	pastures	—	15,000	—
23	Meloland—gravel roads to barns and corrals	—	1,200	—
24	Construct office and laboratory building at Tullake	22,000	—	—
25	Install water mains and fire hydrants at Meloland	2,700	—	—
26	Gravel and drain 20 miles of road at Hopland	20,000	—	—
27	Replacement of irrigation pipeline at Imperial Valley field			
28	station	14,000	—	—
29				
30	TOTAL EXPENDITURES (Minor Construction)	\$708,850	\$735,550	\$745,150

1				
2	MAJOR CONSTRUCTION, IMPROVEMENTS,			
3	AND EQUIPMENT			
4				
5	PROPOSED 1956-57 EXPENDITURES *			
6				
7	Improvements and alterations to air conditioning installation, State			
8	Capitol Building, Sacramento-----	-	-	\$173,650
9	<i>Budget Act of 1956 Proposal</i>			
10	Under this program, it is proposed to alter and extend the existing			
11	air conditioning system for the purposes of achieving a lower			
12	operating and maintenance cost; of providing additional re-			
13	frigeration for supplementary service; and of improving the			
14	system to meet more comfortable standards.			
15				
16	Replace air conditioning refrigeration compressors, Los Angeles			
17	State Building-----	-	-	63,350
18	<i>Budget Act of 1956 Proposal</i>			
19	Under this program, it is proposed to replace the existing air con-			
20	ditioning refrigeration compressors with a recently developed,			
21	newer type that has been proven on state projects to be			
22	relatively trouble- and maintenance-free, along with attendant			
23	mechanical piping and electrical work. The new machines will			
24	be furnished by the manufacturer, with a credit allowance of			
25	one-half their original cost of the present equipment.			
26				
27	Alterations and improvements to stack elevator, Library and			
28	Courts Building, Sacramento-----	-	-	55,550
29	<i>Budget Act of 1956 Proposal</i>			
30	Provides for the replacement of existing elevator to improve opera-			
31	tions and to provide service at two levels not now served.			
32	One position of elevator operator will be eliminated upon			
33	completion of this project.			
34				
35	Alterations to Business and Professions Building, Sacramento-----	-	-	168,700
36	<i>Budget Act of 1956 Proposal</i>			
37	Provides funds to make space available to relocate agencies now			
38	occupying rented quarters.			
39				
40	Demolition of Fashion League Building, Los Angeles-----	-	-	175,000
41	<i>Budget Act of 1956 Proposal</i>			
42	To provide funds to remove building from site of authorized State			
43	Building in Los Angeles. The building has been determined			
44	unsafe for occupancy in its present condition. The site will			
45	be used to park state vehicles.			
46				
47	Construct maintenance shops, Sacramento-----	-	-	187,500
48	<i>Budget Act of 1956 Proposal</i>			
49	Provides for shops used by Buildings and Grounds Division per-			
50	sonnel in maintaining state-owned and occupied buildings and			
51	maintaining equipment. Replaces shops destroyed by fire in			
52	October, 1955.

18	MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT			
19	PROPOSED 1956-57 EXPENDITURES *			
20	Air condition Governors Hall-----	—	—	\$90,000
21	Fair and Exposition Fund:			
22	Budget Act of 1955 Proposal			
23	To provide funds for the installation of air conditioning for the			
24	main auditorium and Little Theatre of Governors Hall. This			
25	hall is used on the average of three to four times a week dur-			
26	ing the interim period on a rental basis. Improved temperature			
27	conditions should increase the use of the hall during the sum-			
28	mer, thereby increasing interim revenues.			
29	ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *			
30	Source of funds			
31	1954-55	1955-56		
32	Preliminary plans for new state fair site-----	—	\$200,000	—
33	Budget Act of 1955, Item 344.5-----	\$200,000		
34	Construct two exhibit buildings-----	—\$9,433 a	—	—
35	Budget Act of 1952, Item 364.5a-----	—\$9,433 a		
36	Construct poultry, pigeon, and rabbit

DEPARTMENT OF MENTAL HYGIENE

GENERAL ANALYSIS

Present facilities of the Department of Mental Hygiene include eight operating hospitals for mentally ill patients, three operating hospitals for the mentally deficient, and two operating hospitals for both the mentally ill and the mentally deficient. In addition to these the new Fairview State Hospital for mentally deficient patients, located near Costa Mesa, Orange County, is under construction and is expected to be ready to receive patients in September, 1957. A site has also been acquired for a new hospital for the mentally ill located near San Fernando, Los Angeles County. Financing will be required in subsequent capital outlay budgets for preliminary plans and construction based on population and patient forecasts. The Langley Porter Clinic for research, teaching, and clinical purposes in connection therewith is operated by the department in conjunction with the University of California Medical School at San Francisco; and construction of a similar facility, the Neuropsychiatric Institute at the Los Angeles Medical School of the University, will be completed during the 1958-59 Fiscal Year.

Major projects are proposed for financing in the 1956-57 Fiscal Year which will provide 252 net additional bed capacity for mentally ill patients, 690 additional bed capacity for mentally deficient patients, and eight additional beds at Langley Porter Clinic. This additional capacity is expected to be completed by June 30, 1959, and will be provided as follows:

- a. A new ward building at METROPOLITAN STATE HOSPITAL of a minimum 300-bed capacity to include day rooms, dining rooms, kitchens and auxiliary rooms will ultimately increase the 3,942 existing and authorized bed capacity to 4,242 at this hospital. The amount of \$2,281,700 has been included for the building construction cost.
- b. Remodeling the present ward 8 at MENDOCINO STATE HOSPITAL is planned to place the building in a safe and serviceable condition. Renovation will include new plumbing, relocation of room partitions and general repairs, and electrical and mechanical facilities as required together with needed equipment. This modernization project amounting to \$217,275 will result in a reduction of the rated capacity of the ward from 139 beds to 91.
- c. Additional construction at the new FAIRVIEW STATE HOSPITAL will include two ward buildings of 560-bed capacity at a cost of \$2,334,300 and two security ward buildings of 130-bed capacity at a cost of \$826,050. These buildings will include necessary kitchens, dining rooms, offices, treatment and auxiliary rooms. On completion of these new wards, Fairview will have a capacity of 1,680 mentally deficient patients.
- d. Construction of a four-story addition to LANGLEY PORTER CLINIC is included to provide laboratories, library, conference room, and garage on the first floor; office space for employees on the second and third floors; and 24 beds on the fourth floor, of which eight are additional and 16 are replacements. The cost of the project amounts to \$839,600.

Completion of the above projects providing a total of 950 new beds in addition to previously authorized projects of 3,921 new bed capacity under construction and 4,365 new beds, construction of which will begin in the near future, is anticipated to increase the total capacity of the mental hospitals and clinics after other adjustments from 41,084 on June 30, 1955, to 50,116 on June 30, 1959, to care for a population estimated to increase from 44,731 to 55,385 patients during this same period. Based on this anticipated population and rate of capacity construction, it is estimated there will be need for 5,310 (2,719 for mentally ill and 2,591 for mentally deficient patients) additional beds by June 30, 1959, over and above these financed by the 1956-57 Budget.

A number of other major projects are also included for financing in the 1956-57 Fiscal Year to provide necessary service facilities at the hospitals and clinics and are explained under their respective budgets. A list of the projects follows:

Langley Porter Clinic:	
Bridge at fourth-floor level	\$32,250
Agnews State Hospital:	
Remodeling of old food service building, west area	455,150
Construct food service building, east area	1,118,000
Laundry expansion and equipment	274,250
Camarillo State Hospital:	
Recreation and therapy center—patients	596,100
Mendocino State Hospital:	
Water storage reservoirs	198,200
Construct incinerator	46,150
Metropolitan State Hospital:	
Additional boiler plant facilities	94,150
Additional laundry equipment	184,250
Water development	64,900
Equip new kitchen building—additional	39,000
Napa State Hospital:	
Additional laundry equipment	49,400
Construct incinerator	57,050
Patton State Hospital:	
Construct and equip maintenance shop	211,500
Additional utility service	431,950
Alter and extend present laundry building	654,000
Enlarge sewage plant	202,900
Addition to boiler plant	223,300
Modify domestic water system	281,800
Equipment for remodeling of old receiving and treatment building	10,000
Equipment for alterations and addition to kitchen	45,000
New State Hospital near San Fernando:	
Off-site utilities development	284,900
Fairview State Hospital:	
Site development	501,500
Construct and equip garage and maintenance shops	195,100
Construct school, phase I	484,540
Construct and equip six staff residences	127,450
Construct firehouse and quarters	36,000
Construct incinerator	43,100
Construct covered passages to link buildings	249,000
Develop school recreation field	87,000
Pacific State Hospital:	
Alterations and equipment, old school building	110,300
Construct new laundry	1,047,900
Modernize and equip two wards	206,450
Additional mechanical services	50,400
Equipment for hospital annex—additional	60,000
Porterville State Hospital:	
Alter hospital day room for isolation ward	28,350
Sonoma State Hospital:	
Construct administration building	702,100
Improvements to domestic water system	239,250

Essential minor construction projects in the amount of \$1,064,455 are included for all hospitals. See individual hospital budgets for detail.

Langley Porter Clinic

The Langley Porter Clinic, in conjunction with the University of California School of Medicine in San Francisco, operates a research, training, and acute treatment center for northern California. This budget proposes financing a four story addition to the clinic and an access bridge at the fourth floor level. The addition is necessary to accommodate the present staff and operation of this clinic as the original design did not contemplate the number of students, the scope of activity nor the present size of staff. The bridge is to provide an access between the clinic and the University Hospital. Minor construction projects totaling \$9,550 are included in order to correct deficiencies and improve the clinic's physical plant.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Construct bridge at fourth floor level ----- - - \$32,250
Budget Act of 1956 Proposal

Project will provide a bridged corridor between the Langley Porter Clinic and the existing University of California Hospital. Span will be approximately 95 feet long, of trussed steel construction and carried on two steel towers approximately 50 feet high.

Construct four-story addition ----- - - \$39,600
Budget Act of 1956 Proposal

Project consists of the construction of a four-story addition to the existing clinic building and includes a parking area for staff cars. The addition will extend south from the existing building and will provide additional research facilities. Mechanical and electrical work including mechanical services, area lighting, grading, paving, planting, seeding, and certain equipment are included.

ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *

	Source of funds		
	1954-55	1955-56	
Preliminary Plans for:			
Four-story addition—Langley Porter Clinic	-	\$6,200	-
Bridge at fourth floor level	-	450	-
<i>Budget Act of 1955, Item 398</i>		\$6,650	
TOTAL EXPENDITURES (Major Construction) (<i>Capital Outlay and Savings Fund</i>)	-	\$6,650	\$871,850

MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,
AND EQUIPMENT

Minor alterations to existing offices	-	-	\$1,530
Construct truck turning and parking areas	-	-	1,050
Construct inflammable storage building	-	-	1,300
Complete unfinished area for additional storage	-	-	1,020
Install auditorium ventilating fan	-	-	1,450
Install two continuous tubs with controls	-	-	3,200
Repairs and replacement of plumbing, heating, mechanical, and electrical systems	-	\$7,500	-
General repairs and improvements	-	8,000	-
Interior painting	-	15,000	-
Convert porch into conference room	-	4,800	-
Installation of stainless steel sink and counters and splash back in the two treatment play rooms	-	1,000	-
Grade and surface children's play area	-	1,650	-
Fluorescent lighting in main kitchen, offices, laboratories, and psychology department	-	4,600	-
Soundproofing offices in steel annex	-	1,500	-
Painting of basement and fifth floor; to complete interior	\$5,000	-	-
General repairs and painting	-	750	-
Equipment complement for new recreation area	212	928	-

TOTAL EXPENDITURES (Minor Construction) (*Capital Outlay and Savings Fund*) ----- \$5,212 \$45,728 \$9,550

TOTAL EXPENDITURES, CAPITAL OUTLAY (*Capital Outlay and Savings Fund*) ----- \$5,212 \$52,378 \$881,400

* From Capital Outlay and Savings Fund unless otherwise indicated.

4	Agnews State Hospital			
5	This hospital for the mentally ill shows a rated bed capacity of 3,770 on June 30, 1955. The completion of the funded receiving and			
6	treatment building during the 1958-59 Fiscal Year will provide for 512 additional beds. While no further bed capacity is sub-			
7	mitted in the budget year, three other major projects are proposed. These projects are: construct food service building, east area,			
8	and expand laundry facilities and equipment in order to provide for the additional beds in 1958-59; and alterations and remodeling			
9	ing to original food service building, west area, to provide for offices, student nurses quarters and rehabilitation facilities. Minor			
10	construction projects totaling \$115,910 are included in order to correct deficiencies and improve the hospital's physical plant.

4	Camarillo State Hospital			
5	This hospital for the mentally ill shows a rated bed capacity of 6,202 on June 30, 1955. The completion of the remodeling and con-			
6	version of units formerly occupied by juveniles during the 1955-56 Fiscal Year will provide for 75 additional beds. While no			
7	further bed capacity is submitted in the budget year, another major project is proposed. This project is the construction of a			
8	recreation and therapy center for the patients. Minor construction projects totaling \$170,110 are included in order to correct			
9	deficiencies and improve the hospital's physical plant.

Mendocino State Hospital

This hospital for the mentally ill shows a rated bed capacity of 2,271 on June 30, 1955. The completion of the remodeling of the old receiving and treatment building during the 1955-56 Fiscal Year will provide for 97 additional beds and the completion of the remodeling of old ward 12 during the 1956-57 Fiscal Year will provide for another 169 beds and 106 replacement beds. The remodeling of ward 8, which will decrease the bed capacity by 48, and two other major projects are proposed in the budget year. The remodeling of ward 8 will eliminate structural hazards and place the ward in a safe and serviceable condition. The other major projects are: installation of a large capacity incinerator and the conversion of the present dual domestic water system into one domestic system. Minor construction projects totaling \$39,800 are included in order to correct deficiencies and improve the hospital's physical plant.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Construct incinerator ----- - - \$46,150

Budget Act of 1956 Proposal

Project consists of installation of a top-charged, oil fired, 2,000 lb. per hour incinerator, stack, oil storage tank, loading platform, shelter, site grading, and road and paving work. Necessary services, mechanical and electrical work are included.

Remodel ward 8 ----- - - 205,050

Equipment for remodeled ward 8 ----- - - 12,225

Budget Act of 1956 Proposal

For remodeling of existing ward building to eliminate structural hazards and to place ward in safe and serviceable condition. Renovation will include new plumbing and fixtures, repair to woodwork and plaster, relocation of existing partitions, electrical and mechanical installations and general landscaping and roadwork as required.

Install water storage reservoirs ----- - - 198,200

Budget Act of 1956 Proposal

Project will convert existing dual domestic water systems into one potable domestic system. Conversion will be accomplished by the installation of water storage reservoirs, additional water mains, well pumping facilities, chemical treatment facilities, replacement of power lines and transformers, and all related work, including the removal of the existing elevated water tower.

ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *

Source of funds

1954-55 1955-56

Alterations to receiving and treatment building ----- - \$11,000 -

Budget Act of 1955, Item 400 ----- \$11,000

Preliminary Plans for:

Auto repair shop and pool ----- - 1,000 -

Incinerator ----- - 650 -

Remodel ward 8 ----- - 2,650 -

Water reservoir ----- - 1,100 -

Remodel ward 10 ----- - 1,300 -

Budget Act of 1955, Item 398 ----- 6,700

Preparation of revised master plans ----- \$1,500 - -

Budget Act of 1953, Item 392 ----- \$1,500

Preliminary Plans for:

Remodel ward 12 ----- 1,000 - -

Enlarge and equip laundry ----- 1,000 - -

Budget Act of 1953, Item 392 ----- 2,000

Remodel present maximum security ward to house ambulant male patients ----- - 195,400 -

Budget Act of 1955, Item 357a ----- 165,400

Budget Act of 1955, Item 399 ----- 30,000

Equipment for remodeling of present maximum security ward ----- - 37,560 -

Budget Act of 1955, Item 357b ----- 37,560

Addition to laundry ----- - 412,000 -

Budget Act of 1955, Item 357c ----- 385,300

Budget Act of 1955, Item 399 ----- 26,700

* From Capital Outlay and Savings Fund unless otherwise indicated.

5	Metropolitan State Hospital			
6	This hospital for the mentally ill shows a rated bed capacity of 1,838 on June 30, 1955. The completion of the receiving and treat-			
7	ment building during the 1956-57 Fiscal Year will provide for 504 additional beds and the completion of a ward building during			
8	the 1958-59 Fiscal Year will provide for another 1,600 new beds. The financing of a new ward building containing a minimum			
9	of 300 beds is proposed in the budget year together with other major projects. The new ward buildings will bring the capacity			
10	to 4,242 by June 30, 1959. The other projects are: construction of additional boiler plant facilities, development of the water			
11	system, and additional laundry and kitchen equipment for funded buildings. These projects are necessary to provide services for			
12	the increased bed capacity. Minor construction projects totaling \$63,000 are included in order to correct deficiencies and improve			
13	the hospital's physical plant.

3	Napa State Hospital			
4	This hospital for the mentally ill shows a rated bed capacity of 4,716 on June 30, 1955. The completion of the new tuberculosis			
5	ward during the 1956-57 Fiscal Year will provide for 486 additional beds. While no further bed capacity is submitted in the			
6	budget year, two other major projects are proposed. These projects are: installation of a large capacity incinerator and additional			
7	laundry equipment for the recently completed laundry. The projects are necessary to provide services for the increased bed			
8	capacity. Minor construction projects totaling \$59,910 are included in order to correct deficiencies and improve the hospital's			
9	physical plant.

DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
1				
2				
3				
4	Patton State Hospital			
5	This hospital for the mentally ill shows a rated bed capacity of 3,755 on June 30, 1955. The completion of a new ward building during			
6	the 1955-56 Fiscal Year will provide for 156 additional beds and the completion of two other new ward buildings during the			
7	1958-59 Fiscal Year will provide for another 1,136 new beds. While no further bed capacity is submitted in the budget year,			
8	several other major projects are proposed. These projects are: additional utility services, alter and extend present laundry			
9	building, enlarge sewage plant, modify domestic water system, construct addition to boiler plant, construct and equip maintenance			
10	shops, and additional equipment for funded buildings. The projects are required to provide for the increased bed capacity.			
11	Minor construction projects totaling \$118,600 are included in order to correct deficiencies and improve the hospital's physical			
12	plant.			
13				
14	MAJOR CONSTRUCTION, IMPROVEMENTS,			
15	AND EQUIPMENT			
16				
17	PROPOSED 1956-57 EXPENDITURES *			
18				
19	Construct maintenance shops-----	-	-	\$201,500
20	Equipment for maintenance shops-----	-	-	10,000
21	<i>Budget Act of 1956 Proposal</i>			
22	Project consists of a one-story building containing carpenter, paint,			
23	lock repair, and mason shops; office, toilets, and locker room.			
24	A sawdust collection system, paved storage area, and necessary			
25	equipment are included.			
26				
27	Additional utility services-----	-	-	431,950
28	<i>Budget Act of 1956 Proposal</i>			
29	Additions and alterations to existing utility facilities including			
30	steam, gas, and sanitary sewer services, primary electrical dis-			
31	tribution system, street lighting and storm drains. These al-			
32	terations will provide the required additional services for			
33	increased capacity at the hospital.			
34				
35	Alter and extend present laundry building-----	-	-	654,000
36	<i>Budget Act of 1956 Proposal</i>			
37	Project consists of certain alterations and additions to existing			
38	laundry, demolition of existing garage, grading, walks, paving			
39	and mechanical and electrical work. Rearrangement of exist-			
40	ing equipment and the purchase and installation of new			
41	laundry equipment is included.			
42				
43	Enlarge sewage plant-----	-	-	202,900
44	<i>Budget Act of 1956 Proposal</i>			
45	Provides for effluent storage ponds, sludge digester, clarifier, re-			
46	arrangement of existing piping and additional piping, other			
47	necessary mechanical and electrical work, and additional			
48	equipment.			
49				
50	Construct addition to boiler plant-----	-	-	223,300
51	<i>Budget Act of 1956 Proposal</i>			
52	Project includes one new boiler and necessary auxiliary equipment;			
53	replacement of certain equipment, piping, and electrical wir-			
54	ing; chemical feeding, testing and treatment equipment;			
55	foundations, stack, and alterations to existing building.			
56				
57	Modify domestic water system-----	-	-	281,800
58	<i>Budget Act of 1956 Proposal</i>			
59	For modifications of existing domestic water pumping, storage,			
60	and distribution system; new pumps, water storage tank,			
61	million-gallon reservoir, metal pump house and attendant,			
62	mechanical and electrical work.			
63				
64	Equipment for remodeling of old receiving and treatment building			
65	<i>Budget Act of 1956 Proposal</i>	-	-	10,000
66	Provides equipment necessary to adapt old receiving and treatment			
67	building to use as office space, classrooms, patients' library,			
68	and rehabilitation therapy activities.			
69				
70	Equipment for alterations and addition to kitchen-----	-	-	45,000
71	<i>Budget Act of 1956 Proposal</i>			
72	Project provides equipment for alterations and additions to kitchen			
73	building. Expansion is to provide services for increased popu-			
74	lation at the hospital.			
75				
76	ESTIMATED 1954-55 AND 1955-56 EXPENDITURES *			
77				
78	<i>Source of funds</i>			
79	<i>1954-55 1955-56</i>			
80				
81	Construct two ward buildings-----	-	\$4,169,000	-
82	Alteration and addition to kitchen build-			
83	ing-----	-	737,100	-
84	Construct gas line and remodel boiler			
85	plant-----	-	68,530	
86	* From Capital Outlay and Savings Fund unless otherwise indicated.

Patton State Hospital—Continued

MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,
AND EQUIPMENT

Relocation of Highland Avenue fence.....	-	-	\$6,500
Install exhaust fans for ward cooling—final increment.....	-	-	7,000
Install acoustical ceilings.....	-	-	3,500
Replace steam, condensate and water lines.....	-	-	23,800
Construct screened porches on two ward buildings.....	-	-	17,000
Construct sidewalks and curbing.....	-	-	6,000
Development of parking areas.....	-	-	9,000
Alter and improve cooling systems in employee residences.....	-	-	4,200
Construct visitors' toilet facilities.....	-	-	7,500
Install hydrotherapy tubs for tuberculosis hospital.....	-	-	4,000
Construct property warehouse.....	-	-	9,600
Dairy farm improvements.....	-	-	5,000
Install cooling towers, auditorium and boiler room.....	-	-	4,000
Rewiring and lighting improvements in sewing room.....	-	-	7,000
Rehabilitate old dairy barn for machine shed and storage.....	-	-	4,500
Pump and pipeline from Pacific Avenue reservoir to dairy reservoir; improve water distribution at dairy, and repair well.....	-	\$12,500	-
Street lighting program (partial).....	-	10,700	-
Urgent ward alterations, repairs and improvements.....	-	60,000	-
Repairs to roads, walks, and curbing.....	-	23,000	-
Minor alterations and improvements to wards and cottages.....	-	5,000	-
Minor alterations and improvements to other than wards and cottages.....	-	3,000	-
Boiler improvements.....	-	3,600	-
Exhaust fans for ward cooling.....	-	6,000	-
Storm ditch repairs.....	-	13,150	-
Tree surgery and trimming.....	-	2,000	-
Acoustical ceilings.....	-	3,500	-
Development of parking areas.....	-	4,800	-
Replacement of ward locks (second increment).....	-	5,000	-
Boiler, dairy.....	-	7,500	-
Replace two dumbwaiters.....	-	6,400	-
Mattress drying racks.....	-	3,000	-
Picnic and recreational areas.....	-	2,500	-
Detention screen replacement.....	-	5,000	-
Call systems on units T, F, G, 11 and 17.....	-	2,000	-
Remodel unit 11 (to correspond with work done in unit T).....	-	20,000	-
Remodel unit kitchens and entrances (for heated food cart delivery).....	-	8,000	-
Hay shed.....	-	7,500	-
Vegetable washing, storage, and vegetable gardener's office.....	-	4,500	-
Replacing plaster, closing scuttle holes and ceiling vents to prevent a flue action in the event of fire.....	\$5,000	-	-
Installing safety relief valves on heating system, replace radiator air vents, exhaust fans in toilets, and replace plumbing fix- tures.....	5,466	34	-
Replace slaughterhouse and equipment to bring this facility up to standard of efficiency and sanitation.....	-	7,400	-
Replace hardware, screens, guards, window shades, and alterations for changing ward conditions.....	7,443	57	-
Provide better ventilating system, window guards, grounding of surgery floor, properly screened porches, and drinking foun- tains on wards where there are none for new tuberculosis hospital.....	21,000	-	-
Complete remodeling of unit 17—second floor which cannot be used for housing patients until work is done.....	7,000	-	-
Replace old, inadequate ward locks that have been in service for over 25 years.....	9,478	352	-
Addition to fire alarm system so that entire hospital area can hear alarm.....	2,025	464	-
Surface patients' exercise yards for better utilization of space.....	2,761	250	-
Replace rusted-out irrigation flume with one made of concrete.....	2,078	1,422	-
Public toilets for sanitary purposes as there are no such facilities now.....	9,000	-	-
Screen porches in wards where day room space is very limited.....	-	15,400	-
Repair and remodel old horse barn for storing machinery and vegetables.....	2,239	11	-

5	Stockton State Hospital			
6	This hospital for the mentally ill shows a rated bed capacity of 4,423 on June 30, 1955. The completion of the new ward building (female) and the remodeling of ward 12 during the 1955-56 Fiscal Year will provide for a net 28 additional beds. The deactivation of two old ward buildings during the 1955-56 Fiscal Year will decrease the bed capacity by 204 leaving a net total bed capacity of 4,247 by June 30, 1956. No further bed capacity is submitted and no other expansion is proposed in the budget year.			
7	Minor construction projects totaling \$84,350 are included in order to correct deficiencies and improve the hospital's physical plant.

DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1954-55	ESTIMATED 1955-56	PROPOSED 1956-57
1	Fairview State Hospital			
2				
3				
4	This new hospital for the mentally deficient will have four ward buildings and the hospital and administration building completed			
5	during the 1957-58 Fiscal Year which will provide for 990 beds. The hospital will be opened in July, 1957, and start receiving			
6	patients in September, 1957. The financing of eight wards with a bed capacity of 560 and two security wards with a bed capacity			
7	of 130 is proposed in the budget year together with other major projects. The other major projects all necessary to establish a			
8	new hospital are: site development projects, construct garage and maintenance shops and equipment, construction of school			
9	facilities, construction of six staff residences and equipment, construction of firehouse and quarters, construction of incinerator,			
10	and construction of covered passages to link buildings and carry steam and other services.			
11				
12	MAJOR CONSTRUCTION, IMPROVEMENTS,			
13	AND EQUIPMENT			
14				
15	PROPOSED 1956-57 EXPENDITURES *			
16				
17	Construct two ward buildings, 560 beds-----	-	-	\$2,334,300
18	<i>Budget Act of 1956 Proposal</i>			
19	Project consists of two buildings providing 560 beds. Each two-story			
20	building contains four 70-bed wards with dining rooms, day			
21	rooms, serving kitchen, offices, auxiliary and storage rooms.			
22	Finished grading, playgrounds with toilets, paving and shelters,			
23	and necessary mechanical and electrical work are included. Site			
24	development, roads, walks, parking areas, and services are not			
25	provided.			
26				
27	Construct two security wards, 130 beds-----	-	-	826,050
28	<i>Budget Act of 1956 Proposal</i>			
29	Project consists of two one-story ward buildings each containing			
30	65 beds, day room, dining room, serving kitchen, occupational			
31	therapy facilities, and required service and auxiliary rooms.			
32	Necessary mechanical and electrical work, rough grading, paving,			
33	drainage, and fencing of the recreation yards are included.			
34	Site development, landscaping services, roads, walks, parking			
35	areas and services are not provided.			
36				
37	Site development-----	-	-	501,500
38	<i>Budget Act of 1956 Proposal</i>			
39	Includes services of water, gas, sewer, steam and electrical facilities ;			
40	and grading, roads, walks, paving curbs and gutters for funded			
41	as well as proposed building projects.			
42				
43	Construct garage and maintenance shops-----	-	-	102,100
44	Equipment for garage and maintenance shops (additional)-----	-	-	93,000
45	<i>Budget Act of 1956 Proposal</i>			
46	Project consists of an addition to the existing shop building, a			
47	covered garage, electrical shop, metal shop, warehouse, and paint			
48	storage. Necessary site, mechanical and electrical work, fencing,			
49	and asphalt paving are included.			
50				
51	Construct school, phase I-----	-	-	484,540
52	<i>Budget Act of 1956 Proposal</i>			
53	Project consists of a one-story school building containing a multi-			
54	purpose room, eight classrooms, six shops, offices, toilets and			
55	storage areas. Necessary mechanical and electrical work is			
56	included. Site work, landscaping, and services are not included			
57	in this project.			
58				
59	Construct six staff residences-----	-	-	112,450
60	Equipment for six staff residences-----	-	-	15,000
61	<i>Budget Act of 1956 Proposal</i>			
62	Project consists of six one-story residences, two containing two			
63	bedrooms, three containing three bedrooms and one containing			
64	four bedrooms. Necessary mechanical and electrical work is			
65	included. Landscaping, utility services and site development,			
66	other than drainage grading, are not included.			
67				
68	Construct firehouse and quarters-----	-	-	36,000
69	<i>Budget Act of 1956 Proposal</i>			
70	Building will consist of an apparatus room, dormitory, bath, work			
71	room, and office. Receptacle, telephone, and fire alarm outlets,			
72	and hose drying cabinet will be provided. Site development will			
73	be general grading, asphalt and concrete paving. No land-			
74	scaping will be provided in this project.			
75				
76	Construct incinerator-----	-	-	43,100
77	<i>Budget Act of 1956 Proposal</i>			
78	Project consists of a brick-walled, top-charged incinerator, with			
79	two gas-fired combustion chambers, settling chamber, collecting			
80	hopper, a partial lined steel stack, concrete unloading platform,			
81	metal frame wind shelter, and certain mechanical and electrical			
82	work. No services except site work, road and ramp are pro-			
83	vided.			

* From Capital Outlay and Savings Fund unless otherwise indicated.

3	Pacific State Hospital			
4	This hospital for the mentally deficient shows a rated bed capacity of 2,409 on June 30, 1955. The completion of three new ward			
5	buildings and the new hospital annex during the 1956-57 Fiscal Year will provide for 552 additional beds and 79 replacement			
6	beds. While no further bed capacity is submitted in the budget year, several other major projects are proposed. These projects			
7	are: alterations to old school building and equipment to provide therapy shops and offices, construction of a new laundry to			
8	replace the old undersized unit, modernization of two wards and equipment, additional utility services required to meet expansion			
9	of hospital, and additional equipment for the hospital annex. Minor construction projects totaling \$68,950 are included in			
10	order to correct deficiencies and improve the hospital's physical plant.

Sonoma State Hospital

This hospital for the mentally deficient shows a rated bed capacity of 2,837 on June 30, 1955. The completion of alterations to the hospital building during the 1955-56 Fiscal Year will decrease the bed capacity by 10, and the completion of the receiving hospital during the 1956-57 Fiscal Year will provide for 99 additional beds. The completion of the funded six new ward buildings during the 1957-58 Fiscal Year will provide for 700 additional beds. While no further bed capacity is submitted in the budget year, two other major projects are proposed. The projects are: construction of a new administration building to replace an old unsafe building and to provide needed office space, and the conversion of the present dual water system to an improved single water system for adequate health and fire protection. Minor construction projects totaling \$102,300 are included in order to correct deficiencies and improve the hospital's physical plant.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

PROPOSED 1956-57 EXPENDITURES *

Construct administration building----- - - - - \$702,100

Budget Act of 1956 Proposal

Project consists of construction of a two-story office-type building, site work, services, parking site, necessary mechanical and electrical work, razing of existing administration building, and removing certain sidewalks and retaining walls.

Improve domestic water system----- - - - - 239,250

Budget Act of 1956 Proposal

Project consists of replacing the existing dual water system with a single water system to increase water pressure and provide a sufficient reserve water supply. Improvements include installation of two steel reservoirs, a concrete reservoir, pumping stations, chlorinator, all necessary electrical and mechanical work, reconditioning of certain existing equipment, extension of existing water treatment plant, and a prefabricated metal pump house.
